<tbody>
<tr>
<td>A campaign was launched to raise awareness and encourage multi-layered dialogue about the issues.</td>
<td>Launch of the Universal schools safety programme and 5 key messages. How children keep safe considering issues of knife crime, drugs, bullying, online dangers, and healthy relationships.</td>
<td>How children keep safe considering issues of knife crime, drugs, bullying, online dangers, and healthy relationships. Launched in the YOS and in the community. Lewisham YOS recognised by DFE as ‘a trauma informed service’ meaning it is a relationship and trauma based model delivered as a direct intervention and as a workforce development program. Parent discussion to develop a trusted adults model.</td>
<td>Significant partnership operations taking many individuals off the streets who were grooming and trafficking children for drug dealing.</td>

Hate Crime is the overarching category that totals all hate crime offences it includes:
- Race and Religious Hate Crime
- Homophobic Hate Crime
- Disability Hate Crime
How do we become a less violent society?

How do we shape a safer place and space?

How do we understand and ensure negative bias is reflected upon and protected against?

BIG QUESTIONS TO MAKE A DIFFERENCE

The delivery model – communication, benefits, solutions focused, implementation, dynamic learning
How do we become a less violent society?

Monitor all aspects of new approach, take up, incidences, detection, reports, seek feedback from those delivering and the recipients.
Evaluation (inc Data Analysis)
Feedback on recipient’s satisfaction
Respond on lessons learned to inform improvement plan/approach

Dynamic Delivery
Multi-disciplinary approach to delivery

Continue the Campaign - Stop the violence now
Community dialogue
Ensure everyone understands the issues and what support is available

Building on the trusted adult model
Universal schools programme
Strength-based approach using positive language

Reduce exposure and actual overall violence
Increased safety
Reduced victims of youth violence and all strands of VAWG
Improved cohesion and resilience
De-stressing of the Environment

Maintain solutions that are working such as Trauma informed / Family focused / restorative approaches
Co-design risk approaches
Work alongside communities to develop local approaches
Wide scale skills training
How do we shape a safer place and space?

**Monitor** all aspects of new approach, take up, incidences, detection, reports, seek feedback from those delivering and the recipients.

**Evaluation** (inc Data Analysis)
**Feedback** on recipient’s satisfaction

**Respond** on lessons learned to inform improvement plan/approach

---

**Communicate the issues**
- What are the risks within the geography of a place?
- What are the contextual risks within peer groups?
- Setting out how we will work with community to create Safety mapping

**Change a place to support safety**
- Clarity of those who are exposed to risk
- Aim to improve outcomes for victims
- Engagement and participation from those previously impacted
- Contextual safeguarding
- Creating Safe spaces to reduce fear of crime
- Increased Community Cohesion

---

**Dynamic Delivery**
**Multi-disciplinary approach to delivery**

**Work with schools and youth groups to create safety mapping**
**Expand on the work of the Safer Lewisham Business Partnership**
**Work alongside communities, Housing Associations to understand contextual safeguarding**
**Co-design safe space approaches**
How do we understand and ensure negative bias is reflected upon and protected against?

Monitor all aspect of the approach.
Seek feedback from those delivering and the recipients.
Evaluation (inc Data Analysis)
Feedback on recipient’s satisfaction
Respond on lessons learned to inform improvement plan/approach

Communicate awareness of issues and what changes are needed.
What do we know about the data?
What are you going to change?
Why change is needed
Risk of not changing
Community dialogue
Opportunities for access to support services

Reducing over-representation in the Criminal Justice System.
Creating better opportunities for disadvantaged communities
Improving trust and confidence in statutory Services
Engagement and participation from those impacted
Increased Community Cohesion

Dynamic Delivery
Multi-disciplinary approach to delivery

Include unconscious bias training in the Lewisham Universal schools Safety Programme
Support the embedding and growth of the trauma informed staff model across agencies
Explore the connection between trauma-informed practice and unconscious bias within criminal justice agencies
Develop a blind testing toolkit on decision making on cases across agencies
Work with community representatives to develop a sense of pride and belonging in the borough for Lewisham Young People
A Safe Lewisham
