| | | <ul style="list-style-type: none"> • The Committee believes that there should be a considered campaign of engagement about the change to cashless payments with groups of people (particularly those who are elderly or disabled) who may continue to use cash payments for parking. The Committee also asks that further thought is given to those parking places in the borough that are not close to shops or pay points for parking payments using cash. • The Committee recommends that Mayor and Cabinet should take a robust approach with Transport for London about the lack of parking enforcement on the borough's red routes, • The Committee also recommends that businesses should be held to account for inconsiderate parking outside of their premises – and that the Council should explore the options for levying fines and penalties on those premises that fail to take action. • The Committee would welcome an awareness raising campaign regarding the proposed implementation of the new rules. Following this the Committee believes that there should be firm enforcement of the new charges. • The Committee believes that careful consideration should be given to the future locations of electrical charging points in order to avoid restricting pedestrian access and/or (existing or planned) provision for cyclists. |
