Dear Sir

I note with some concern a new application to use 199 - 201 Lewisham Way as a licensed premises. During the properties previous use as Curve Bar there was constant disruption from the people using the premises.

There was repeated incidents of violence stemming from the bar, constant noise in the early hours from shouting, screaming and music from cars, public urination and rather obvious drug dealing during the evening.

I would suggest to you that granting another license for a late night venue to these premises would constitute a danger, both physically and mentally, to people who are living in what is a residential area, and would ask you to reject the application as it currently stands.

Lee

[Handwritten Address]
Dear Sir or Madam,

My name is Richard [redacted].

I'm writing to oppose the New Premises License Application for 199/201 Lewisham Way, SE4 UY, formerly known as the Curve Bar,

I feel granting this License would be inappropriate for the following reasons:

1. This is a residential area, and the late exiting of party goers & loud entertainment will be a great disruption for young and old.
2. There is a long history of violence and antisocial behaviour associated with a License at this location - I draw your memory back to the violent incidents of 27 Nov 2016.
3. Given the antisocial drinking in the area, a Late Licence would be a powder keg for trouble and violence.
4. It's disrespectful given the presence of worshippers at the Mosque who enter and exit in the next door to the club.

Thanks very much your consideration

Richard [redacted]
