Partner Profile Assessment

Criteria	Score	Comments
Local Intelligence	Weak	The local intelligence is general and doesn't give statistical breakdown of the needs in the ward it works in. There is a lack of information regarding the needs of users and non-users in the area.
Transformation	Weak	The application doesn't show how it will transform services. It talks about monitoring as opposed to transformation.
Collaboration	Weak	In terms of partnership working, there is little evidence of working in the defined area or how those partnerships benefit the ward and the users.
Resources	Weak	There are no available reserves-this organisation would be reliant on the main grant
Shared Values	Satisfactory	There are currently no staff members, however they are committed to the London Living Wage
Quality and effectiveness	Weak	There is a basic understanding in this area. I didn't get a sense of a track record of delivering of delivery

Partner Profile Summary:

Overall the application is weak.

The organisation would be better applying for a smaller grant until it is more established.

Theme Assessment

Theme:	Communities that Care 2d Provision for Vulnerable Adults
Score: Satisfactory	
Comments: Limited information on the programme and how it would work other than a list of activities and some acknowledgment of the need to fundraise to cover some of the costs. Activities include Over 60's Friday Friendship Club, seated exercise, arts and crafts, occasional day trips, quizzes and other groups and events to reduce social isolation.	

Amount Applied For: £13,923
Recommended Funding: £0
Reasons for Recommendation: Limited information in both the partner profile and the outline of the activity. Other applications covering similar areas are much stronger.
