Business Panel noted there had been requests from the community for the Mayor to review his decision in relation to CAMHS funding. The Chair invited representatives from CAMHS and Lewisham CCG to make a presentation to the Panel.

The presentation to Panel Members highlighted the following.

Members of the Community was aware this is a government cut but are asking that the Mayor's decision to cut funding by £150k to be reviewed for the following reasons:

- A few months ago there were 150 patients on the waiting list, and this number had come down significantly, but would rise again and patients would have to wait for a very long time if funding is reduced.
- The current CAMHS budget is not working as there is insufficient resources.
- Officers were told there would not be cuts but they have now found that there would be a 5% reduction amounting to £97k cuts.
- Cuts will affect core positions about 5/6 jobs, from the remaining jobs after the last cuts.
- Cuts are currently affecting the standard of care provided.
- There has been a marked increase in young people admitted into hospital.
- It is becoming increasingly difficult for staff to make critical decisions under the current jobs threat.
- Experienced staff are taking retirement at 50 because of stress.
- Waiting time for treatment have increased from 6 weeks to 4 months.

- Staff are concerned for the service provided to young people, as their lives are being put at risk.

Councillor Mallory said the days when local authority would absorb the shortfall were gone, and he understood how difficult it would be for services. He said Members needed assurance that Lewisham CCG would review their decision.

The Chair said a referral from the CYP Select Committee had been made to Mayor and Cabinet. Councillor Sorba, Chair of CYP Select Committee explained the background of the referral.

Following further discussion in which the Head of Corporate Resources updated Panel Members on how much of the reserves had been used to date to balance the budget, Business Panel agreed the following:

Business Panel endorsed the Children and Young People Select Committee's comments to Mayor and Cabinet.

Business Panel would like an urgent officer report reviewing how Lewisham CCG would be dealing with the CAMHS budget they are responsible for. The report to also include other possible options to make necessary budget adjustments to achieve a standstill CAMHS budget. Business Panel would urge Mayor and Cabinet not to proceed with the budget proposal in relation to this issue until this report had been considered.

- ii. the Mayor be requested to instruct officers to produce a report on the CAMHS budget, looking at other options that could be considered to ensure a standstill CAMHS budget.

77. Review of the Council's Lettings and Disposal Procedure

The Service Group Manager Property, Asset Strategy & Estates introduced the report.

Business Panel raised concerns about the Council not having any formal policy in place for lettings and disposal of its Assets, and were told that this was not unusual within local authorities as they would mostly follow informal procedures. These procedures would generally be transparent and consistent, to ensure flexibility.

The Chair said the report was well written, but members would liked to see more transparency around public assets. He said it would be good for Mayor and Cabinet to be aware of the current position and maybe they would consider amending the scheme of delegation to promote best practice.

Councillor Mallory said he would not want to argue against maintaining some flexibility, and suggested that the Mayor might consider the development of a guidance to promote best practice. The Chair added that public and community engagement where possible would be useful.

Following a question from Councillor Liz Johnston-Franklin about irregular lettings it was agreed that paragraph 5.2 of the report needed to be amended. The Chair thanked officers for the report, and requested that the report go to the Public Accounts Select Committee for information.
