## **1 Purpose**

- 1.1 The purpose of this report is to provide Mayor and Cabinet with an opportunity to scrutinise Lewisham Homes Business and Delivery Plan for 2015-2019.

## **2 Recommendations**

- 2.1 It is recommended that the Mayor review and consider the Lewisham Homes Business and Delivery Plan 2015-2019 and consider whether he wishes to make any suggestions for improvement in or development of the Services set out in the Plan or changes to the same.

## **3 Policy context**

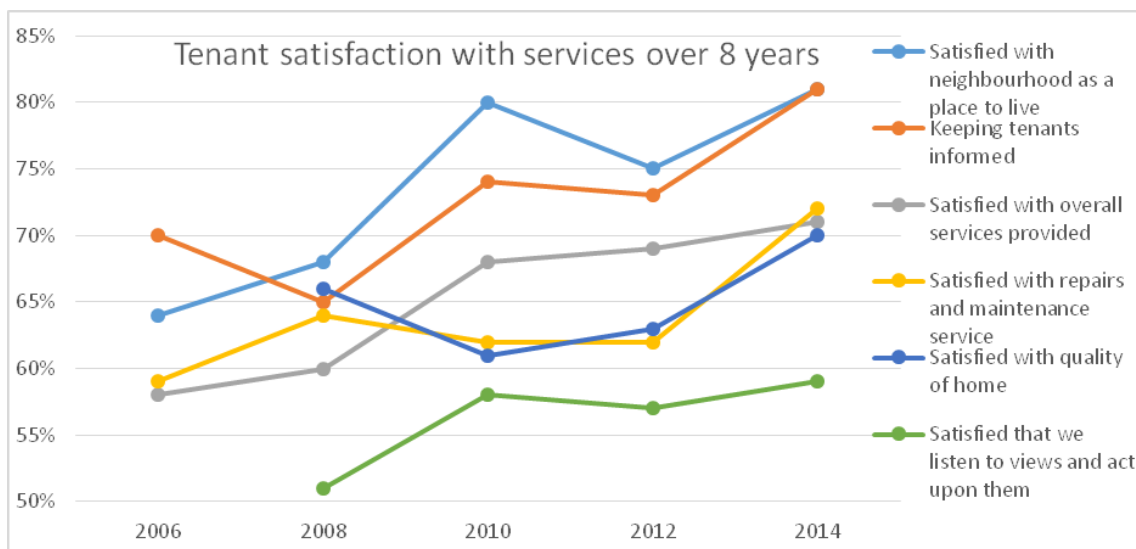

- 3.1 Lewisham Council's Decent Homes Strategy outlines Lewisham's mixed investment approach including Lewisham Homes, the ALMO. The Management Agreement between the Council and Lewisham Homes requires Council approval for the Business and Delivery Plan.
- 3.2 Lewisham Homes Business and Delivery Plan fully supports Lewisham's Sustainable Community Strategy 2008-2020, which sets out a framework for improving the quality of life and life chances for all who live in the borough. Lewisham Homes, through its Plan, is contributing to the 'Clean green and liveable' priority, which aims to increase the supply and quality of housing to accommodate the diverse needs of the population.
- 3.3 The Council has outlined ten corporate priorities, which enable the delivery of the Sustainable Community strategy. The Lewisham Homes Delivery Plan addresses the corporate priorities to provide decent homes for all, to invest in social housing and affordable housing in order to increase the overall supply of new housing and to reduce the number of households in temporary accommodation, tackle homelessness and address housing need and aspirations.
- 3.4 The Council now faces a significant challenges of homelessness arising from the increasing demand and lack of supply of housing. Lewisham Homes, as the Council's main housing partner, will be helping to meet these challenges by building homes, acquiring properties to help with homelessness challenge and investing in Lewisham's neighbourhoods. Background
- 3.5 The Business & Delivery Plan contains the organisation's key targets and activities and it forms the start of the performance cascade and performance reporting. It sets out how Lewisham Homes plans to deliver excellent services to all the homes it manages.
- 3.6 The Plan holds Lewisham Homes accountable for delivering specific improvements in the service and performing against set targets as part of the

Management Agreement. The Plan includes a task list and targets for key performance indicators which are reviewed by the Housing Select Committee on a regular basis.

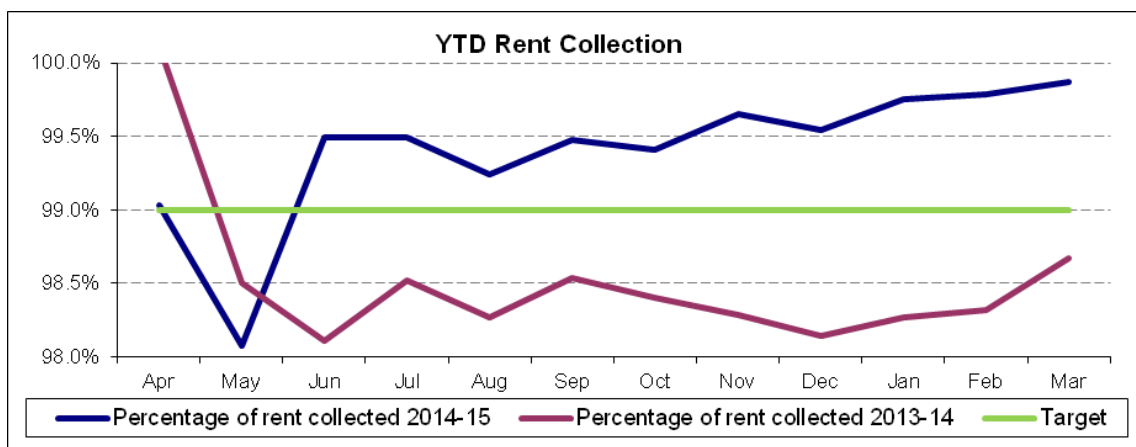

3.7 The performance of Lewisham Homes impacts on the Council's Housing Revenue Account and, therefore, the Council's ability to meet its housing priorities. The HRA self-financing regime has enabled the Council to develop a 30 year financial model, which informs the annual allocation made to Lewisham Homes. The plan reflects the Council's priorities and assumptions made in its financial plan.

## **5 Lewisham Homes Business & Delivery Plan 2015-19**

- 5.1 The Business & Delivery Plan and its appendices is attached to this report at Appendix 1.
- 5.2 Lewisham Homes now has four strategic objectives:
- 5.3 Excellent Services
- 5.3.1 Increasing resident satisfaction across the board is a key objective of the business plan. Progress has been good in improving tenant satisfaction but leasehold satisfaction has shown a decrease since the last survey and will be a key area of focus for this plan.
- 5.3.2 A core element of delivering higher resident satisfaction is a whole organisation customer services training programme attended by every member of staff from the Chief Executive and management team, back office staff and including our Repairs operatives and caretakers. Through this programme we aim to embed a sharp customer services ethos in Lewisham Homes that is understood and shared by all and delivered by every single member of staff.
- 5.3.3 To reinforce this approach we will be starting a “Big Conversation” with our residents. This will involve every single manager in Lewisham Homes carrying out telephone satisfaction surveys with our residents. From this we will capture satisfaction data but more importantly those areas where residents feel we do well and those areas where we need to improve. From this every single manager in Lewisham Homes will have first-hand experience of residents’ views and what we are doing well and what needs to improve.
- 5.3.4 Key targets - 85% tenant satisfaction and 60% leaseholder satisfaction by 2019.
- Invest in an improved contact centre

- Improve grounds maintenance
- Customer care training for all staff
- More responsive approach to tackling antisocial behaviour
- Engaging with leaseholders and improving services to leaseholders
- Provide more services on line.

#### 5.4 Thriving Neighbourhoods

5.4.1 Our homes and neighbourhoods are a key foundation for people's lives. Ensuring that we are able to provide a decent home in a thriving neighbourhood is a key objective of Lewisham Homes and one of the areas where we will be working very closely in partnership with Lewisham Council over the next 4 years.

5.4.2 We will aim to build stronger communities through reviewing the whole of our housing stock with the Council. This review will identify those areas where our stock is fit for purpose and would benefit from maintenance and investment programmes that enable it to continue to serve as good housing. The review will also identify those areas where properties are of lower quality and require substantial investment and where there may be alternative options to provide better housing whilst also increasing overall housing supply.

5.4.3 Over the life of this plan we will ensure that all our homes meet the Decent Homes standard, and that we move away from our current Decent Homes investment approach to an estate based approach that allows better resident engagement and local solutions.

5.4.4 Under this objective we also aim to maximise the potential for investment in our communities building on the 86 training and apprenticeship opportunities delivered with our Major Works contractors to date. We will ensure we maximise training and development opportunities for our Local communities both within our directly employed workforce and with our partners.

5.4.5 We will also be developing a new partnership with the Albany in Deptford that will provide a range of support to our residents including grant initiatives targeted at local areas which we will support with direct grant funding from Lewisham Homes.

5.4.6 Key targets - to build 500 homes and achieve 85% satisfaction with quality of home by 2018/19.

- Grow our repairs service to do more and use contractors less
- Improve the look, feel and quality of our neighbourhoods
- Build new homes
- Diversify resident engagement and work with partners
- Internal refurbishment works
- Set out 30 year plan for investment
- Provide opportunities for people through training and employment programmes.

## 6 **Financial Implications**

6.1 The purpose of this report is to provide Mayor and Cabinet with an opportunity to scrutinise Lewisham Homes Business and Delivery Plan for 2015-2019 and consider any changes to the Plan . As such, there are no financial implications in agreeing the recommendation set out in 2.1

## 7 **Legal implications**

- 7.1 Under the terms of the Management Agreement between the Council and Lewisham Homes, the Organisation has to submit a draft annual Delivery and Business Plan to the Council for consideration. The Council can make suggestions for possible improvements to the Plan and issue any instructions for changes to the Plan. This is an Executive function and can be discharged by the Mayor.
- 7.2 It should be noted that the current Delivery Plan relates to a four year period and the targets contained therein extend beyond the term of the Management Agreement which expires in June 2017. However, the Mayor has already agreed to negotiations with Lewisham Homes commencing to extend the Management Agreement and has agreed to Lewisham Homes delivering the new build programme set out in the Plan and referred to in this Report. This programme continues up to 2019. This is sensible given the time necessary to deliver such a programme. However, it does not bind the Council to extend the Management Agreement as the delivery of the Services including the new build programme could be delivered by Lewisham Homes, in house or through another vehicle.
- 7.3 The provisions of the 2010 Equality Act will be relevant to the implementation of the Lewisham Homes Business and Delivery Plan 2015- 19.
- 7.4 The 2010 Equality Act, includes a public sector equality duty covering the nine protected characteristics: age, disability, gender reassignment, marriage and civil partnership, pregnancy and maternity, race, religion or belief, sex and sexual orientation.
- 7.5 In summary, the Council must, in the exercise of its functions, have due regard to the need to:
- eliminate unlawful discrimination, harassment and victimisation and other conduct prohibited by the Act;
  - advance equality of opportunity between people who share a protected characteristic and those who do not;
  - foster good relations between people who share a protected characteristic and those who do not.
- 7.6 The “have regard duty”, and the weight to be attached to it is a matter for the Mayor, bearing in mind the issues of relevance and proportionality. It is not an absolute requirement to eliminate unlawful discrimination, advance equality of opportunity or foster good relations.
- 7.7 The Equality and Human Rights Commission issued Technical Guidance on the Public Sector Equality Duty England in 2013. <http://www.equalityhumanrights.com/publication/technical-guidance-publicsector-equality-duty-england>
- 7.8 This guidance included determinations from the Court of Appeal that the general equality duty not only applies to general formulation of policy but also applies to: decisions made in applying policy in individual cases; and, the carrying out of any function of a public authority. This means that the general equality duty will apply to decisions made by the employees or agents of bodies subject to the duty in their day to day activities.
