<p>Regeneration and Asset Management Division – Structural Re-organisation (Lewisham Future Programme – 2015/16) □</p>	<p>Director of Regeneration and Asset Management</p>	<p>This report was not available for the original dispatch because the timing for this report clashed with the staff consultation period for the proposed re-structure. The report is urgent and cannot wait until the next meeting because delaying it will mean the proposed structure, if accepted, cannot be implemented on time to allow the necessary savings to be made and would also impact on the delivery of the work programme of the division. Where a report is received less than 5 clear days before the date of the meeting at which the matter is being considered, then under the Local Government Act 1972 Section 100 (b) (4), the Chair of the Committee can take the matter as a matter of urgency if he is satisfied that there are special circumstances requiring it to be treated as a matter of urgency. These special circumstances have to be specified in the minutes of the meeting.</p>
