There was then a debate to which the Councillors Harris, Johnson, Feakes, Curran, Allison, Bonavia and Maines contributed. There was a reply by Councillor Hall and the motion was then put to the vote and declared to be unanimously carried.

RESOLVED that the following motion be agreed:

"Council applauds the decision of the Judges in throwing out Jeremy Hunt's appeal in relation to the downgrading of services at Lewisham Hospital. This clearly vindicates the Council in challenging this decision and the communities who joined our fight to save this much loved Hospital through the "Save Lewisham Hospital" campaign.

Council notes that the Government put forward an amendment to the Care Bill designed to make it easier for the Government and Trust Special

Administrators to close or make changes to the services provided at other hospitals, no matter how good they are or what support they have in the local community.

Furthermore, Council is disappointed that an attempt, in the Lords, to stop this amendment was defeated. The proposed amendment to the legislation, prior to the outcome of the Appeal, suggests that the grounds of appeal were shaky, which raises questions about the use of public money to fight this appeal.

Our victory over Lewisham Hospital is a testament to the great community spirit and sheer hard work and dedication of all those Lewisham residents and health workers who were prepared to join us in challenging the Government and Council pays tribute to them."

175. Motion 6 Proposed by Councillor Egan and Seconded by Councillor Curran

The motion was moved by Councillor Egan, who was given permission by the Chair to play an LGA video at the conclusion of his speech, and seconded by Councillor Curran.

There was then a debate to which the Councillors Maines, Bell, Mallory, Feakes, Ingleby and Harris contributed. There was a reply by Councillor Egan and the motion was then put to the vote and declared to be carried unanimously.

RESOLVED that the following motion be agreed:

"Council notes:

- •That England is now widely recognised to be the country with the most centralised system of government in Europe;
- •That devolution has brought decisions about tax and spending, and the quality of public services, closer to voters in Scotland and Wales, while English voters have not gained comparably greater influence over decision-making that affects their taxes and services; and

Council considers:

- •That the likely scale of change in how public services are funded and provided makes it democratically unsustainable for those changes to be decided within the existing over-centralised model;
- •That services need to be reformed and integrated across local agencies to enable them to prevent problems rather than picking up the pieces;
- •That voters should be given back a meaningful say on a wider range of tax and spending decisions, through place-based budgetary arrangements and the reinstatement of fair financial distribution agreed among English councils, the re-creation of a municipal bond market, and the certainty of multi-year

funding settlements for the life of a Parliament;

- •That central government should enable that local decision-making by joining up and reducing in size Whitehall departments in order to facilitate local place-based budgets, by reducing Ministers' powers to intervene in local decisions, and replacing bureaucratic tick-box inspection regimes with local service users champions; and
- •That such a new more mature settlement between central and local government should be put beyond future revision by giving formal constitutional protection to local democracy; and

Resolves:

- •To support the Local Government Association's Rewiring Public Services campaign, which embodies these objectives;
- •To ask the borough's Members of Parliament to support the Rewiring Public Services campaign to improve local voters' influence over services, tax and spending; and
- •To make the council's position clear to the Secretary of State."

176. Motion 7 Proposed by Councillor Britton and Seconded by Councillor Bell

The motion was moved by Councillor Britton and seconded by Councillor Bell.

Following a contribution from Councillor Feakes the motion was put to the vote and declared to be carried unanimously.

RESOLVED that the following motion be agreed:

"This Council notes the illegal practice of blacklisting of employees within the construction industry which has been highlighted by UNITE, UCATT & GMB, the trade unions in that industry, a campaign which has resulted in claims for compensation from those kept out of work as a result of this activity.

This Council further notes that this only came to light when the Information Commissioner's Office (ICO) seized a Consulting Association database used by 44 companies to vet new recruits and that as a result the ICO confirmed that 224 construction workers around the UK had been victims of blacklisting.

This Council believes this incident shows the importance of regulation and scrutiny of business activity and notes that Government cuts including the dismantling and weakening of some public oversight bodies will limit our ability to control bad business practice.

This Council deplores this illegal practice within the construction industry and urges all companies who have been involved in it to take all necessary action to compensate victims affected and to comply with the regulations which have been introduced to prevent any recurrence of this abhorrent practice."

177. Motion 8 Proposed by Councillor Daby and Seconded by Councillor Morrison

The motion was moved by Councillor Daby and seconded by Councillor Morrison. Following a contribution from Councillor Maines, Councillor Smith then successfully proposed and Councillor Jeffrey seconded a motion without notice that the question be now put. The motion was then put to the vote and declared to be clearly carried.

RESOLVED that the following motion be agreed:

"Council notes that the Coalition Government plans to privatise the majority of probation services including handing community supervision of 200,000 serious and violent offenders to private companies, such as, G4S and SERCO.

Council notes that a growing number of experts, probation staff and management have raised serious concerns about these proposals, as probation services have good performances in public protection, reducing reoffending and are a valued partner in community safety by their management of offenders.

Council further notes that when the Council's Safer and Stronger Communities Select Committee considered this at their meeting in July they were also opposed to the privatisation of these services as they were not based on any sound evidence, scrutiny or piloting. The Safer Lewisham Partnership also raised the same concerns at its meeting in September."
