## **3. Sustainable Development Select Committee views**

- 3.1 On Thursday 4 July 2019, the Sustainable Development Select Committee considered responses from Mayor and Cabinet to its referrals on fire safety and preserving Lewisham's pubs.
- 3.2 The Committee resolved to advise Mayor and Cabinet of the following:
- The Committee is concerned about the increasing list of new materials and construction techniques which are being identified as a potential risk for fire safety – specifically high pressure laminate (HPL) and the inclusion of wooden balconies on high rise buildings. The Committee asks for confirmation that due care and consideration is being given to the potential use of these materials in Lewisham's housing stock.
  - The Committee believes that Lewisham's pubs are at risk. It has identified an opportunity to increase protection for local pubs through the development of the new local plan. Contrary to the strength of feeling in the Committee about this issue, councillors are not reassured that their comments on preserving Lewisham's pubs have been given full and thorough consideration. The Committee asks that Mayor and Cabinet direct officers to provide a detailed response to the Committee's recommendations on preserving Lewisham's pubs. This should define the actions that have been taken. Furthermore, it reiterates its view that the protection of Lewisham's pubs should be championed through planning policy and fully incorporated into the new local plan.
