It covers the following nine protected characteristics: age, disability, gender reassignment, marriage and civil partnership, pregnancy and maternity, race, religion or belief, sex and sexual orientation.

MINUTES OF THE HEALTHIER COMMUNITIES SELECT COMMITTEE

Thursday, 25 February 2021 at 7.30 pm

PRESENT: Councillors John Muldoon (Chair), Coral Howard (Vice-Chair), Kim Powell and Leo Gibbons, Jacq Paschoud, Joan Millbank and Alan Hall.

ALSO PRESENT: Nigel Bowness (Healthwatch Lewisham), Georgina Nunney (Principal Lawyer), Tom Brown (Executive Director for Community Services), Sarah Wainer (Director of System Transformation, Lewisham Health and Care Partners), and Joan Hutton (Director of Operations - Adult Social Care).

1. Minutes of the meeting held on 13 January 2021

Resolved: the minutes of the last meeting were agreed as a true record.

2. Declarations of interest

Cllr Jacq Paschoud has a close family member in receipt of a package of adult social care.

3. Responses from Mayor and Cabinet

- 3.1 The Chair noted that last week he received a request from the Lewisham Refugee and Migrant Network and the Save Lewisham Hospital Campaign asking for the committee to support a call on access to vaccines for migrants and marginalised groups and to forward this to Mayor & Cabinet.
- 3.2 The Chair noted that to deal with this request in the most timely way possible he asked the Chair of Overview & Scrutiny to hear the request at last week's meeting of the Overview and Scrutiny Business Panel under the regular Covid-19 response item.
- 3.3 The Chair noted that after listening to the speaker the Business Panel did decide to make a referral the Mayor & Cabinet along the lines of what was requested.

No responses to note.

4. Adult social care review update

Tom Brown (Executive Director for Community Services) introduced the report and the following key points were noted:

- 4.1 At the request of the Public Accounts Committee the council is undertaking a formal review of adult social care to ensure that the council is getting value for money and improving outcomes.
- 4.2 The council is currently in the process of engaging an external organisation to carry out the review and help the council to deliver the budget cuts identified.

- 4.3 There are some specific areas that the council intends to look into, including: the number of people asking for support and not accessing services; information and advice; prevention; and initial assessment.
- 4.4 There are also some gaps in services, which are being commissioned, such as provision for people with learning disability and complex needs. The review will explore this and other gaps in order to help identify savings.
- 4.5 There will be a focus on transformation, looking at what other places have done and using the expertise of the external organisation carrying out the review to help the council support its workforce to change the way it works to deliver improved services for residents.
- 4.6 A lot of work has already started. The council is aware of a lot of action that needs to be taken although there are still gaps to explore with the external organisation.
- 4.7 The committee asked how adult social care is planning to meet the needs of residents who have been newly or further disabled by Covid-19.
- 4.8 The council and its health partners have recently started discussions on exploring, across Lewisham and southeast London, what might be the short, medium and long-term impacts of Covid-19.
- 4.9 The external organisation carrying out the review will have skills and experience that the council does not have in house. It will be a one-off cost but will produce recurrent savings.
- 4.10 The council needs to get a better understanding of why Lewisham has, compared to its comparator boroughs, a higher proportion of people making contact but not going on to use services.
- 4.11 It might be related to factors ranging from the deprivation in the borough to the information available online.
- 4.12 The council needs to find out so that it can provide people with the right information at the right time to help themselves and be able to support those in the greatest need as soon as possible.
- 4.13 The council has not yet assessed which type of individuals are contacting us but not needing services. It is suspected that a lot of people are struggling to find information online and therefore phoning in.
- 4.14 The committee asked how the review would reach the BAME community and whether the council would consider commissioning BAME organisations to get involved.
- 4.15 It was noted that the review is going to work with a wide range of stakeholders, including some of our voluntary sector and BAME community groups. The council wants to reach all marginalised groups, including those who have been disadvantaged by Covid.
- 4.16 The council isn't intending to commission anything at this early, diagnostics stage, but if the review does identify unmet need that specific community groups could address better than existing services then this is the route the council would go down.
- 4.17 The committee stressed the importance of ensuring that, in the event that any services are outsourced as a result of this review, that any employees

taken on after any transfer have the same conditions of service as transferred staff so that there isn't a two-tier workforce.

Resolved: the committee agreed to note the report, monitor the review and receive an update at the appropriate time.

5. Better Care Fund review update

Sarah Wainer (Director of System Transformation) introduced the report and the following key points were noted:

- 5.1 The report sets the current line-by-line review of the Better Care Fund to ensure that the council and its health partners are getting value for money, using resources effectively, and getting the right outcomes from the expenditure.
- 5.2 The aim is to identify areas where expenditure could be realigned to enable more investment in prevention and early action in order to reduce expenditure elsewhere in the system.
- 5.3 It was also noted that last year there was a significant inflation increase from NHS England which has provided £500k towards the £1m that needs to be identified as part of the budget cuts.
- 5.4 It was noted that the Better Care Fund supports a wide range of services, including SAIL, Community Connections, extended GP access, rapid response, and some related to hospital discharge. It also funds digital work and the use of technology for prevention.
- 5.5 One of the aspirations is to support more people with complex needs out of hospital to prevent admissions and give people a better experience.
- 5.6 It was noted that this review should complement the review of adult social care discussed under the previous agenda item.
- 5.7 The committee asked whether the council would consider commissioning BAME organisations as part of this work.
- 5.8 It was noted that the council is committed to working with the whole community to make sure that the right support is in place and that services reach those who are excluded or marginalised.
- 5.9 One member, speaking under standing orders, asked for clarification on how the unallocated money received for inflation could be used to contribute towards budget cuts.
- 5.10 The inflationary increase received from NHS England remains unallocated due to NHS England confirming their budget much later than usual. The council is able to make a decision with its health partners about where that money is spent and the intention is to invest it in services that will release money from the council's general fund and preserve social care services that would otherwise be cut.
- 5.11 The member speaking under standing orders noted that it would be preferable to have more information on how this money will be spent so it could be properly scrutinised in case the review leads to any service changes.

5.12 It was noted that the council can't decide alone what the Better Care Fund is used for and that local health partners have to be satisfied that any spending is an appropriate use of resources. Local health partners routinely look at where to invest to get best value for money and this review is not about stopping a service but how the money is used to prevent services being stopped.

Resolved: the committee agreed to note the report, monitor the review and receive an update at the appropriate time.

6. Select Committee work programme

John Bardens (Scrutiny Manager) introduced the work programme and the committee discussed a number of suggestions for next year's work programme including:

- The role of local authorities and scrutiny in Integrated Health Systems (ICSSs)
- The relationship between health and housing locally.
- The local care market.
- And items from this year that couldn't be considered due to Covid-19.

Resolved: the committee noted the completed work programme.

The meeting ended at 8.54 pm

Declarations of Interest

Key decision: No

Class: Part 1

Ward(s) affected: All

Contributors: Chief Executive (Director of Law)

Outline and recommendations

Members are asked to declare any personal interest they have in any item on the agenda.

1. Summary

- 1.1. Members must declare any personal interest they have in any item on the agenda. There are three types of personal interest referred to in the Council's Member Code of Conduct:
 - (1) Disclosable pecuniary interests
 - (2) Other registerable interests
 - (3) Non-registerable interests.
- 1.2. Further information on these is provided in the body of this report.

2. Recommendation

- 2.1. Members are asked to declare any personal interest they have in any item on the agenda.

3. Disclosable pecuniary interests

3.1 These are defined by regulation as:

- (a) Employment, trade, profession or vocation of a relevant person* for profit or gain
- (b) Sponsorship –payment or provision of any other financial benefit (other than by the Council) within the 12 months prior to giving notice for inclusion in the register in respect of expenses incurred by you in carrying out duties as a member or towards your election expenses (including payment or financial benefit from a Trade Union).
- (c) Undischarged contracts between a relevant person* (or a firm in which they are a partner or a body corporate in which they are a director, or in the securities of which they have a beneficial interest) and the Council for goods, services or works.
- (d) Beneficial interests in land in the borough.
- (e) Licence to occupy land in the borough for one month or more.
- (f) Corporate tenancies – any tenancy, where to the member's knowledge, the Council is landlord and the tenant is a firm in which the relevant person* is a partner, a body corporate in which they are a director, or in the securities of which they have a beneficial interest.
- (g) Beneficial interest in securities of a body where:
 - (a) that body to the member's knowledge has a place of business or land in the borough; and
 - (b) either:
 - (i) the total nominal value of the securities exceeds £25,000 or 1/100 of the total issued share capital of that body; or
 - (ii) if the share capital of that body is of more than one class, the total nominal value of the shares of any one class in which the relevant person* has a beneficial interest exceeds 1/100 of the total issued share capital of that class.

*A relevant person is the member, their spouse or civil partner, or a person with whom they live as spouse or civil partner.

4. Other registerable interests

4.1 The Lewisham Member Code of Conduct requires members also to register the following interests:

- (a) Membership or position of control or management in a body to which you were appointed or nominated by the Council
- (b) Any body exercising functions of a public nature or directed to charitable purposes, or whose principal purposes include the influence of public opinion or policy, including any political party
- (c) Any person from whom you have received a gift or hospitality with an estimated value of at least £25.

5. Non registerable interests

- 5.1. Occasions may arise when a matter under consideration would or would be likely to affect the wellbeing of a member, their family, friend or close associate more than it would affect the wellbeing of those in the local area generally, but which is not required to be registered in the Register of Members' Interests (for example a matter concerning the closure of a school at which a Member's child attends).

6. Declaration and impact of interest on members' participation

- 6.1. Where a member has any registerable interest in a matter and they are present at a meeting at which that matter is to be discussed, they must declare the nature of the interest at the earliest opportunity and in any event before the matter is considered. The declaration will be recorded in the minutes of the meeting. If the matter is a disclosable pecuniary interest the member must take not part in consideration of the matter and withdraw from the room before it is considered. They must not seek improperly to influence the decision in any way. **Failure to declare such an interest which has not already been entered in the Register of Members' Interests, or participation where such an interest exists, is liable to prosecution and on conviction carries a fine of up to £5000**
- 6.2. Where a member has a registerable interest which falls short of a disclosable pecuniary interest they must still declare the nature of the interest to the meeting at the earliest opportunity and in any event before the matter is considered, but they may stay in the room, participate in consideration of the matter and vote on it unless paragraph 6.3 below applies.
- 6.3. Where a member has a registerable interest which falls short of a disclosable pecuniary interest, the member must consider whether a reasonable member of the public in possession of the facts would think that their interest is so significant that it would be likely to impair the member's judgement of the public interest. If so, the member must withdraw and take no part in consideration of the matter nor seek to influence the outcome improperly.
- 6.4. If a non-registerable interest arises which affects the wellbeing of a member, their, family, friend or close associate more than it would affect those in the local area generally, then the provisions relating to the declarations of interest and withdrawal apply as if it were a registerable interest.
- 6.5. Decisions relating to declarations of interests are for the member's personal judgement, though in cases of doubt they may wish to seek the advice of the Monitoring Officer.

7. Sensitive information

- 7.1. There are special provisions relating to sensitive interests. These are interests the disclosure of which would be likely to expose the member to risk of violence or intimidation where the Monitoring Officer has agreed that such interest need not be registered. Members with such an interest are referred to the Code and advised to seek advice from the Monitoring Officer in advance.

8. Exempt categories

- 8.1. There are exemptions to these provisions allowing members to participate in decisions notwithstanding interests that would otherwise prevent them doing so. These include:-
 - (a) Housing – holding a tenancy or lease with the Council unless the matter relates to your particular tenancy or lease; (subject to arrears exception)
 - (b) School meals, school transport and travelling expenses; if you are a parent or

guardian of a child in full time education, or a school governor unless the matter relates particularly to the school your child attends or of which you are a governor

- (c) Statutory sick pay; if you are in receipt
- (d) Allowances, payment or indemnity for members
- (e) Ceremonial honours for members
- (f) Setting Council Tax or precept (subject to arrears exception).

Healthier Communities Select Committee

Report title: Select Committee work programme report

Date: 21 June 2021

Key decision: No.

Class: Part 1

Ward(s) affected: All

Contributors: Assistant Chief Executive (Scrutiny Manager)

Outline and recommendations

To ask members to discuss the committee's priorities for the 2021/22 municipal year and to agree an annual work programme.

The Committee is asked to:

- Consider the themes set out in the draft work programme at **appendix E**.
- Note the four strategic themes of the borough's recovery plan: *Future Lewisham*
- Discuss the committee's priorities and agree a work programme for 2021/22.
- Consider opportunities for public engagement throughout the work programme.

Timeline of engagement and decision-making

The meeting dates below were agreed at the Council AGM on 26 May 2021:

- Monday 21 June 2021
- Wednesday 8 September 2021
- Tuesday 2 November 2021
- Wednesday 12 January 2022
- Tuesday 1 March 2022

1. Summary

- 1.1. This report asks members to discuss and agree priorities for the committee's work programme for the year ahead and describes the process for approval by the business panel and ongoing monitoring by the committee.

2. Recommendations

- 2.1. The Committee is asked to:
 - Consider the themes set out in the draft work programme at **appendix E**.
 - Note the strategic themes of the borough's Covid recovery plan: *Future Lewisham*
 - Discuss the committee's priorities and agree a work programme for 2021-22.
 - Consider opportunities for public engagement throughout the work programme.

3. The role of the select committee

- 3.1. The role of the Healthier Communities Select Committee is to monitor the provision of health services in Lewisham. This includes adult social care and public health.
- 3.2. The committee fulfils the council's statutory health scrutiny functions and is responsible for holding NHS and council decision-makers to account. This includes scrutinising the work of the Health and Wellbeing Board and the delivery of the Lewisham Health and Wellbeing Strategy.
- 3.3. The committee works closely with Lewisham Healthwatch, the consumer champion for health and social care, which has non-voting representation on the committee.
- 3.4. The Committee's full terms of reference are set out in **appendix A**.

4. Agreeing the committee's work programme

- 4.1. A draft work programme is attached at appendix E. It currently includes suggestions made by last year's committee; suggestions from council officers; and issues arising as a result of previous scrutiny (further detail is set out in sections below).
- 4.2. It is for the committee, however, to set its own work programme and agree any other priority issues it would like to include – the committee does not have to look into everything officers, the public or other members suggest.
- 4.3. When deciding on issues to include in the work programme, the committee should consider the key services and programmes within the committee's remit, the criteria for selecting and prioritising topics (see flowchart below), upcoming Mayor & Cabinet decisions (appendix D) and avoid duplicating the work of any agreed task and finish groups (TFGs).
- 4.4. The committee should also note and take into account the four strategic themes of the borough's Covid-19 recovery plan, *Future Lewisham*, which support what we want for every single resident and that we know are what we need to focus on locally:

4.5. An economically sound future

We are working to get the borough back in business, with a future where everyone has the jobs and skills they need to get the best that London has to offer.

We are a borough with businesses that are adaptable and prepared for change, a thriving local economy that sees 'local' as the first and best choice, with digital inclusion at the heart of our plans. We do all we can to support residents into jobs that pay fairly and

provide families with the opportunities and security they deserve.

4.6. A healthy and well future

Good health and wellbeing should be something we can all depend on, something that is equally accessible to everyone.

We know this is much wider than ‘medicine’ and the NHS. Our health and well-being is also dependent on our housing, the air we breathe, our support networks and more. We will make sure to pay as much attention and invest as much effort into improving these wider factors and taking action on inequality at every turn. Rectifying health inequalities and developing good mental health & wellbeing for everyone drives what we do.

4.7. A greener future

Our next steps will be our greenest yet, continuing our efforts to preserve our climate for future generations and ensuring everyone can enjoy the place we call home.

We will capture and build on the best of what we saw from the increase in walking and cycling locally, and all the other ways our environment benefitted from behaviour changes over the last year. We will nurture and protect the place we call home so that we can continue to appreciate its benefits for generations to come.

4.8. A future we all have a part in

We work together as one borough, within our communities and identities, to harness the power of volunteering and community spirit that has helped get us through the last year.

We will work alongside our strongest asset – our community – to strengthen and enhance our borough for everyone. We achieve more together and being connected and taking an active role in our borough benefits us all. Our year as Borough of Culture 2022 will be Lewisham’s best year yet, celebrating our fantastic part of London and providing opportunities for everyone to connect and get involved in our local community.

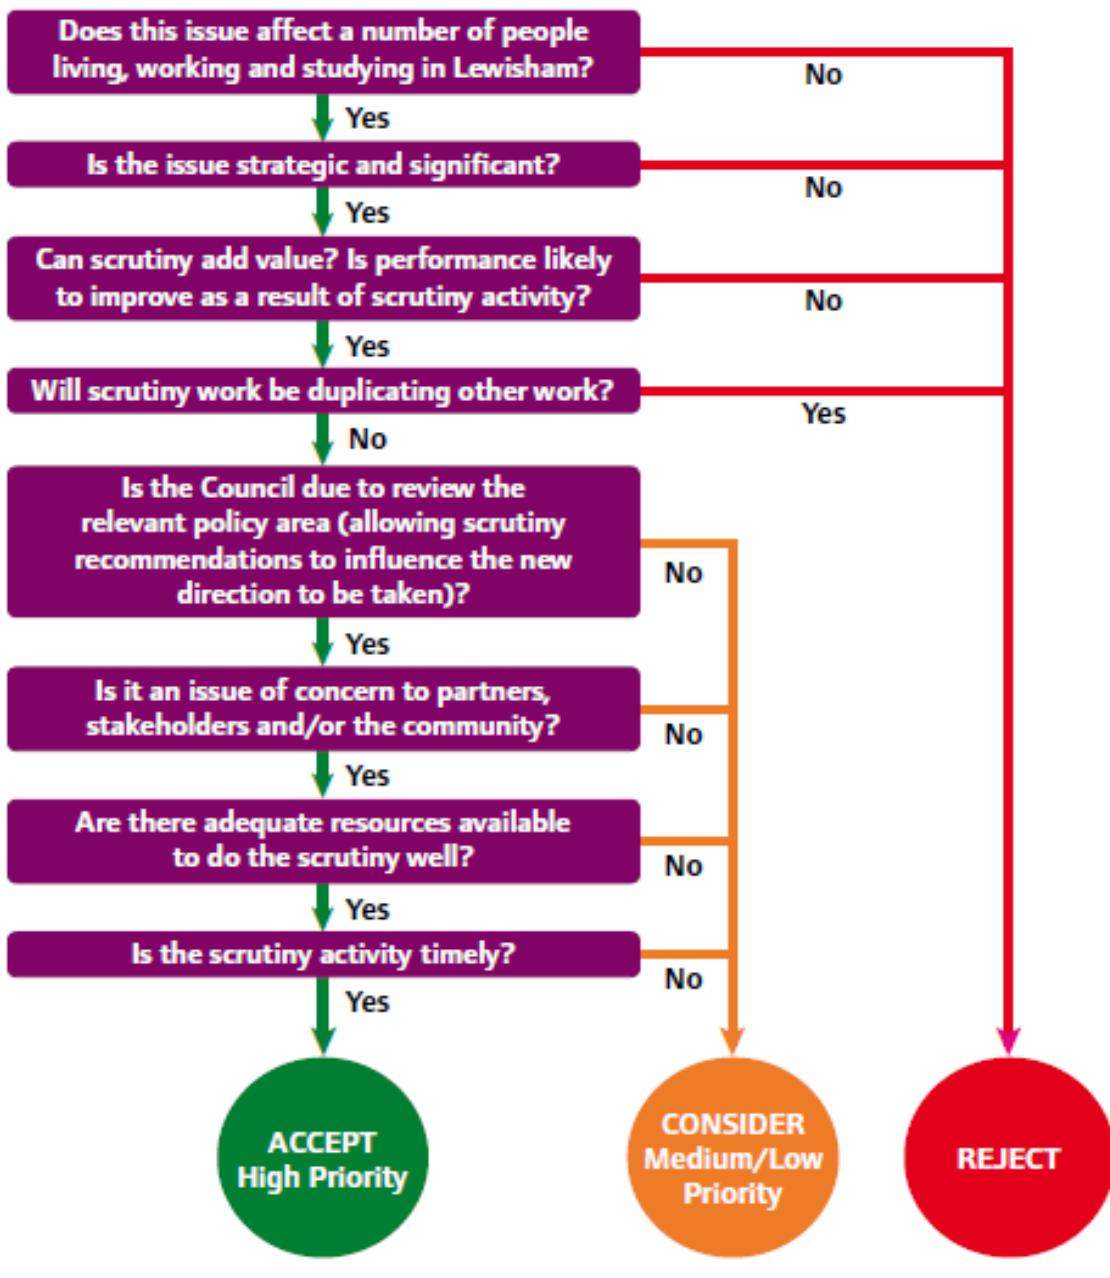

- 4.9. Items within the work programme should also be linked to the priorities of the Council’s Corporate Strategy for 2018-2022 (appendix B).
- 4.10. The committee is recommended to schedule **two substantive items per meeting**, leaving space available for Mayor & Cabinet responses and other urgent business as the need arises throughout the year.
- 4.11. Provision is made for meetings to last for up to 2.5 hours, but the committee should aim to **manage its business within 2 hours**. In exceptional cases the committee may decide to suspend standing orders and extend the meeting for a further 30 minutes to conclude any urgent business.
- 4.12. The committee should specify the information it would like for each item to ensure that officer reports and other evidence meets its needs. This should be done under the work programme item at every meeting.

Scrutiny work programme – prioritisation process

- 4.13. There is no provision at committee for the discussion of information items (reports to note). If required, they will be circulated to members by email with questions put to the report author for a written response.

Is this report easy to understand?

Please give us feedback so we can improve.

Go to <https://lewisham.gov.uk/contact-us/send-us-feedback-on-our-reports>

- 4.14. Some of the regular reports that fall under the committee's remit, which are usually presented as reports to note and therefore likely to be circulated by email in the first instance, include:
- Lewisham Homes annual report and business plan
 - Regenter B3 annual report and business plan
 - Rent and service charge increases
 - New homes programme updates
- 4.15. It's the Chair's responsibility to keep abreast of other developments within the committee's remit and escalate any issues that require action by the committee to the work programme as appropriate.
- 4.16. Suggestions made by the committee at the last meeting of 2021-20
- Adult social care review update
 - Care homes and market stability
- 4.17. Suggestions from officers in view of forthcoming developments
- Health and care bill
- 4.18. Issues arising as a result of previous scrutiny
- The Birmingham and Lewisham African & Caribbean Health Inequalities Review
 - Leisure centres performance management

5. Different types of scrutiny

- 5.1. It's important to think early on about the most effective way to scrutinise each item on the work programme. Some issues may only require an initial briefing, circulated by email, for information, some may require site visits and public engagement, and others may require detailed questioning at a formal committee meeting and input from stakeholders
- 5.2. The *Effective Scrutiny Guidelines* at **appendix C** sets out 5 key principles to take into account when carrying out scrutiny: *Prioritise; Be independent; Work Collectively; Engage; make SMART recommendations*. This will help the committee decide on the most appropriate approach for the issue at hand.
- 5.3. Members should also note the comments in the *Local Democracy Review* about how scrutiny can be even more effective, participative and open. Suggestions included:
- Focusing on fewer issues more closely linked to council priorities
 - More engagement with the public outside of formal meetings
 - Individual scrutiny members leading on defined topic areas
 - Contributing to new policy proposals at an early stage
- 5.4. Some of the most common scrutiny methods are described below, but members are encouraged to try new ways of gathering evidence and engaging the public.
- 5.5. "Standard items"
- 5.6. The majority of work programme items tend to be "standard items", where scrutiny is carried out as part of a single meeting with members:
- agreeing in advance the information and analysis needed
 - receiving an officer report presenting the relevant information
 - gathering additional evidence from activity outside of meetings
 - asking questions of the presenting officers or expert guests

- agreeing recommendations to Mayor and Cabinet and partners.

5.7. Policy development

- 5.8. When the council is due to renew a policy the committee may be asked to consider the options available and officer recommendations before a decision by Mayor and Cabinet. Select committees should be engaged at an early enough stage to be able to influence and contribute to the new policy.

5.9. Performance monitoring

- 5.10. Scrutiny can request a wide range of performance information to examine the effectiveness of council services. This includes monitoring data on key performance indicators and outcomes and assessing the delivery of particular programme or projects against set targets or timescales.

5.11. Task and Finish Groups

- 5.12. For issues that require more extensive evidence gathering, members may put forward a proposal for a Task and Finish Group (TFG). The Overview & Scrutiny Committee will agree which TFGs should be established, their membership, terms of reference and duration. TFGs are independent of select committees and make recommendations directly to Mayor & Cabinet.

5.13. Information items

- 5.14. Some low-priority items may only require a briefing report to be circulated to committee members by email, with questions put to the report author for written response. There is no provision for discussion of information items at committee meetings.

6. Approval and ongoing monitoring of the work programme

- 6.1. Each select committee is required to submit its work programme to the Overview and Scrutiny Business Panel for approval. This is to ensure a coordinated overview and scrutiny work programme across select committees that avoids duplication of effort and supports effective scrutiny. The Business Panel will meet on 20 July 2021.
- 6.2. The committee's work programme can be reviewed at each meeting to allow urgent items to be added and lower priority issues to be removed. Any potential items should be considered against the priority criteria outlined earlier in this report. If a high-priority item is included, a lower-priority item should be removed. The committee's work programme must be achievable in the time available.

7. Financial implications

- 7.1. There are no direct financial implications arising from the implementation of the recommendations in this report. Items on the Committee's work programme will have financial implications and these will need to be considered as part of the reports on those items

8. Legal implications

- 8.1. In accordance with the Council's Constitution, all scrutiny select committees must devise and submit a work programme to the Business Panel at the start of each municipal year.

9. Equalities implications

- To conduct research, community and/or other consultation in the analysis of policy options available to the Council
- To liaise with other public organisations operating in the borough – both national, regional and local, to ensure that the interests of local people are enhanced by collaborative working in policy development wherever possible

(c) Scrutiny

- To receive petitions, deputations and representations from local people and other stakeholders about areas of concern within their overview and scrutiny remit, to refer them to the Executive, appropriate committee or officer for action, with a recommendation or report if the committee considers that necessary
- To consider any referral within their remit referred to it by a member under the Councillor Call for Action, and if they consider it appropriate to scrutinise decisions and/or actions taken in relation to that matter, and/or make recommendations/report to the Executive (for executive matters) or the Council (non-executive matters).

Nothing in this arrangement inhibits the right of every member of a select committee (or the Business Panel) to place an item on the agenda of that select committee (or Business Panel respectively) for discussion.
- The Council and the Executive will also be able to request that the overview and scrutiny select committee research and/or report on matters of concern and the select committee will consider whether the work can be carried out as requested. If it can be accommodated, the select committee will perform it. If the committee has reservations about performing the requested work, it will refer the matter to the Business Panel for decision.

Effective Scrutiny Guidelines

1. Prioritise

It is more effective to look at one or two key issues per meeting in an in-depth way, than skim the surface of everything falling within the committee's remit. Try to focus on issues of concern to the community and/or matters that are linked to corporate priorities. Only add items to the work programme if you are certain your consideration of the matter will make a real and tangible difference.

2. Be independent

Scrutiny is led by Scrutiny Members. You are in charge of the work programme and, for every item, you should specify what evidence you require and what information you would like to see in any officer reports that are prepared. You should not be whipped by your political party or unduly influenced by the Cabinet or senior officers.

3. Work collectively

If you collectively agree in advance what you want to achieve in relation to each item under consideration, including what the key lines of enquiry should be, you can work as a team to question witnesses and ensure that all the required evidence is gathered. Scrutiny is impartial and the scrutiny process should be free from political point scoring and not used to further party political objectives.

4. Engage

Involving residents helps scrutiny access a wider range of ideas and knowledge, listen to a broader range of voices and better understand the opinions of residents and service users. Engagement helps ensure that recommendations result in residents' wants and needs being more effectively met.

5. Make SMART evidence-based recommendations

Scrutiny has the most impact when its recommendations are based on solid, triangulated evidence – where a variety of sources of evidence point to a change in practice that will positively alter outcomes. Recommendations are more powerful if they are:

- Specific (simple, sensible, significant).
- Measurable (meaningful, motivating).
- Achievable (agreed, attainable).
- Relevant (reasonable, realistic and resourced, results-based).
- Time bound (time-based, time limited, time/cost limited, timely, time-sensitive).
