Subject: RE: Full Variation - Oregano Leaf 98 New Cross Road SE14 5BA - SERVED COPY

Please accept this a representation to the proposed Full Variation for Oregano leaf 98 New Cross Road SE14 5BA.

I am making my representation as I believe the premises are not able to abide by the licensing objectives namely the prevention of crime & disorder.

I visited the premises on Saturday 24th November 2018 as part of a multiagency licensing visit with colleagues from Home Office Immigration and Met Police.

The premises currently has only one annex 2 condition which states "An approved CCTV system to be maintained inside of the premises with a 31 day retention of recordings. The system must comply with BSEN 50132 (part7) 2009 and be capable of facial image recognition of all persons both entering and leaving the premises. The cameras will cover the whole of the premises and true copies be retained for 31 days, such copies must be in a format that can be viewed on readily available equipment without the need for specialist software and made available upon request to MPS and LA officers. One member of staff on duty at the premises must be capable of operating at all times."

At the time of our visit the CCTV was not in operation and the Premises licence Holder Mr Momtaz was unable to state how long it had not been working. In effect the Premises licence holder Mr Momtaz stated that it works sometimes and sometimes it don't.

In addition to this breach of their licence conditions they did not have any premises licence on display.

I must emphasise that operating the premises without CCTV is breach of an annex 2 condition on their licence which is putting the licensing objectives at risk and is an offence under section 57/ (4) of the licensing Act 2003 in addition not being able to produce a premises licence is also a Section 57(7) offence under the licensing act 2003.

I don't feel in all honesty that this premises is able to abide by the licensing objectives and hence I make this representation to protect the licensing objectives.

Kind regards
