

Children and Young People Select Committee		
Title	Select Committee work programme 2016-17	
Contributor	Scrutiny Manager	Item 5
Class	Part 1 (open)	13 April 2016

1. Purpose

To ask Members to discuss and agree an annual work programme for the Children and Young People Select Committee.

2. Summary

This report:

1. Informs Members of the meeting dates for this municipal year.
2. Provides the context for setting the Committee's work programme.
3. Invites Members to decide on the Committee's priorities for the 2016-17 municipal year.
4. Informs Members of the process for Business Panel approval of the work programme.
5. Outlines how the work programme can be monitored, managed and developed.

3. Recommendations

The Select Committee is asked to:

- Note the meeting dates and terms of reference for the Children and Young People Select Committee.
- Consider the provisional work programme at appendix B.
- Consider adding further items to the work programme, taking into consideration the criteria for selecting topics; information about local assembly priorities; information about the Young Mayor's priorities; and items already added to the provisional work programme.
- Note the key decision plan, attached at appendix F, and consider any key decisions for further scrutiny.
- Agree a work programme for the municipal year 2016-17.
- Review how the work programme can be developed, managed and monitored over the coming year.

4. Meeting dates

- 4.1 The following Committee meeting dates for the next municipal year were agreed at the Council AGM on 30 March 2016:

- 13 April 2016
- 08 June 2016
- 13 July 2016
- 14 September 2016
- 12 October 2016
- 10 November 2016
- 11 January 2017
- 28 February 2017

5. Context

- 5.1 The Committee has a responsibility for carrying out the duties of the Overview and Scrutiny Committee as they relate to the social care of children and young people up to the age of 19 years of age. It can make comments and recommendations on the provision of education, training and learning by those with special educational needs up to the age of 25.
- 5.2 The Committee's terms of reference include examining issues relating to: child protection; early years provision; special needs provision; schools; youth service; young offending; leaving care services; and any other matters relating to children and young people. The Committee's terms of reference are set out in appendix A.
- 5.3 The Committee's terms of reference also include receiving and considering referrals from Healthwatch Lewisham as they relate solely to people less than 19 years of age. Otherwise, such referrals would be made to the Healthier Communities Select Committee.

6. Deciding on items for the work programme

- 6.1 When deciding on items to include in the work programme, the Committee should have regard to:
- items the Committee is required to consider by virtue of its terms of reference;
 - the criteria for selecting and prioritising topics;
 - the capacity for adding items;
 - the context for setting the work programme and advice from officers;
 - suggestions already put forward by Members.

7. Different types of scrutiny

7.1 It is important to agree how each work programme item will be scrutinised. Some items may only require an information report to be presented to the Committee and others will require performance monitoring data or analysis to be presented. Typically, the majority of items take the form of single meeting items, where Members:

- (a) agree what information and analysis they wish to receive in order to achieve their desired outcomes;
- (b) receive a report presenting that information and analysis;
- (c) ask questions of the presenting officer or guest;
- (d) agree, following discussion of the report, whether the Committee will make recommendations or receive further information or analysis before summarising its views.

7.2 For each item, the Committee should consider which type of scrutiny is required and whether the item is high, medium or low priority (using the prioritisation process). Allocating priority to work programme items will enable the Committee to decide which low and medium priority items it should remove from its work programme, when it decides to add high priority issues in the course of the year.

In-depth reviews

7.3 Some items might be suitable for an in-depth review, where the item is scrutinised over a series of meetings. Normally this takes four meetings to complete:

- Meeting 1: Scoping paper (planning the review)
- Meetings 2 & 3: Evidence sessions
- Meeting 4: Agreeing a report and recommendations

7.4 If the Committee wants to designate one of its work programme items as an in-depth review, this should be done early in the municipal year to allow sufficient time to carry out the review.

8. Provisional 2016-17 work programme

8.1 The Scrutiny Manager has drafted a provisional work programme for the Committee to consider, which is attached at appendix B. This includes:

- suggestions from the Committee in the previous year;
- suggestions from officers;
- issues arising as a result of previous scrutiny;
- issues that the Committee is required to consider by virtue of its terms of reference;
- items requiring follow up from Committee reviews and recommendations;
- standard reviews of policy implementation or performance, which is based on a regular schedule;

8.2 The Committee should also give consideration to:

- issues of importance to Local Assemblies
- issues of importance to the Young Mayor and his advisors.
- decisions due to be made by Mayor and Cabinet (appendix F).

Suggestions from the Committee

8.3 At its last meeting of the 2015-16 municipal year, the Committee agreed that the following suggestions would be put forward for consideration as part of the work programme for this year:

- Regular updates on the progress on the Ofsted action plan
- A report on arrangements for delivery of services through Children's Centres. This is scheduled to be included in the report entitled "Early Help Strategy".
- The implementation of the schools improvement strategy
- Updates on the employee led mutual for the youth service

8.4 The Committee also identified that it was important to have consistent robust performance data included in the reports to Committee. Additional performance data on schools (such as attendance and exclusion statistics) should also be included in the relevant reports.

8.5 These suggestions have been incorporated into the draft work programme at appendix B.

Suggestions from officers

8.6 The following are additional suggestions from officers for the 2016-17 work programme:

- An update on the Special Educational Needs and Disability (SEND) Strategy;
- A report on Alternative Education Provision in Lewisham.

The Lewisham Future Programme and Lewisham 2020

8.7 The budget report to Council in February 2016 estimated that a further £45 million of savings was required for the period 2017-18 to 2019-20, outlined at approximately £15 million per year. This estimation will be updated in the Medium Term Financial Strategy in July 2016, along with the Mayor's request for work on a three-year budget. In order to achieve these savings, the Council continues to work on a series of thematic (Lewisham Future Programme) and crosscutting (Lewisham 2020) reviews to fundamentally revisit the way it delivers services.

8.8 It remains officers' intention to bring forward savings for scrutiny and decision, as and when they are identified. The annual cycle will mean the majority of savings for the following financial year will be presented for scrutiny and decision in the autumn and officers remain committed to regular interactions with Members in order to facilitate scrutiny of the specific savings proposals as they arise. The Select

Committees therefore need to retain capacity in their work programmes to consider these as necessary.

- 8.9 These suggestions have been incorporated into the draft work programme at appendix B.

Issues arising as a result of previous scrutiny

Ofsted

- 8.10 Lewisham's arrangements for children in need of help and protection; children looked after; care leavers and the effectiveness of Lewisham's Safeguarding Children Board were subject to Ofsted inspection in Autumn 2015. Ofsted issued their report and recommendations in January 2016.
- 8.11 Ofsted's overall judgement was that Lewisham's services 'require improvement'. In response, officers have drawn up an action plan to address areas of weakness and to set out plans for improvement. This was agreed by Mayor and Cabinet at the meeting on 23 March 2016. The Children and Young People Select Committee has resolved to receive regular updates on this plan and Members have made clear their intention to scrutinise the implementation of Ofsted's recommendations.
- 8.12 Ofsted inspectors highlighted '...flaws in social work systems and processes that compromise conditions for good social work practice'¹ - as well as processes in place to ensure that these systems were performing as intended. The Committee has recognised the urgent need for improvements in the quality of performance information and it intends to engage more closely in scrutinising the relevant data from children's services in order to enable greater focus and challenge on aspects of services that require improvement.
- 8.13 Children and Young People Select Committee has committed to maintaining its focus on challenging the executive and senior managers as well as the management of systems and processes that enable the conditions for good social work practice. At the Committee's last meeting, it recommended that, in combination with the actions set out in the Ofsted action plan, improvements to the IT systems and software for Children's Social Care be prioritised and that the timetable for implementation of improvements to key systems be outlined and guaranteed as soon as possible.

Schools improvement

- 8.15 Attainment and achievement in Lewisham's schools has been a long-standing focus for the Committee. Members have scrutinised regular reports on schools results, levels of attainment and initiatives for schools improvement. The development of a new framework for schools improvement in 2015, alongside the restructure of the Council's schools improvement team has renewed the focus on raising standards. The Committee has an opportunity to enhance this new approach by acting as a critical friend to the Directorate and holding it to account for the delivery of its plans.

- 8.16 Lewisham has also established an education commission, which is due to report early in the municipal year. An update on the work of the Commission will be presented at the April meeting of the Children and Young People Select Committee and a full report will be prepared for the June Committee meeting for pre-decision scrutiny prior to Mayor and Cabinet. The Education Commission has been set up to review education in Lewisham and make recommendations for action, particularly in terms of future organisation, both for schools and school-led improvement.
- 8.17 Government has set out plans for all schools in England to become academies, or have plans to do so, by 2022. At the meeting of Public Accounts Select Committee in March 2016, the idea of a review into the new proposals on academy conversion was put forward. This may be a matter of interest to the Children and Young People Select Committee for the subject of an in-depth review.

The future of the youth service

- 8.18 At its meeting in November 2015, the Committee considered a report of the future of Lewisham's youth service. It is proposed that the Service become an employee led mutual. The Committee raised concerns about the risks associated with the transition and with the potential new model of operation. The Committee sought assurances that there would be robust governance arrangements put in place for the new model and that any risks associated with the new structure would be regularly reviewed and managed.
- 8.19 Overview and Scrutiny Business Panel has resolved that the Children and Young People Select Committee should continue to receive updates on developments for the employee led mutual for the youth service. At its meeting in February 2016, Business Panel also suggested that the Children and Young People's Select Committee might want to consider proposals relating to the future of the Music Service as part of its 2016-17 work programme. An update on the delivery of the mutual is due to be considered at the meeting on 13 April.
- 8.20 These suggestions have been incorporated into the draft work programme at appendix B.

Issues that the Committee is required to consider by virtue of its terms of reference

- 8.21 Items added to the provisional work programme under this heading include:

- Lewisham Safeguarding Children's Board
- Safeguarding Update
- Corporate Parenting and Looked After Children Update
- Schools' Places Strategy

- 8.22 These suggestions have been incorporated into the draft work programme at appendix B.

Items requiring follow up from Committee reviews and recommendations

8.23 The Committee is currently undertaking a review into Independent Advice and Guidance in Schools. The final report is due to be presented to Committee at its meeting in June. The Committee continues to work with Young Advisors on carrying out this review and their input will be sought at the final report and recommendation stage.

8.24 At its meeting of 12 January 2016, the Committee recommended that following a previous in-depth review into young people's mental health; the Committee should carry out further work looking at incidences of self-harm amongst young people and the possible reasons for the increase.

Standard reviews of policy implementation or performance, which is based on a regular schedule

8.25 In previous years, Members of the Committee have agreed to consider the following items on a regular cycle:

- Regular reports on child sexual exploitation
- Secondary and primary school improvement monitoring
- Secondary and primary standards report

Decisions due to be made by Mayor and Cabinet

8.26 Members of the committee are asked to review the most recent notice of key decisions (at appendix F) and suggest any additional items for further scrutiny.

Consideration of issues of importance to Local Assemblies

8.27 A list of assembly priorities is included at appendix D. Members are asked to consider whether there are issues of importance arising from their interactions with their ward assembly that should be considered for further scrutiny.

- Thirteen of the ward assemblies have priorities relating to children and young people.
- These include youth provision, child poverty and youth engagement.

8.28 It is up to the Committee to agree the provisional work programme, outlined at appendix B and decide which additional items should be added.

Consideration of issues of importance to the Young Mayor and Advisors

8.29 During meetings with the Young Mayor and Advisors, the Young Mayor's Team has noted the following in relation to the Children and Young People Select Committee.

- The continued importance of the Young People's Steering Group in ensuring the concerns of young people are listened to and addressed.

8.30 The Children and Young People Select Committee will continue to liaise with the Young Mayor's Office and the Young Mayor and Young Advisors, to ensure they can share ideas through the Select Committees. The Young Advisors have been very

involved in the Committee's review on Information, Advice and Guidance in Schools and will continue to be involved in the final stages of this review.

9. Approving, monitoring and managing the work programme

- 9.1 In accordance with the Overview and Scrutiny Procedure rules outlined in the Council's constitution, each select committee is required to submit their annual work programme to the Overview and Scrutiny Business Panel. The Business Panel will meet on 27 April 2016 to consider provisional work programmes and agree a co-ordinated Overview and Scrutiny work programme, which avoids duplication of effort and which facilitates the effective conduct of business.
- 9.2 The work programme will be reviewed at each meeting of the Committee. This allows urgent items to be added and items which are no longer a priority to be removed. Each additional item added should first be considered against the criteria outlined above. If the committee agrees to add additional items because they are high priority, it must then consider which medium/low priority items should be removed in order to create sufficient capacity. The Committee has eight scheduled meetings this municipal year and its work programme needs to be achievable in terms of the amount of meeting time available.
- 9.3 At each meeting of the Committee, there will be an item on the work programme presented by the Scrutiny Manager. When discussing this item, the Committee will be asked to consider the items programmed for the next meeting. Members will be asked to outline what information and analysis they would like in the report for each item, based on the outcomes they would like to achieve, so that officers are clear on what they need to provide.

10. Financial implications

There may be financial implications arising from some of the items that will be included in the work programme (especially reviews) and these will need to be considered when preparing those items/scoping those reviews.

11. Legal implications

In accordance with the Council's Constitution, all scrutiny select committees must devise and submit a work programme to the Business Panel at the start of each municipal year.

12. Equalities implications

- 12.1 The Equality Act 2010 brought together all previous equality legislation in England, Scotland and Wales. The Act included a new public sector equality duty, replacing the separate duties relating to race, disability and gender equality. The duty came into force on 6 April 2011. It covers the following nine protected characteristics: age, disability, gender reassignment, marriage and civil partnership, pregnancy and maternity, race, religion or belief, sex and sexual orientation.
- 12.2 The Council must, in the exercise of its functions, have due regard to the need to:

- eliminate unlawful discrimination, harassment and victimisation and other conduct prohibited by the Act
- advance equality of opportunity between people who share a protected characteristic and those who do not
- foster good relations between people who share a protected characteristic and those who do not

12.3 There may be equalities implications arising from items on the work programme and all activities undertaken by the Committee will need to give due consideration to this.

13. Crime and disorder implications

There may be crime and disorder implications arising from some of the items that will be included in the work programme (especially reviews) and these will need to be considered when preparing those items/scoping those reviews.

Appendix C – Criteria for selecting topics

The Centre for Public Scrutiny (CfPS) has developed a useful set of questions to help committees prioritise items for scrutiny work programmes:

General questions to be asked at the outset

- Is there a clear objective for scrutinising this topic – what do we hope to achieve?
- Does the topic have a potential impact for one or more section(s) of the population?
- Is the issue strategic and significant?
- Is there evidence to support the need for scrutiny?
- What are the likely benefits to the council and its customers?
- Are you likely to achieve a desired outcome?
- What are the potential risks?
- Are there adequate resources available to carry out the scrutiny well?
- Is the scrutiny activity timely?

Sources of topics

The CfPS also suggest that ideas for topics might derive from three main sources: the public interest; council priorities; and external factors. These are described below.

Public interest

- Issues identified by members through surgeries, casework and other.
- Contact with constituents.
- User dissatisfaction with service (e.g. complaints).
- Market surveys/citizens panels.
- Issues covered in media

Internal council priority

- Council corporate priority area.
- High level of budgetary commitment to the service/policy area (as percentage of total expenditure).
- Pattern of budgetary overspend.
- Poorly performing service (evidence from performance indicators/ benchmarking).

External Factors

- Priority area for central government.
- New government guidance or legislation.
- Issues raised by External Audit Management Letters/External Audit reports.
- Key reports or new evidence provided by external organisations on key issue.

Criteria to reject items

Finally, the CfPS suggest some criteria for rejecting items:

- issues being examined elsewhere - e.g. by the Cabinet, working group, officer group, external body;
- issues dealt with less than two years ago;
- new legislation or guidance expected within the next year;

- no scope for scrutiny to add value/ make a difference;
- the objective cannot be achieved in the specified timescal

How to carry out an in-depth review
