**Date: THURSDAY, 24 JUNE 2010**

<u>Item No.</u>	<u>Page No.</u>
4. Statement of Accounts 2009/2010 (Section 4)	195

#### **Reasons for Urgency and Lateness**

The report is late and was not available 5 working days before the meeting as required by law because it was not possible to finalise the figures earlier, due to the need to ensure that fully accurate figures were reported and incorporated into the Statement of Accounts. It is nevertheless essential that Members receive the report now to ensure that the accounts can be approved before the statutory deadline of 30 June 2010. The Chair is requested to agree that this report be considered at this meeting and report in writing this agreement to accept a late report to the Overview & Scrutiny Business Panel
