

Decisions taken by the Licensing Committee on Tuesday, 9 August 2022

Agenda Item No	Topic	Decision
----------------	-------	----------

Part A – Items considered in public

<p>A3</p>	<p>Millwall Cafe 1-3 Zampa Road SE16 3LF</p>	<p>The Committee’s decision was to serve a counter notice, meaning that the proposed event cannot go ahead. The reasons for the Committee’s decision are set out below. In coming to its decision, the Committee has considered all of the papers in the reports pack and the evidence presented and submissions made by both the Applicant and the police at the hearing.</p> <p>2. The Premises does not currently hold a premises licence. It is located immediately adjacent to The Den football stadium, home of Millwall FC. The TEN proposes to use the hardstanding in front of the Premises (described by the Applicant as its forecourt) to sell alcohol from a van to people coming to the stadium to watch Millwall’s home match on 13 August 2022, which kicks off at 1500. Alcohol will only be sold to customers in plastic vessels. The applicant stated that only home fans would be passing by the Premises and she knew around half of them. Although there was no security plan or risk assessment in place, she would close the event down if there was trouble and pointed out that there is usually a heavy police presence at home matches which would be able to intervene. She was not aware of how many people were likely to attend the proposed event.</p> <p>3. The police objected on the basis that policing home matches at The Den is a complex operation which is planned several weeks ahead and would be undermined by the proposed event. Entry and exit routes to and from the stadium are carefully monitored as are established local drinking venues, which have strict licence conditions in place meaning they can be managed via the licensing process. The police stated that allowing the proposed event to go ahead would cause significant problems to the policing operation, primarily in terms of obstructing the free flow of fans and traffic to</p>

		<p>and from the stadium, fans lingering at the Premises and excess alcohol consumption. PC Pearce, speaking on behalf of the police, said that it was unacceptable for the Applicant to rely on the police to provide security for the proposed event and that any officers deployed to the Premises would have to be taken away from other policing responsibilities at the stadium, increasing pressure on police resources. There are already problems when coaches of away fans arrive in this location and are often mobbed by home fans, which will likely be aggravated by the availability of alcohol at the Premises.</p> <p>4. The Committee was aware that home matches at The Den are well managed by the police and were very concerned that the proposed event would undermine the policing of the match on 13 August 2022. They were also concerned that the Applicant had not prepared a risk assessment for the proposed event and therefore could not be satisfied it would go ahead safely and in a way that promotes the licensing objectives. They considered it unacceptable for the Applicant to rely on the police to provide security for the proposed event which would divert resources away from other priorities and undermine the careful policing plan. For all of these reasons, the Committee decided that the proposed event would undermine the licensing objectives and therefore served a counter notice, meaning that the proposed event could not go ahead.</p>
