## A MESSAGE

from the Board Chair

**As I enter my last year as Chair of the Board I have reflected on my eighty years in the role, how far we have come as an organisation and the challenges and opportunities that face us in the future.**

In 2007 we were delivering poor levels of customer service, our rent collection levels were low, management costs were high and for years there had been little sustained investment in the housing stock. Lewisham Homes was set up to change that.

Now in 2015, we have increased tenant satisfaction by 13%, we're running the organisation with £3.8 million less per year, we've increased rent collection and reduced lost rent from empty properties by £2.8 million – all while maintaining some of the lowest rent and service charge levels in London.

We have delivered a £156 million investment programme to improve residents' homes over the past four years, much more than was possible from the £94.5 million grant that was awarded by the Government in 2007.

We have achieved many of the things we set out to achieve for our residents back in 2007. Lewisham

Homes has become an organisation that listens to its residents, and values their engagement and influence on decisions and its services.

The challenges for our community are the shortage of housing supply, significant cuts in the level of resources available to our partner Lewisham Council, and the challenges faced by welfare reform. These require us to be flexible and innovative in the ways we work with our partners, and as a major local employer.

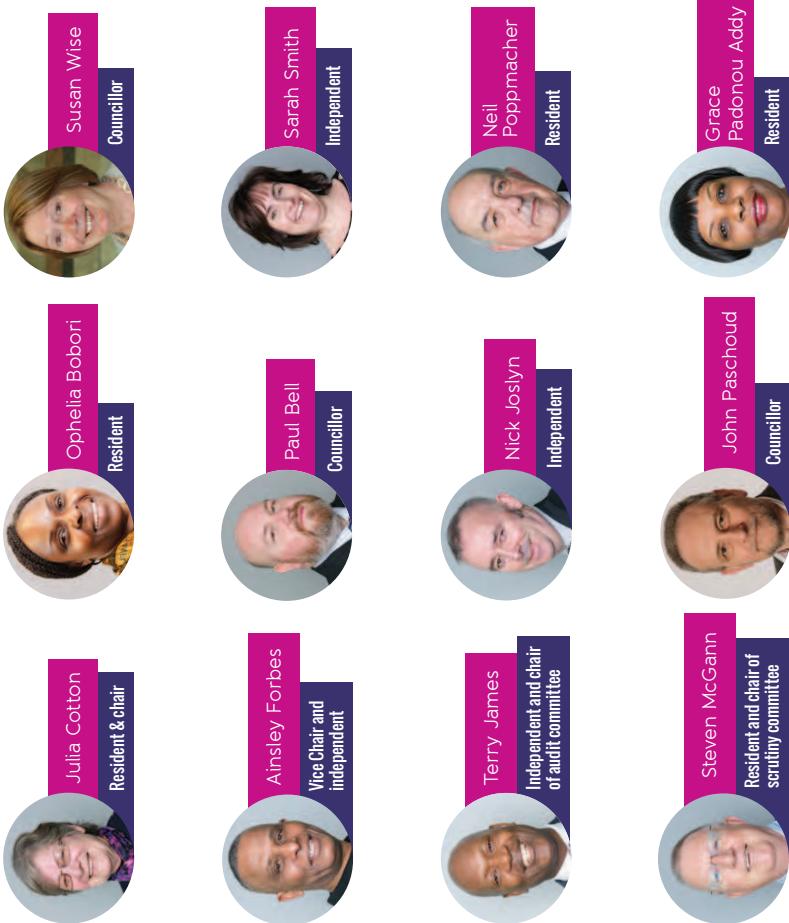

Our Board and the Executive Management Team are committed to achieving more. We aim to further increase satisfaction for all residents, and invest more in our residents' homes and neighbourhoods. We will continue to build on our success to date, focusing on being efficient and effective, investing in improving services and giving our very best for Lewisham people.

**Julia Cotton**  
Board Chair

We are governed by a management board. It sets our overall direction and checks on our progress in delivering on our mission to provide great housing services for thriving neighbourhoods. The Board is made up of seven residents, five independents and three Councillors who help to keep us focused and challenge our management team to ensure we are doing the right things to deliver improved services to our residents.

Our resident board members bring first-hand experience of our services and the issues and concerns that are important to our residents. Our independent board members bring expertise in areas such as finance, development, property management and governance. Our council board members bring a wider perspective on community issues across Lewisham and help ensure we are working effectively with the Council and for the community. They provide a valuable challenge helping us focus on priorities and ensuring we have strong resident membership.

## THEN AND NOW

# Our mission

Lewisham Homes is an ambitious organisation set up to improve housing in the borough, currently managing 18,000 homes on behalf of Lewisham Council. We are a not-for-profit organisation undertaking a major local investment programme, operating our own maintenance company, and building new homes through a partnership with the local authority.

As a major local employer employing nearly 500 people we work in London's third largest borough where diversity is both a defining characteristic and a key strength. We're committed to delivering great customer service, investing in Lewisham neighbourhoods, and growing our business to shape a bright future.

While housing management is our core business we also want to make a difference to Lewisham people by building new homes and improving our estates. We are proud to be 100% focused on Lewisham and want to build stronger communities and partnerships through local investment and creating opportunity for our current residents, the wider community and future generations.

We plan to take over management of grounds maintenance on estates in 2015 and increase satisfaction further. We will continue to identify opportunities and develop services where we believe this will deliver a more cost effective and quality service outcome to our residents.

## HEALTH AND SAFETY

Ensures our residents and staff are safe and that we comply with H&S legislation, involving risk assessments and checks and developing clear policies, including training.

# National and Local Context

**Policy decision and the economy at both national and local level have a major impact on the housing sector and our residents.**

## The National Context

The economy is growing but there is limited capacity for wages to rise; house prices are going up and creating affordability problems. Increasing housing benefit payments show that low-income wages are not keeping pace with rent increases. Government policy to reduce the deficit means significant cuts in Local Government and local services, and housing benefit.

8

The maximum benefit cap is to decrease from £26,000 to £23,000. The spare room subsidy and Universal Credit increase the risk that tenant arrears will rise.

8

The reduction in government funding for Local Authorities places significant pressures on local services. We will partner with the Council to develop service delivery options that provide the best support we can. As a local employer investing more than £65 million a year in the borough, we provide employment and training opportunities and can leverage additional support from our partners.

9

## The Local Context

The reduction in government funding for Local Authorities places significant pressures on local services. We will partner with the Council to develop service delivery options that provide the best support we can. As a local employer investing more than £65 million a year in the borough, we provide employment and training opportunities and can leverage additional support from our partners.

9

This is likely to have its biggest impact in London where rents and benefit levels are at their highest. We can reduce the risks and help to keep people in their homes by maintaining effective benefit advice and support, and building strong partnerships with other organisations.

9

New Housing supply is not keeping pace with demand. House prices are rising faster than the economy and incomes. The Right to Buy is to be extended to Housing Associations and tenants receive the full discount after three years instead of five. Local Authorities will be required to sell their most valuable stock. Grant funding for new affordable housing is limited and government policy is that this should be funded from rents, the sale of properties or directly by Registered Providers and Local Authorities. This is unlikely to generate the level of supply required and there will be fewer homes available to let at social housing rents.

9

The shortage of affordable housing is most acutely felt in London. A rising population and limited affordable housing supply are major policy challenges for Lewisham Council. We are partnering with the Council to meet these challenges through identifying opportunities for new housing as well as securing additional temporary accommodation to meet immediate demand.

# Excellent Services

**We want our customers to experience great service at all times. We will measure our success by increasing our tenant satisfaction level to 85% and our leasehold satisfaction level to 60% by 2019.**

Tenant satisfaction with our services has increased to 71%, and highlights are satisfaction with our repairs service up by 10% in two years, and responding to complaints within target up 15% to 91% over the same period. Our leasehold satisfaction is a disappointing 35% and this is an area we will be working hard on to improve.

We have the foundations in place for improvements in our antisocial behaviour service and a system to better monitor standards in estate services.

In December 2014 we moved to our offices at the Old Town Hall in Catford. Here we are able to offer residents improved facilities including private meeting rooms and free access to online services.

Our more freed up office space to provide housing for at least 19 families, and has seen our employees have greater collaboration and efficiency across the business.

# Thriving Neighbourhoods

**We will build thriving neighbourhoods by improving the quality of our estates and increasing housing supply. We will generate investment in Lewisham to build stronger communities, provide training and employment opportunities and build local partnerships.**

In the past four years we have run £156 million programme of investment including Decent Homes and major works improvements to homes and estates. This has increased the number of homes meeting the Decent Homes standard from 40% to 86% of properties we manage. We're pleased that 92% our tenants were satisfied with internal refurbishments. Tenant satisfaction with neighbourhood has increased to 81% and for leaseholders to 74%.

14

**6272**

Satisfaction with home increased from **61%** (2010) to **70%** (2011) and target **85%** (2019)

Households have had Decent Homes work completed, we're aiming for **100%** by 2016

## Creating opportunity for Lewisham people

We aim to enable residents to influence how we shape and deliver services and we're committed to supporting people to get ahead. To do this we provide support for community development, training and employment opportunities, and give our residents opportunities to have a say in how housing services are run. In particular our Resident Scrutiny Committee is looking at major works resident liaison and communications, and estates safety & security. Their recommendations will directly feed into our service plans.

14

In the past two years we have provided a wide range of training, employability and apprenticeship

opportunities with our partners including making more than £140,000 available for residents and groups through our Community Fund, enabling them to bring their ideas to life.

This has included a range of activities including our growing street dance and drama programme Love2Dance, a programme of inspiring fashion, money and business workshops, social and wellbeing activities for older people, holiday programmes, theatre and arts, confidence programmes for young women, pop up theatre, and a range of gardening projects.

15

By working in partnership we want to create long-lasting and growing opportunities that make a real difference to Lewisham families. We will create more opportunity for Lewisham Homes' residents, and increase the reach of the Albany's innovative engagement activities across the borough, beyond its thriving community hub.

The Albany's community hub is located in the north of the borough where the majority of Lewisham Homes' residents live. The Lewisham Homes' north area housing office relocated to the Albany in July 2015.

## Our Plans

**We want our residents to live in comfortable and secure homes, and in attractive and safe neighbourhoods where communities can thrive. We will work with our partners to secure investment in employment and training initiatives and community development.**

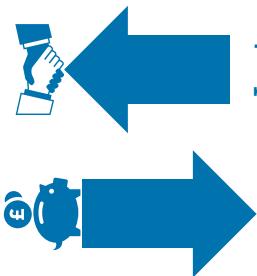

### We will do this by:

- Ensuring we have the right information to base investment planning and decisions by setting out a 30 year plan for investment.
- Securing investment with our partners and **provide opportunity for people through training and employment programmes** that add value to the community.
- Delivering apprenticeship and graduate training places.
- Investing annually in **community partnerships**.

We were proud to sponsor Lewisham Youth Conference in 2015, one of 29 projects supported by our Community Fund. This inspiring event attracted 500 people and was organised by local charity Elevating Success. We are supporting it again in 2016.

# Sustainable Future

We will build a sustainable future for our residents, the community and our business. We will be efficient and effective and grow our business so that we can deliver more for less. We will invest in our properties making them energy efficient and affordable for the future.

We have reduced our management fee by £3.8 million since 2007 while increasing resident satisfaction from 58% to 71%. We have continued to deliver below inflation increases in our service charges and rents and service charge levels in Lewisham remain amongst the lowest in London.
