# Introduction

- Homicide offences continue to increase with *112* additional offences since January 2020 of which *56%* (*63*) were committed using a knife or bladed instrument. *18* offences have been flagged as domestic abuse.
- The MPS has recorded a total of *12,410* knife crime offences, a decrease of *19%* (*2,901*) comparative to the same period last year.
- Knife crime with injury has declined by *20%* (*797*) and accounts for *26%* (*3,194*) of all recorded knife crime offences.
- The volume of knife injury victims (under 25 and not flagged domestic) has reduced by *27%* (*457*) to *1,208*.
- The decline of personal robbery throughout London currently equates to *9,291* (*26%*) less offences than the previous year. The volume of sanction detections has increased by *382* (*22%*) currently resulting in an *8%* detection rate.

# MPS – Strategy

## 3 operational priorities

**Focus on what matters most to Londoners**

Violent crime is a key concern and tackling it is a priority in order to protect Londoners.

**Mobilise partners and public**

We know that safety requires action beyond the police service. We will continue to work with partners and communities to help keep them safe and support them in preventing crime.

**Achieve the best outcomes in the pursuit of justice and in support of victims**

We have a fundamental responsibility to bring offenders to justice and ensure that victims of crime receive the support they need from us and from others.

## 4 enabling priorities

**Seize the opportunities of data and digital tech**

Harnessing data and using technology to our advantage in the pursuit of criminals, rising to the challenge of a fast-moving data-driven digital age.

**Care for each other, work as a team, and be an attractive place to work**

Ensuring that our people are well led, well equipped and well supported, championing difference and diversity of thought to create an environment where we all thrive.

**Learn from experience and from others, and constantly strive to improve**

Developing a culture of learning, listening to feedback, sharing ideas and insight with others and empowering people to be innovative.

**Be recognised as a responsible, exemplary and ethical organisation**

Being effective, efficient and offering value for money. We also want to play our part in the city's sustainability, being recognised for our integrity, transparency and professionalism.

# Stop and Search – Improvement Plan

## WE WILL:

- Improve trust and accountability of stop and search
- Ensure officers are following APP and MPS policy and switching on their body-worn video camera early enough to capture the entirety of a stop and search interaction
- Supervisors taking a proactive role in monitoring and ensuring compliance with body-worn video APP and MPS policy by

## HOW:

- BWV dip sampling by S&S Community Monitoring Groups.
- Supervisors brief their officers regarding BWV compliance. BWV is utilised and uploaded.
- BWV dip Sampling by SLT/ supervisors to ensure professional standards are upheld.
- Publish Stop and Search performance data for the BCU. The data is publically available on the Met website

# Stop and Search – Improvement Plan

## WE WILL:

- Display trustworthy motives by effectively addressing the crimes that affect the community

## HOW:

- Focused proactivity and use of S&S across the SE BCU to:
- Support the Met Priority in tackling violence.
- Tackling knife and gun crime.
- Targeting active criminals.
- Tackling crimes that affect the community.
- Find stolen or illegal items and detect crimes.
- Tackle drugs

# Stop and Search – Improvement Plan

## WE WILL:

- Ensure Professionalism
- Ensure officers exercising stop and search powers are not using restraint/handcuffs as a matter of routine and are only using these tools when reasonable, proportionate and necessary

## HOW:

- We will act on community feedback regarding the quality of the encounter when conducting Stop and Search.
- We will review and understand issues relating to disproportionality (to include age, sex, race), data and supervision at the DQEB/Stop and Search,
- Include in S&S training programme

# Stop and Search – Improvement Plan

## WE WILL :

- Support Safer Schools Officer's to build better engagement with young people
- Distribute hard copies of S&S data on a regular basis

## HOW:

- We will help to develop S&S discussions with young people in small groups ('Police in Schools' – Bradford and Yesberg - 2018).
- Monthly Neighbourhood newsletter (to include S&S data taken from the MOPAC Dashboard) to be circulated to partners and the community.

# Stop and Search – Improvement Plan

## WE WILL:

- Ensure the patrol strategy and deployments are intelligence led. This includes briefings for BCU and non-BCU assets such as TSG, VCTF and Immigration.

## HOW:

- BCU and non-BCU assets to formally link in with local neighbourhood and partnership teams to ensure a better understanding of specific local community concerns before they deploy. Consider the co-deployment of Neighbourhood officers to support this activity.

## WE WILL:

- BCU and non-BCU assets to formally link in with local neighbourhood and partnership teams to ensure a better understanding of specific local community concerns before they deploy. Consider the co-deployment of Neighbourhood officers to support this activity.

## HOW:

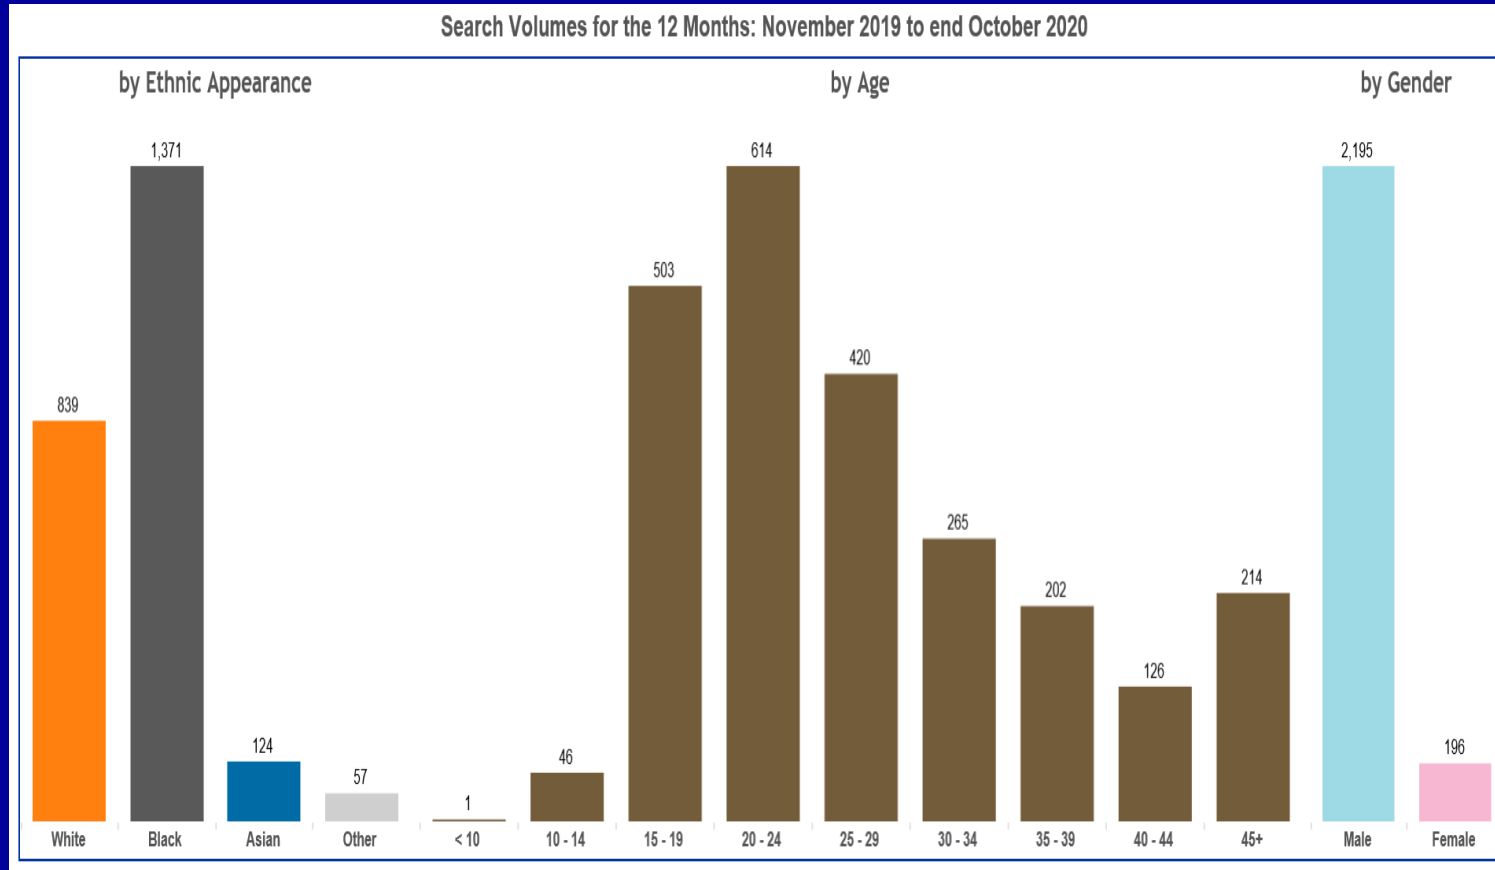

- Community/Police Panel co-chaired by the BCU Commander and a community member to review use of force and improve transparency of police actions.

VSU officers were tasked specifically to the robbery and violence hotspot of the Ladywell area

# Covid Enforcement

What actions should now be taken at a gathering that is NOT PERMITTED?

## ENGAGE

Go and speak with the participants. One to one conversation, we would rather people comply with the law than take enforcement action. BWV

## EXPLAIN

We are currently experiencing an emergency health crisis period. This has been deemed a non exempt gathering, people participating in the said gathering must now disperse. Failure to comply will result in the person being reported for consideration of a £200 fine

## ENCOURAGE

Officers to ask participants to leave. Participants should be reminded that compliance is necessary to preserve public health. We do not want to issue a fine, but will do so if participants do not comply. Officer can remind participants that the fine does increase for each noticed issued. The process of issuing the relevant fine amount is assessed during the investigation process not at the time of reporting.

## ENFORCE

Officers to enforce on a one to one basis giving an Individual participant a clear **direction**.  
If the participant fails to comply with the direction, obtain their details and complete the pro-forma as an aide memoire, do not give this out. Advise the participant they will be reported for a £200 fine. If the participant still fails to disperse, they can be **arrested**.

a) direct the gathering to disperse,  
(b) direct any person in the gathering to return to the place where they are living,  
or  
(c) remove any person from the gathering.

S24 PACE – to preserve public health and / or public order

### What do I need to do?

Participant can be reported for either (1) participating in a gathering or (2) failing to comply with an instruction to disperse.

Start a 01BX COPA and upload your MG11 and clipped (no longer than 10 mins) BWV.  
Submit the pro-forma to M010 Mailbox- Covid-19 Enforcement

## Enforcement

Police will lead enforcement in relation to breaches of requirements placed on individuals.

We'll continue to police by consent, using the 4Es approach - Engage, Explain, Encourage and Enforce where necessary. We'll move quickly to enforcement where there are clear, wilful and deliberate breaches.

Where people are gathering in contravention of the regulations:

- direct the gathering to disperse
- direct any person in the gathering to return home
- remove any person from the gathering (an officer may use reasonable force, if necessary, in exercising this power)

Where a person is considered to be outside the place they're living in contravention of the regulations:

- direct that person to return to their home, or
- give any reasonable instructions considered necessary in the circumstances

Contravening a direction given under these regulations (or obstructing an officer carrying out these functions) is an offence and is eligible for an FPN.
