**Date:** 17 September 2024

**Key decision:** No.

**Class:** Part 1

**Ward(s) affected:** Not applicable

**Contributor:** Nidhi Patil (Scrutiny Manager)

### **Outline and recommendations**

This report gives Committee members an opportunity to review the Committee's work programme and make any modifications required.

The Committee is asked to:

- Review the work programme attached at Appendix B.
- Consider the items for the next meeting and specify the information required.
- Review the forward plan of key decisions at Appendix E to consider whether there are any items for further scrutiny.

### **Timeline of decision-making**

Healthier Communities Select Committee Work Programme 2024/25 – draft agreed on 18.07.24

Healthier Communities Select Committee Work Programme 2024/25 – agreed by the Overview and Scrutiny Committee on 23.07.24

## **1. Summary**

- 1.1. The Committee proposed a draft work programme at the beginning of the municipal year. This was considered alongside the draft work programmes of the other select committees and agreed by the Overview and Scrutiny Committee on 23 July 2024.
- 1.2. The work programme should be reviewed at each meeting to take account of changing priorities.

## 2. Recommendations

2.1. The Committee is asked to:

- Review the work programme attached at Appendix B.
- Consider the items for the next meeting and specify what evidence is required, including being clear about the information the committee wishes to be included in officer reports.
- Review the forward plan of key decisions at Appendix E to consider whether there are any items for further scrutiny.

## 3. Work Programming

3.1. When reviewing the work programme, the Committee should consider the following:

The Committee's terms of reference (Appendix A)

3.2. The Committee's areas of responsibility, include, but are not limited to:

- Adult Social Care
- Primary and secondary care
- Mental health
- Adult learning
- Leisure centres

3.3. The Committee has a key role in scrutinising the performance and supporting the development of the council's health and care-related strategies and policies. It also has a role in engaging and reflecting the views of residents in relation to health and care-related matters.

Whether any urgent issues have arisen that require scrutiny

3.4. If there is any urgent issue that is brought to the Committee's attention, it should consider the prioritisation process (Appendix C) and the Effective Scrutiny Guidelines (Appendix D) before deciding on its priority.

Whether a committee meeting is the most effective forum for scrutinising the issue

3.5. When scrutinising an issue of interest, the Committee should consider if there are any alternative methods for receiving information on the issue that would be more appropriate. For example, would a briefing or a written summary be more effective and appropriate for the issue in question?

Whether there is capacity to consider the item

3.6. The Committee should consider which work programme items could be removed or rescheduled to make space for the full consideration of more important issues.

Whether the item links to the priorities set out in the Corporate Strategy

3.7. A new corporate strategy has been developed<sup>1</sup> – which sets out the Council's values, priorities and focus for the next four years (2022-2026). These are categorised under the following headings:

- Cleaner and Greener
- Strong Local Economy
- Quality Housing
- Children and Young People

---

<sup>1</sup> <https://lewisham.gov.uk/mayorandcouncil/corporate-strategy>

- Safer Communities
- Open Lewisham
- Health and Wellbeing

3.8. The work of the Healthier Communities Select Committee will relate most closely to the 'Health & Wellbeing' priority, which commits the Council to:

- ensuring that everyone can access food and other essentials through our Lewisham Food Action Plan;
- mitigating and ultimately ending structural racism and discrimination as a driver of health inequalities;
- progressing towards a fairer care system and improving conditions for care workers to ensure they feel valued;
- working with the local NHS to deliver the services Lewisham residents need and creating the Lewisham Health Care & Wellbeing Charter;
- collaborating with other organisations to deliver places, activities and programmes that our residents need in order to live a physically active lifestyle.

3.9. The Committee should consider how its work programme reflects these priorities. The Committee might also consider whether there are suggestions that should be put forward for consideration in the new municipal year.

#### 4. The next meeting

- 4.1. The following items are scheduled for the next meeting. For each item, the Committee should clearly define the information and analysis it wishes to see in officer reports.
- 4.2. The Committee should also consider whether to invite any expert witnesses to provide evidence, and whether site visits or engagement would assist the effective scrutiny of the item.

Agenda item	Review type	Corporate priority
Update from SEL ICB on neighbourhoods and functioning of each PCN (Primary Care Network)	Performance monitoring	Health and Wellbeing-CP5

#### 5. Scrutiny between meetings

- 5.1. Below is a list of scrutiny activity, including briefings, information requests, visits and stakeholder engagement, that has taken place outside of the committee meeting. The scrutiny activity below covers the time period between the last committee meeting on the 18<sup>th</sup> of July 2024 to the committee meeting on the 17<sup>th</sup> of September 2024.

It covers the following nine protected characteristics: age, disability, gender reassignment, marriage and civil partnership, pregnancy and maternity, race, religion or belief, sex and sexual orientation.

- 9.1. There are no direct climate change or environmental implications arising from the implementation of the recommendations in this report. However, in February 2019 Lewisham Council declared a Climate Emergency and proposed a target to make the borough carbon neutral by 2030. An action plan to achieve this target was subsequently agreed by Mayor and Cabinet (following pre-decision scrutiny by the Sustainable Development Select Committee)<sup>2</sup>. The plan incorporates all areas of the Council's work. Items on the work programme may well have climate change and environmental implications and reports considered by the Committee should

## Appendix C

The flowchart below is designed to help Members decide which items should be added to the work programme. It is important to focus on areas where the Committee will influence decision-making.

### Scrutiny work programme – prioritisation process

## **Appendix D**

### **Effective Scrutiny Guidelines**

**At Lewisham we:**

#### **1. Prioritise**

It is more effective to look at a small number of key issues in an in-depth way, than skim the surface of everything falling within scrutiny's remit. We try to focus on issues of concern to the community and/or matters that are linked to our corporate priorities. We only add items to the work programme if we are certain our consideration of the matter will make a real and tangible difference.

#### **2. Are independent**

Scrutiny is led by Scrutiny Members. Scrutiny Members are in charge of the work programme, and, for every item, we specify what evidence we require and what information we would like to see in any officer reports that are prepared. We are not whipped by our political party or unduly influenced by the Cabinet or senior officers.

#### **3. Work collectively**

If we collectively agree in advance what we want to achieve in relation to each item under consideration, including what the key lines of enquiry should be, we can work as a team to question witnesses and ensure that all the required evidence is gathered. Scrutiny is impartial and the scrutiny process should be free from political point scoring and not used to further party-political objectives.

#### **4. Engage**

Involving residents helps scrutiny access a wider range of ideas and knowledge, listen to a broader range of voices and better understand the opinions of residents and service users. Engagement helps ensure that recommendations result in residents' wants and needs being more effectively met.

#### **5. Make SMART evidence-based recommendations**

We make recommendations that are based on solid, triangulated evidence – where a variety of sources of evidence point to a change in practice that will positively alter outcomes. We recognise that recommendations are more powerful if they are:

- Specific (simple, sensible, significant).
- Measurable (meaningful, motivating).
- Achievable (agreed, attainable).
- Relevant (reasonable, realistic and resourced, results-based).
- Time bound (time-based, time limited, time/cost limited, timely, time-sensitive).
