### Select Committee Work Programme Report

**Date:** 10 September 2024

**Key decision:** No.

**Class:** Part 1 (not restricted)

**Wards affected:** Not applicable

**Contributor:** Timothy Andrew (Scrutiny Manager)

### Outline and recommendations

This report gives Committee members an opportunity to review the Committee's work programme and make any necessary changes.

The Committee is asked to:

- Review the work programme attached at Appendix D.
- Consider the items for the next meeting and specify the information required.
- Look at the forward plan of key decisions at Appendix E to consider whether there are any items that should be considered for further scrutiny.

### Timeline of decision-making

July 2024 - Draft Sustainable Development Select Committee work programme 2024-25 agreed by Committee

July 2024 - Work programme 2024-25– agreed by Overview and Scrutiny Committee

## 1. Summary

- 1.1. The Committee proposed a draft work programme at the beginning of the municipal year. This was considered alongside the draft work programmes of the other select committees and agreed by the Overview and Scrutiny Committee on 23 July 2024.
- 1.2. The work programme should be reviewed at each meeting to take account of changing priorities.

## 2. Recommendations

- 2.1. The Committee is asked to:
  - Review the work programme attached at Appendix D.
  - Consider the items for the next meeting and specify what evidence is required, including being clear about the information the committee wishes to be included in officer reports.
  - Look at the forward plan of key decisions at Appendix E to consider whether there are any items for further scrutiny.

## 3. Work programming

- 3.1. When reviewing the work programme the Committee should consider the following:

### The Committee's terms of reference

- 3.2. The Committee's areas of responsibility, include, but are not limited to:
  - monitoring the provision of the Council's planning, regeneration and environmental services functions;
  - scrutinising the delivery of the Council's refuse and recycling services;
  - the development of key planning policies and the performance of the Council's activities to meet the climate challenge as well as examining other key Sustainable Development related matters.
  - The Committee also has a role in engaging and reflecting the views of residents in relation to sustainable development-related matters. This includes, for example, the provision of the Council's parks and green spaces services, street lighting and jobs, business support and employment functions.

### Whether any urgent issues have arisen that require scrutiny

- 3.3. If the Committee becomes aware of an issue requiring further scrutiny, it should consider the prioritisation process (Appendix B) and the Effective Scrutiny Guidelines (Appendix C) before deciding on its priority.

### Whether a meeting is the most effective means for scrutinising the issue

- 3.4. Committee members should consider whether there are alternative methods for gathering information or receiving updates on issues of interest. For example, would a briefing, written summary or review of exiting material be more appropriate and effective?

### Whether there is space in the Committee's work plan to consider the item

- 3.5. Members should consider which work programme items could be removed or rescheduled to make space for the full consideration of more important issues.

Whether the item links to the priorities set out in the corporate strategy

3.6. The Council's Corporate Strategy sets out these priorities for the years 2022-2026:

- Cleaner and Greener
- A Strong Local Economy
- Quality Housing
- Children and Young People
- Safer Communities
- Open Lewisham
- Health and Wellbeing

#### 4. The next meeting

- 4.1. The following items are scheduled for the next meeting. For each item, the Committee should clearly define the information and analysis it wishes to see in officer reports. If the Committee has designated one of its members as a climate change champion, that member should work with the Chair to ensure that officers are given appropriate steers in relation to the reports, to ensure they include relevant climate change considerations.
- 4.2. The Committee should also consider whether to invite any expert witnesses to provide evidence, and whether site visits or engagement would assist the effective scrutiny of the item.

<b>Agenda Item</b>	<b>Review type</b>
Active travel	Performance monitoring
Budget cuts	Performance monitoring
CIL charging schedule	Performance monitoring

#### 5. Referrals

5.1. This is a list of referrals made by the Committee this municipal year:

<b>Referral title</b>	<b>Date of referral</b>	<b>Date considered by Mayor and Cabinet</b>	<b>Response due at Committee</b>

## **6. Financial implications**

- 6.1. There are no direct financial implications arising from the implementation of the recommendations in this report. Items on the Committee's work programme will have financial implications and these will need to be considered as part of the reports on those items.

## **7. Legal implications**

- 7.1. In accordance with the Council's Constitution, all scrutiny select committees must devise and submit a work programme to the Business Panel at the start of each municipal year.

## **8. Equalities implications**

- 8.1. There are no direct equalities implications arising as a result of the implementation of the recommendations in this report – but - there may be equalities implications arising from items on the work programme and all activities undertaken by the Select Committee will need to give due consideration to these.
- 8.2. Equalities implications are an essential consideration in every report. By law, the Council must have due regard to the need to:
- eliminate discrimination
  - advance equality of opportunity
  - foster good relations between different people when carrying out their activities.
- 8.3. This means that the Council has a legal duty to consider the implications of anything it does – on the basis of people's protected characteristics as set out in the Equality Act 2010. The nine protected characteristics are:
- Age
  - Disability
  - Gender reassignment
  - Marriage and civil partnership
  - Being pregnant or on maternity leave
  - Race
  - Religion or belief
  - Sex
  - Sexual orientation
- 8.4. All report authors should comply with the duty and, where necessary, identify appropriate mitigations. Depending on the nature and scale of the relevant impact(s) it may be necessary to carry out a formal Equalities Analysis Assessment – which should also be reported in this section of Committee reports.
- 8.5. The Council also recognises the social model of disability - acknowledging that, in the context of health conditions or individual impairments - it is the disabling effect of barriers in society that can prevent people's full and active participation in our community<sup>1</sup>. The Council is committed to dismantling those barriers, wherever possible.
- 8.6. While the Council's equality duty is specifically to the nine protected characteristics, a commitment has also been made to consider wider inequalities and marginalised

groups such as people seeking sanctuary. Socio-economic status is also considered as part of the Fairer Lewisham Duty.

## **9. Climate change and environmental implications**

- 9.1. There are no direct climate change or environmental implications arising from the implementation of the recommendations in this report. However, in February 2019 Lewisham Council declared a Climate Emergency and proposed a target to make the borough carbon neutral by 2030. An action plan to achieve this target was subsequently agreed by Mayor and Cabinet (following pre-decision scrutiny by the Sustainable Development Select Committee)<sup>2</sup>. The plan incorporates all areas of the Council's work. Items on the work programme may well have climate change and environmental implications and reports considered by the Committee should acknowledge this.

## **10. Crime and disorder implications**

- 10.1. There are no direct crime and disorder implications arising from the implementation of the recommendations in this report. Items on the Committee's work programme may have crime and disorder implications and these will need to be considered as part of the reports on those items.

## **11. Health and wellbeing implications**

- 11.1. There are no direct health and wellbeing implications arising from the implementation of the recommendations in this report. Items on the Committee's work programme may have health and wellbeing implications and these will need to be considered as part of the reports on those items.

- To keep the Council's local ward assemblies under review and to make recommendations to the Executive and/or Council as to how participation in the democratic process by local people can be enhanced

Nothing in this arrangement inhibits the right of every member of a select committee (or the Business Panel) to place an item on the agenda of that select committee (or Business Panel respectively) for discussion.
- The Council and the Executive will also be able to request that the overview and scrutiny select committee research and/or report on matters of concern and the select committee will consider whether the work can be carried out as requested. If it can be accommodated, the select committee will perform it. If the committee has reservations about performing the requested work, it will refer the matter to the Business Panel for decision.

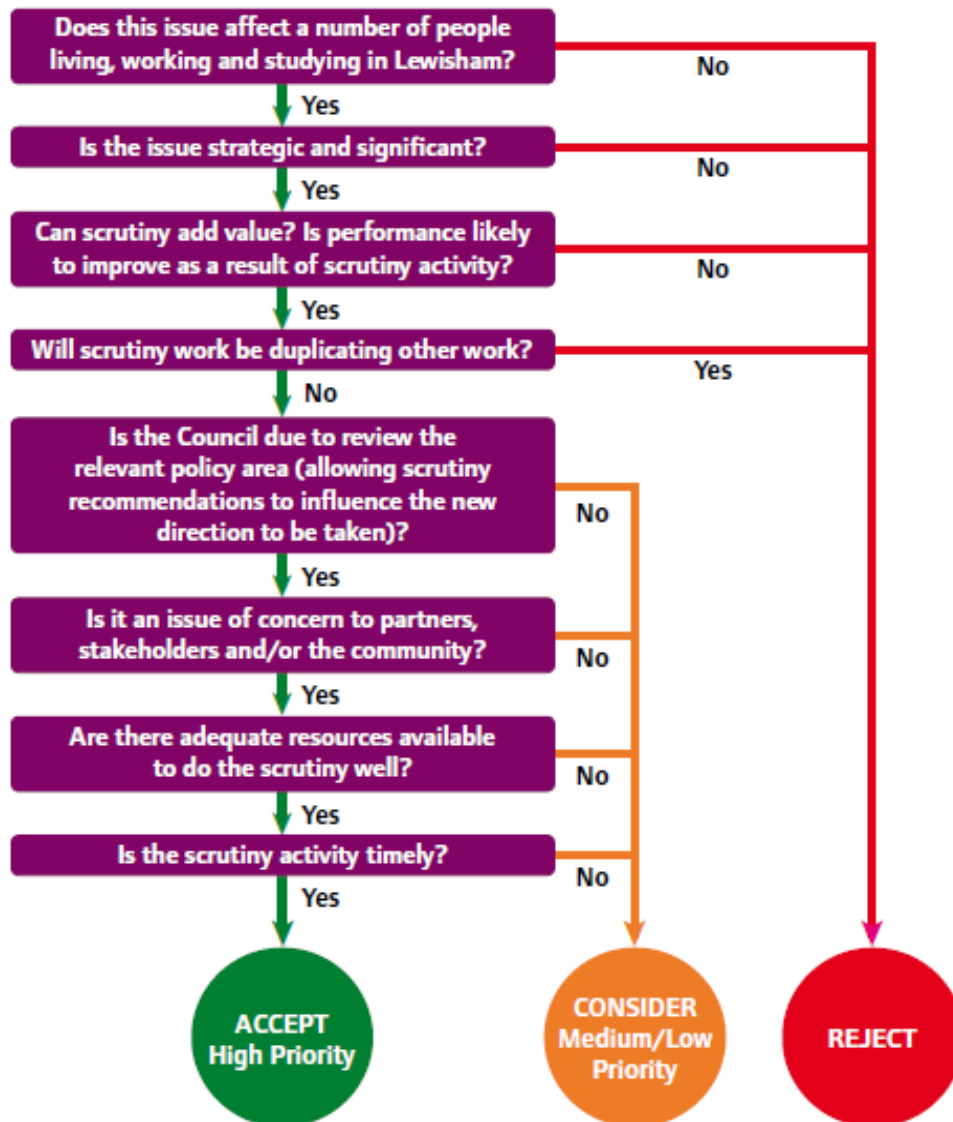

In addition to the general terms of reference outlined above, the Sustainable Development Select Committee has the following specific terms of reference:

## Appendix B

The flowchart below is designed to help Members decide which items should be added to the work programme. It is important to focus on areas where the Committee will influence decision-making.

### Scrutiny work programme – prioritisation process

## **Appendix C**

### **Effective Scrutiny Guidelines**

**At Lewisham we:**

#### **1. Prioritise**

It is more effective to look at a small number of key issues in an in-depth way, than skim the surface of everything falling within scrutiny's remit. We try to focus on issues of concern to the community and/or matters that are linked to our corporate priorities. We only add items to the work programme if we are certain our consideration of the matter will make a real and tangible difference.

#### **2. Are independent**

Scrutiny is led by Scrutiny Members. Scrutiny Members are in charge of the work programme and, for every item, we specify what evidence we require and what information we would like to see in any officer reports that are prepared. We are not whipped by our political party or unduly influenced by the Cabinet or senior officers.

#### **3. Work collectively**

If we collectively agree in advance what we want to achieve in relation to each item under consideration, including what the key lines of enquiry should be, we can work as a team to question witnesses and ensure that all the required evidence is gathered. Scrutiny is impartial and the scrutiny process should be free from political point scoring and not used to further party political objectives.

#### **4. Engage**

Involving residents helps scrutiny access a wider range of ideas and knowledge, listen to a broader range of voices and better understand the opinions of residents and service users. Engagement helps ensure that recommendations result in residents' wants and needs being more effectively met.

#### **5. Make SMART evidence-based recommendations**

We make recommendations that are based on solid, triangulated evidence – where a variety of sources of evidence point to a change in practice that will positively alter outcomes. We recognise that recommendations are more powerful if they are:

- Specific (simple, sensible, significant).
- Measurable (meaningful, motivating).
- Achievable (agreed, attainable).
- Relevant (reasonable, realistic and resourced, results-based).
- Time bound (time-based, time limited, time/cost limited, timely, time-sensitive).
