- 3.2. In taking action to minimise the current in-year financial pressures which have arisen, in setting out the Council's Budget Strategy, in engaging our residents, service users and employees, and in deciding on the future shape, scale and quality of services, we will be driven by the Council's four core values:
 - We put service to the public first.
 - We respect all people and all communities.

January will then be used to build the Council's Budget report for reporting to Public Accounts, M&C and onto Council for adoption on the 24 February.

5. FINANCIAL IMPLICATIONS

- 5.1. This report and the appended report are concerned with the Council's medium term financial strategy and as such, the financial implications are contained within the body of the appended report.

6. LEGAL IMPLICATIONS

- 6.1. The purpose of the appended report is to develop a medium term approach in support of better service and financial planning and an update of in-year financial pressures. Members are reminded that the legal requirements are centred on annual budget production, and that indicative decisions made for future years are not binding.
- 6.2. The Local Government Act 2000 and subsequent regulations and guidance says that it is the responsibility of the full Council to set Lewisham's budget, including all of its components and any plan or strategy for the control of the Council's capital expenditure. Regulations provide that it is for the Executive to have overall responsibility for preparing the draft budget for submission to the full Council to consider. Once the budget has been set, it is for the Mayor & Cabinet to make decisions in accordance with the statutory policy framework and the budgetary framework set by the Council.
- 6.3. Where there are proposals for a reduction to a service which the Council is either under a statutory duty to provide, or which it is providing in the exercise of its discretionary powers and there is a legitimate expectation that it will consult, then consultation with all service users will be required before any decision to implement the proposed saving is taken. The outcome of such consultation must be reported to the Mayor. Where the proposed savings will have an impact upon staff, then the Council will have to consult the staff affected and their representatives in compliance with all employment legislative requirements and the Council's own employment policies.

7. EQUALITIES IMPLICATIONS

- 7.1. The Council has a public sector equality duty (the equality duty or the duty - The Equality Act 2010, or the Act). It covers the following protected characteristics: age, disability, gender reassignment, marriage and civil partnership, pregnancy and maternity, race, religion or belief, sex and sexual orientation. In summary, the Council must, in the exercise of its functions, have due regard to the need to:
- eliminate unlawful discrimination, harassment and victimisation and other conduct prohibited by the Act.
 - advance equality of opportunity between people who share a protected characteristic and those who do not.
 - foster good relations between people who share a protected characteristic and those who do not.
- 7.2. It is not an absolute requirement to eliminate unlawful discrimination, harassment, victimisation or other prohibited conduct, or to promote equality of opportunity or foster good relations between persons who share a protected characteristic and those who do not. It is a duty to have due regard to the need to achieve the goals listed above. The weight to be attached to the duty will be dependent on the nature of the decision

and the circumstances in which it is made. This is a matter for Mayor and Cabinet, bearing in mind the issues of relevance and proportionality. Mayor and Cabinet must understand the impact or likely impact of the decision on those with protected characteristics who are potentially affected by the decision. The extent of the duty will necessarily vary from case to case and due regard is such regard as is appropriate in all the circumstances.

- 7.3. The Equality and Human Rights Commission (EHRC) has issued Technical Guidance on the Public Sector Equality Duty and statutory guidance. The Council must have regard to the statutory code in so far as it relates to the duty. The Technical Guidance also covers what public authorities should do to meet the duty. This includes steps that are legally required, as well as recommended actions. The guidance does not have statutory force but nonetheless regard should be had to it, as failure to do so without compelling reason would be of evidential value. The statutory code and the technical guidance can be found on the EHRC website.
- 7.4. The EHRC has issued five guides for public authorities in England giving advice on the equality duty. The 'Essential' guide provides an overview of the equality duty requirements including the general equality duty, the specific duties and who they apply to. It covers what public authorities should do to meet the duty including steps that are legally required, as well as recommended actions. The other four documents provide more detailed guidance on key areas and advice on good practice.
