Family Information Service (FIS)
Children’s Centres

Information for parents/carers and young people living in the Lewisham Borough
Lewisham Children’s Centres

Children’s Centres form a key part of the delivery of children’s services and are crucial to the delivery of the Government’s 10 year strategy Choices for Parents, the Best Start for Children. They are part of the underpinning infrastructure for the government’s programme of delivering high quality services to all children and families and contributing to improving the child outcomes set out in Every Child Matters and The Lewisham Children & Young People’s Plan and eradicating child poverty by 2020.

Building on the work already started in the Local Sure Start programmes, Sure Start Children’s Centres will use this model of working to provide a range of services depending on local need and parental choice. The aim is for a network of centres across the borough offering information, advice and support for parents, as well as early years provision (integrated childcare and early learning), health, family support, parental outreach and employment advice.
