

MAYOR AND CABINET		
Report Title	Young Mayor of Lewisham - Budget Proposals	
Key Decision	No	
Ward		
Contributors	Executive Director for Resources and Regeneration	
Class	Part 1	Date: 22 March 2017

1 Summary

- 1.1 On Wednesday 14th October 2015, Emmanuel Olaniyan was elected the twelfth Young Mayor of Lewisham. Hanna Dimtsu was elected Deputy Young Mayor. The Young Mayor and Advisors worked throughout that year to develop and then consult on a range of ideas that now form the Young Mayor's Budget proposals for 2015/16. These proposals have been pushed further into 2017 because the young mayor and team have been busy with other projects and school commitments.
- 1.2 These proposals are intended to provide improvements in services for children and young people in the borough. The Young Mayor for 201/16 has a budget of £25,000 to be allocated after consultation with young people.
- 1.3 In last year's budget paper for 2014/15 The Young Mayor and Young Advisors recommended that the Mayor reduce their annual budget by £5,000 to £25,000. This was in recognition of the fact that the Council was entering the 6th year of austerity and will continue to face very difficult financial challenges and pressures for at least four more years. The Young Mayor budget was reduced to £25K for the year 2015/16 and for future years.
- 1.4 This report summarises the proposals which the 2015/16 Young Mayor is recommending to spend £25,000.

2 Recommendation

- 2.1 That the Mayor agrees the Young Mayor's budget proposals at section 8.

3 Policy Context

- 3.1 The Young Mayor Programme is a key priority for the Council in delivering on its commitment to enhancing young people's achievement and involvement.
- 3.2 The Young Mayor Programme makes an important contribution to the objectives set out in Shaping our Future – Lewisham's Sustainable Community Strategy 2008-2020. Of specific relevance are the priorities '*Empowered and responsible – where people are actively involved in their local area and contribute to supportive communities.*', and; '*Ambitious and achieving – to inspire our young people to achieve their full potential.*

- 3.3 The work of the Young Mayor further relates and makes a contribution to many of the outcomes set out in the Children and Young People's Plan.

4 Background

- 4.1 The Young Mayor Programme has been in place since April 2004. Emmanuel Olaniyan is the twelfth Young Mayor. Emmanuel won the election on a turnout of 55.76%, which represents 9624 young people voting.
- 4.2 An evaluation of the project undertaken by Dr Kalbir Shukra from Goldsmith's College, University of London has continued with further exit polls at the election and interviews with candidates.

5 Budget Expenditure Achievements 2014/15

- 5.1 The Young Mayor for 2013/14 was Liam Islam. Following consultation with young people across the borough, the Young Mayor and Young Advisors identified three areas of work.

Young People's Funding Pot £10,000

- 5.2 The consultation showed a whole range of different areas that young people are interested in. It also showed young people are keen to organise their own events and projects. The pot was to support extra projects to develop with existing organisations providing it is clear that they are young people's ideas.
- 5.3 Groups and activities that were funded include the Young Carers Group for workshops in life skills, Football and Fun Day with Irie Dance Company, Vietnamese Women's Group Weekend activity programme, cooking programme and other half term programmes with Youth First. The Albany Young Creatives and the Looked After Children Group.

Work Experience and Employability £7,500

- 5.4 This project built on previous work with Urban Synergy to develop work experience schemes for young people from youth clubs during the holidays, enabling them to access Canary Wharf-type and other professions which they would otherwise not be able to experience. This included working with special needs schools and the SEN forum to extend the opportunities for young people with additional needs.

The Career Jumpstart Programme will offer work experience opportunities throughout May half term and the summer holidays for young people from Lewisham Schools working with a range of organisations.

Pilot scheme working with colleagues and partners around accessibility to shops and town centres £7,500

- 5.5 This project intended to identify a future development and work with politicians and local young people who use wheelchairs to ensure the buildings are as accessible as possible. This would include visits for young people and adults to different sites, identifying what works well and how accessibility can be improved. The pilot scheme would produce some recommendations for future developments and where possible provide

additional resources in some areas (i.e.: portable ramps like in Strasbourg). We are still working out the best way forward with colleagues on this pilot scheme.

6 Activities during 2015/16

- 6.1 Since October 2015, the Young Mayor and Advisors have continued to represent their peers at the local, regional, national and international level. Working collaboratively with the Mayor and Cabinet, Scrutiny Committees, councillors, Council officers, partner agencies and other key stakeholders, the Young Mayor and Advisors have made an important contribution to local policy development over the course of the last year. They have also continued to support projects that relate to and address issues which concern young people.

----------------------------------	--

- 6.3 Over the last year, the Young Mayor and Advisors have also worked extremely effectively with colleagues and services across the Council. Increasingly, this way of working has extended to other local agencies within the wider partnership structure. In order to both sustain the proposals of the previous Young Mayor, and to develop their own, these networks and relationships are proving crucial.

7 The Young Mayor's Budget Proposals 2014/15

Consultation

- 7.1 The Young Mayor has worked closely with both his Advisors and with schools and youth organisations in identifying how to best spend the allocated budget, as well as consulting more widely through social media. There has also been dialogue with local groups in the voluntary and community sector.
- 7.2 Initial ideas for spending proposals were gathered from a range of sources and forums, including from candidates manifestos, these were then discussed at the Young Advisors meetings.
- 7.3 Following this, a long-list was developed which was taken to schools and youth projects where a wider group of local young people were able to debate and discuss about the merits of the emerging proposals.
- 7.4 This is the long list as it went out to schools, colleges, youth clubs and the voluntary sector for consultation:

Arts and performance opportunities: Film, multi-media, recording and showcasing talents; music, fashion, drama, festivals

Sports opportunities: Improve sports and parks facilities and more interschool/ inter club competitions and events, football tournaments, fun run

Healthy Living: lifestyles, SRE and wellbeing/ mental health awareness, cook outs and healthy eating

One Lewisham: working with charities, faith groups, community groups, intergenerational and diversity projects.

Environment: keeping Lewisham clean, rubbish collected, chewing gum collected, recycling facilities on the street. Safer street crossings.

Disability awareness: facilities, services and representation, improving access

Life skills: work skills, money, university/college, housing information, hostels

Engagement and campaigns: each school to have representatives, small pot of money to fund young people's campaigns/events,

Publicity and promotion: more news about the Young Mayor and young advisors, promotion about what's available for young people

Employment opportunities: Apprenticeships, work experience guidance, mentoring, vocational skills; construction.

Consultation Outcomes

7.5 Some of the ideas, interests and concerns include:

- Help schools who need money

7.6 The Young Mayor and Young Advisors will continue to work with partners in both the authority and partners to promote opportunities and develop ideas to address these interests. As seen through the areas of work detailed in section 6 the Young Mayor and Advisors group aim to work through a wide range of issues, concerns and interests which are raised by young people over the year. The consultation results came back to the Young Mayor and Young Advisors and the following proposals were developed.

8 Young Mayor Budget Proposals 2015/16

The Young Mayor and Advisors have identified as a priority for this year's budget two areas in order to address the needs and interests which have arisen over the year, and from the consultation process, to complement existing provision and also to recognise the continuing and increasing strain on public resources.

Wellbeing, Opportunities and Engagement

- 8.1 The proposals are intended to be very specific, linked to outcomes that are achievable and deliverable. Wider objectives will continue to be met but the Young Mayor and Advisors wanted to concentrate on two tangible areas in terms of their proposals to cover the variety of the feedback that came through the consultation.

Young People's Funding Pot £10,000

- 8.2 Following the success of the previous year's funding pot in order that young people can apply themselves for support to develop their own projects the proposal is to continue with a funding pot. There will be a review of the process and projects in order to take forward improvements/amendments to the process.
- 8.3 The consultation showed a whole range of different areas that young people are interested in, it also showed young people are keen to organise their own events and projects. This pot will support extra projects to develop with existing organisations providing it is clear that they are young people's ideas. There will be a straight forward application and interview process, to ensure that they are ideas coming from young people themselves and then a panel of young people including the Young Mayor and Young Advisors who will decide on allocation of money.
- 8.4 The applications will address one or more of the criteria below which come from the budget consultation. A range of activities fitting these criteria will be funded;
- Hearing young people's views
 - Crime and safety
 - Arts and sports activities
 - Health
 - Environment
 - Disability awareness
 - Jobs and business
 - Other
- 8.5 The application process is straightforward for young people to complete with support from an organisation. This organisation will receive the money on young people's behalf/ to ensure safety / risk assessment /process. If there is not an organisation that can support young people's application then the Young Mayor Team will assess whether we can provide the support necessary or identify an organisation than can help to implement the project. We will ask for support from the commissioning team to implement the Funding Pot. Full evaluation will be carried out during the life of the project.

Supporting Young People’s Emotional Wellbeing in response to violence and trauma experienced in the community. £15,000.00

- 8.6 In response to young people’s concerns about violent incidents affecting young people in the community, a sum has been identified to work with existing services, to pilot some new ways of working to meet the needs of the wider community of young people.
- 8.7 Potentially working with the Youth Offending Service, CYP Commissioning team, Public Health and voluntary organisations, using previous research with young people from the Headstart programme, this proposal aims to pilot activities to create cohesion and support in some of the most affected neighbourhoods.
- 8.8 This could include supporting the community of practice, to take forward interests and concerns identified by local residents, young, and older, to develop activities and support which will lead to increased wellbeing, self-esteem and resilience in response to traumatic events. It could also include counselling /group work activities for young people and could be used alongside the Young People’s Funding Pot.

8.9 Summary of Proposed Expenditure

Young People’s Funding Pot	£10000
Supporting Young People’s Emotional Wellbeing	£15000
Total	£25000

Progress and Evaluation

- 8.10 The new Young Mayor and Young Advisors will report progress in implementing these proposals to Youth forums, School Councils, Mayor and Cabinet and the B-involved website and other social media.
- 8.11 An ongoing consultation and evaluation process will take place with local young people through the Youth Service, School Councils, the Voluntary and Community Sector and People’s Day, as well as the B-involved website.

9 Financial Implications

- 9.1 The net costs of the proposed programme is £25k and will be met from the budget for the Young Mayor’s programme.

10 Legal Implications

- 10.1 Section 2 of the Local Government Act 2000 empowers the local authority to do anything which it considers likely to achieve the promotion or improvement of the economic, social or environmental well-being of all or any persons within the local authority’s area. It enables the Council to incur expenditure under these wellbeing powers which could include a budget for the Young Mayor. The sum of £25,000 is a reasonable for the purposes outlined in the report.

11 Crime and Disorder Implications

- 11.1 The Young Mayor's proposals relate to the development of activities, resources and information that will provide young people with diversionary activities, contribute to community initiatives and provide opportunities for young people to address issues concerned with their safety.

12 Equality Implications

- 12.1 The Young Mayor and Young Advisors have considered the equalities implications in all of the proposals and will ensure an inclusive approach to all activities undertaken.

13 Environmental Implications

- 13.1 There are no environmental implications arising from this report.
