

<b>Healthier Communities Select Committee</b>		
Title	Select Committee work programme 2015-16	
Contributor	Scrutiny Manager	Item 4
Class	Part 1 (open)	21 April 2015

## 1. Purpose

To ask Members to discuss and agree an annual work programme for the Healthier Communities Select Committee.

## 2. Summary

This report:

1. Informs Members of the meeting dates for this municipal year.
2. Provides the context for setting the Committee's work programme.
3. Invites Members to decide on the Committee's priorities for the 2015-16 municipal year.
4. Informs Members of the process for Business Panel approval of the work programme.
5. Outlines how the work programme can be monitored, managed and developed.

## 3. Recommendations

The Select Committee is asked to:

- Note the meeting dates and terms of reference for the Healthier Communities Select Committee.
- Consider the provisional work programme at appendix B.
- Consider adding further items to the work programme, taking into consideration the criteria for selecting topics; information about local assembly priorities and items already added to the provisional work programme.
- Note the key decision plan, attached at appendix F, and consider any key decisions for further scrutiny.
- Agree a work programme for the municipal year 2015/16.
- Review how the work programme can be developed, managed and monitored over the coming year.

## 4. Meeting dates

4.1 The following Committee meeting dates for the next municipal year were agreed at the Council AGM on 26 March 2015:

- 21 April 2015
- 25 June 2015
- 9 September 2015
- 14 October 2015

- 12 November 2015
- 13 January 2016
- 2 March 2016

## **5. Context**

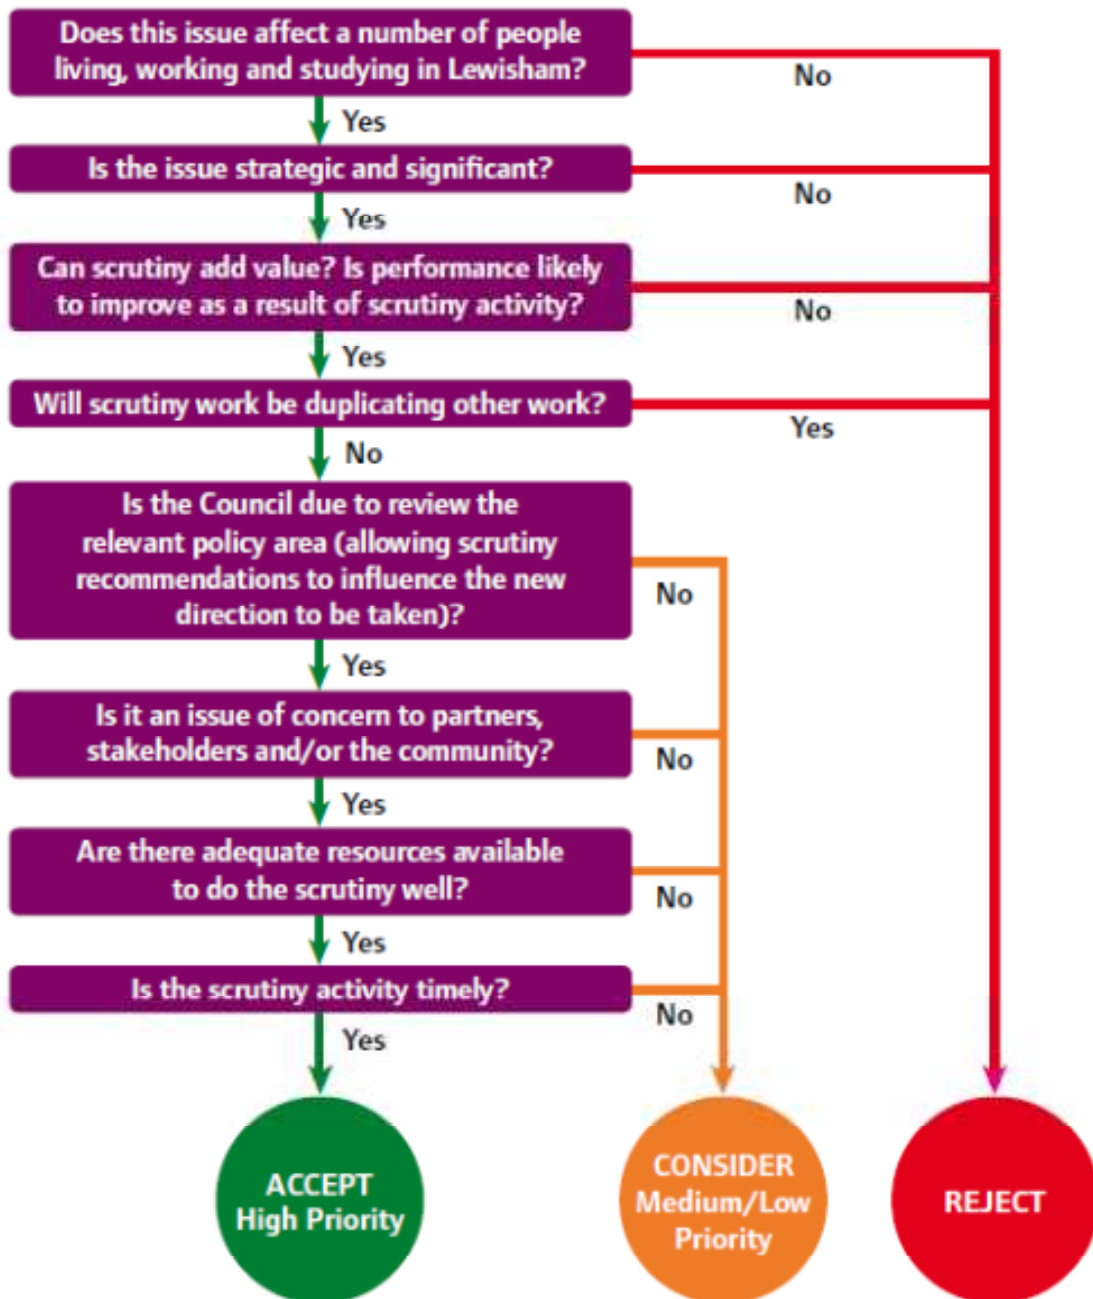

- 5.1 The Committee has a responsibility for carrying out the duties of the Overview and Scrutiny Committee as they relate to the provision of service by, and performance of, health bodies providing services for local people. The Committee's terms of reference are set out in appendix A.
- 5.2 The Committee regularly scrutinises the work of Lewisham's Community Services directorate, which includes teams responsible for adult social care, joint commissioning, community education and public health. The Committee also has a role in questioning local providers and commissioners – including Lewisham and Greenwich NHS trust, South London and Maudsley NHS foundation trust and Lewisham's clinical commissioning group.
- 5.3 The Committee works with Healthwatch Lewisham and Lewisham's Health and Wellbeing board to drive improvements to services for local people.

## **6. Deciding on items for the work programme**

- 6.1 When deciding on items to include in the work programme, the Committee should have regard to:
- items the Committee is required to consider by virtue of its terms of reference;
  - the criteria for selecting and prioritising topics;
  - the capacity for adding items;
  - the context for setting the work programme and advice from officers;
  - suggestions already put forward by Members.

6.2 The following flow chart, based on the Centre for Public Scrutiny (CfPS) advice for prioritising topics is designed to help Members decide which items should be added to the work programme:

## Scrutiny work programme – prioritisation process

## **7. Different types of scrutiny**

7.1 It is important to agree how each work programme item will be scrutinised. Some items may only require an information report to be presented to the Committee and others will require performance monitoring data or analysis to be presented. Typically, the majority of items take the form of single meeting items, where members:

- (a) agree what information and analysis they wish to receive in order to achieve their desired outcomes;
- (b) receive a report presenting that information and analysis;
- (c) ask questions of the presenting officer or guest;
- (d) agree, following discussion of the report, whether the Committee will make recommendations or receive further information or analysis before summarising its views.

7.2 For each item, the Committee should consider what type of scrutiny is required and whether the item is high or medium/low priority (using the prioritisation process). Allocating priority to work programme items will enable the Committee to decide which low and medium priority items it should remove from its work programme, when it decides to add high priority issues in the course of the year.

### In-depth review

7.3 Some items might be suitable for an in-depth review, where the item is scrutinised over a series of meetings. Normally this takes four meetings to complete:

- Meeting 1: Scoping paper (planning the review)
- Meetings 2 & 3: Evidence sessions
- Meeting 4: Agreeing a report and recommendations

7.4 If the Committee wants to designate one of its work programme items as an in-depth review, this should be done at the first meeting of the municipal year to allow sufficient time to carry out the review. A scoping paper for the review will then be prepared for the next meeting.

## **8. Provisional 2015/16 work programme**

8.1 The Scrutiny Manager has drafted a provisional work programme for the Committee to consider, which is attached at appendix B. This includes:

- suggestions from the Committee in the previous year;
- suggestions from officers;
- issues arising as a result of previous scrutiny;
- issues that the Committee is required to consider by virtue of its terms of reference;
- items requiring follow up from Committee reviews and recommendations;
- standard reviews of policy implementation or performance, which is based on a regular schedule;

8.2 The Committee should also give consideration to:

- issues of importance to Local Assemblies
- decisions due to be made by Mayor and Cabinet (appendix F).

#### Suggestions from the Committee

8.3 At its last meeting of the 2014/15 municipal year, the Committee agreed that the following suggestions would be put forward for consideration as part of the work programme for this year:

- outcome of the SLAM older adults specialist care consultation;
- transition from children's to adult social care;
- update from the Care Quality Commission;
- development of the local market for adult social care services.
- Lewisham CCG contracts
- transport options for adult social care

8.4 These suggestions have been incorporated into the draft work programme at appendix B.

#### Suggestions from officers

8.5 The following are additional suggestions from officers:

- health and social care integration;
- the implementation of the Care Act;

In response to the Government's stated ambition to make joined up and coordinated health and social care the norm by 2018, the Health and Wellbeing Board agreed in 2013 to increase the scale and pace of integrated working across health and social care in Lewisham and established the adult integration care programme.

The programme is being delivered jointly between Lewisham Council and Lewisham Clinical Commissioning group. The integration of health and social care services is designed to:

- Improve the quality of services
- Enable sharing information between services in new and better ways
- Expand the range of locally based services
- Deliver 7-day services
- Help people to find the right information and advice
- Make every pound count by reducing duplication and improving value for money
- Shift the focus of services to early intervention
- Target support to vulnerable people, their families and carers

8.6 The integration programme is being delivered across a number of workstreams, which are monitored by the Adult Social Care integration board. The Committee will need to consider the aims of the programme as part of its scrutiny of every item on

its work programme. An update on the progress of the integration between health and social care services has been scheduled for the first meeting of the year.

- 8.7 The implementation of the Care Act will bring about major changes in the ways in which social care services are planned, delivered and paid for. Members have received briefings and information about the plans to implement the provisions of the Act that come into force in 2015, however, future parts of the act are due to come into effect at the beginning of 2016. Officers have proposed that the Committee may want to review the Council's plans for implementation.
- 8.8 These suggestions have been incorporated into the draft work programme at appendix B.
- 8.9 The medium term financial strategy reported to Mayor and Cabinet in July 2014 estimated that £85m of savings were still required for the period 2015/16 to 2017/8. In order to achieve savings, the Council has embarked on a series of thematic and cross-cutting reviews to fundamentally review the way it delivers services. This will mean that savings will be delivered over longer periods and will need to be agreed and taken as and when they are identified. Officers have committed to regular interactions with Members in order to facilitate scrutiny of the specific savings proposals arising from the major change programmes. The Select Committee will need to retain capacity in its work programme to consider these as is necessary.

#### Issues arising as a result of previous scrutiny

- 8.10 At the end of 2014, the Overview and Scrutiny Committee established a time limited working group to review Lewisham Future Programme public health proposals. The Public Health Working Group made the following recommendations:
- The Working Group notes that the staffing arrangements in Public Health are due to be reviewed with a restructure effective from April 2015. The Working Group would like the Healthier Communities Select Committee to be updated on the new staffing structure once this is in place.
  - The integration of services via the neighbourhood model is crucial to achieving the required savings and further integration is clearly required. The Healthier Communities Select Committee should continue to receive updates on the integration programme including information on the savings being achieved via the programme.
  - The Healthier Communities Select Committee should have the opportunity to comment on and scrutinise the proposed use of the savings resulting from the implementation of the 2015/16 public health savings proposals. A full breakdown of the use of the savings resulting from the proposals should be provided to the Healthier Communities Select Committee once this has been agreed.
- 8.11 These suggestions have been incorporated into the draft work programme at appendix B.

#### Issues that the Committee is required to consider by virtue of its terms of reference

- 8.12 Items added to the provisional work programme under this heading include:
- Healthwatch annual report

- Public health annual report
- Delivery of the health and wellbeing strategy priorities
- Annual safeguarding report

8.13 These suggestions have been incorporated into the draft work programme at appendix B.

Items requiring follow up from Committee reviews and recommendations

8.14 The committee agreed to receive an update on the work being carried out in partnership between the Council and the Campaign in Lewisham for Autism Spectrum Housing.

Standard reviews of policy implementation or performance, which is based on a regular schedule

8.15 In previous years, Members of the Committee have agreed to consider the following items on a regular cycle:

- Leisure centre contract
- Community education annual report
- Annual safeguarding report

Decisions due to be made by Mayor and Cabinet

8.16 Members are asked to review the most recent notice of key decisions (at appendix F) and suggest any additional items for further scrutiny.

Consideration of issues of importance to Local Assemblies

8.17 A list of assembly priorities is included at appendix D. Members are asked to consider whether there are issues of importance arising from their interactions with their ward assembly that should be considered for further scrutiny.

- Ten of the ward assemblies have priorities relating to intergenerational activities or caring for older people.
- Lewisham Central and Lee Green wards have developed specific priorities relating to local health and wellbeing.

8.18 At its meeting on 3 February 2015, the Safer Stronger Communities Select Committee scrutinised an annual update from officers about the assemblies programme. Members received the following breakdown of assembly funding for local projects:

8.19 It is up to the Committee to agree the provisional work programme, outlined at appendix B and decide which additional items should be added.

## 10. Approving, monitoring and managing the work programme

10.1 In accordance with the Overview and Scrutiny Procedure rules outlined in the Council's constitution, each select committee is required to submit their annual work programme to the Overview and Scrutiny Business Panel. The Business Panel will meet on 28 April 2015 to consider provisional work programmes and agree a co-ordinated Overview and Scrutiny work programme, which avoids duplication of effort and which facilitates the effective conduct of business.

10.2 The work programme will be reviewed at each meeting of the Committee. This allows urgent items to be added and items which are no longer a priority to be removed. Each additional item added should first be considered against the criteria outlined above. If the committee agrees to add additional items because they are high priority, it must then consider which medium/low priority items should be removed in order to create sufficient capacity. The Committee has seven scheduled meetings this municipal year and its work programme needs to be achievable in terms of the amount of meeting time available.

10.3 The Committee has requested advice about prioritising and managing its work programme for the 2015/16 year. The key issues have been noted as concerns:

- the length of meetings;
- the number of items scheduled for each meeting
- the order of items at meetings;

10.4 The following sections set out information about the current process for managing the work programme.

10.5 At each meeting of the Committee, there will be an item on the work programme presented by the Scrutiny Manager. When discussing this item, the Committee will be asked to consider the items programmed for the next meeting. Members will be

asked to outline what information and analysis they would like in the report for each item, based on the outcomes they would like to achieve, so that officers are clear on what they need to provide.

#### Length of meetings

- 10.6 Provision is made for Committee meetings to last for two and a half hours. If the items scheduled for the meeting are not completed within this time the Committee may decide suspend standing orders. The Council's constitution also provides the option for meetings to be adjourned by the Chair until a later date (with limitations). The suspension of standing orders and any decision to adjourn a meeting are matters for Members of the Committee and the Chair.
- 10.7 The length of each item at Committee meetings will vary based on a number of factors – including the complexity of the subject under scrutiny; the number of issues identified by members and the range of questions put to officers/guests.

#### The number of items scheduled for each meeting

- 10.8 The terms of reference of the Committee are broad and there are many areas of health and wellbeing provision that the Committee could scrutinise. The prioritisation process set out above (at paragraph 6.2) is designed to help the Committee decide whether it should add items to its work programme.
- 10.9 Where the committee identifies issues of interest that are low priority because:
- they are not due to be reviewed by the Council;
  - there are inadequate resources available to carry out the scrutiny effectively;
  - the issue has recently been reviewed by others;

Members may wish to make a request to receive a briefing – or task the relevant scrutiny manager to identify sources of further information for circulation to the Committee in order to provide context for future discussions.

- 10.10 It is for Members of the Committee to decide how many items should be scheduled for the meeting. However, giving consideration to the time available and the length of previous meetings of the Committee, Members may wish to schedule three items for each meeting, leaving space available for responses to consultations, substantial variations and other urgent business.

#### The order of items at meetings

- 10.11 The Council's standing orders require that the minutes of previous meetings, declarations of interest and responses to select committees from Mayor and Cabinet are considered as the first items on select committees' order of business. At the beginning of the municipal year – it is also necessary for a committee to decide on a chair and vice chair and to set a programme of business for the coming year at the earliest opportunity.
- 10.12 It has become standard practice for committees to consider items presented by guests and officers from partner organisations at the beginning of each agenda. This allows these speakers and presenters to be released from the meeting.

10.13 The Committee has been asked to allocate a level of priority to each of the items on its work programme. Following the consideration of standing items, taking into account invitations to guests and external witnesses as well as the complexity and length of the reports on the agenda, work programmes are ordered by priority (from high to low).

10.14 Decisions about agreeing the order of business and changing the priority of items for discussion are made by the Chair, with the agreement of the Committee.

## **11. Financial implications**

There may be financial implications arising from some of the items that will be included in the work programme (especially reviews) and these will need to be considered when preparing those items/scoping those reviews.

## **12. Legal implications**

In accordance with the Council's Constitution, all scrutiny select committees must devise and submit a work programme to the Business Panel at the start of each municipal year.

## **13. Equalities implications**

13.1 The Equality Act 2010 brought together all previous equality legislation in England, Scotland and Wales. The Act included a new public sector equality duty, replacing the separate duties relating to race, disability and gender equality. The duty came into force on 6 April 2011. It covers the following nine protected characteristics: age, disability, gender reassignment, marriage and civil partnership, pregnancy and maternity, race, religion or belief, sex and sexual orientation.

13.2 The Council must, in the exercise of its functions, have due regard to the need to:

- eliminate unlawful discrimination, harassment and victimisation and other conduct prohibited by the Act
- advance equality of opportunity between people who share a protected characteristic and those who do not.
- foster good relations between people who share a protected characteristic and those who do not.

13.3 There may be equalities implications arising from items on the work programme and all activities undertaken by the Committee will need to give due consideration to this.

## **14. Crime and disorder implications**

There may be crime and disorder implications arising from some of the items that will be included in the work programme (especially reviews) and these will need to be considered when preparing those items/scoping those reviews.

## Appendix A

The following roles are common to all select committees:

### (a) General functions

To review and scrutinise decisions made and actions taken in relation to executive and non-executive functions

To make reports and recommendations to the Council or the executive, arising out of such review and scrutiny in relation to any executive or non-executive function

To make reports or recommendations to the Council and/or Executive in relation to matters affecting the area or its residents

The right to require the attendance of members and officers to answer questions includes a right to require a member to attend to answer questions on up and coming decisions

### (b) Policy development

To assist the executive in matters of policy development by in depth analysis of strategic policy issues facing the Council for report and/or recommendation to the Executive or Council or committee as appropriate

To conduct research, community and/or other consultation in the analysis of policy options available to the Council

To liaise with other public organisations operating in the borough – both national, regional and local, to ensure that the interests of local people are enhanced by collaborative working in policy development wherever possible

### (c) Scrutiny

To scrutinise the decisions made by and the performance of the Executive and other committees and Council officers both in relation to individual decisions made and over time

To scrutinise previous performance of the Council in relation to its policy objectives/performance targets and/or particular service areas

To question members of the Executive or appropriate committees and executive directors personally about decisions

To question members of the Executive or appropriate committees and executive directors in relation to previous performance whether generally in comparison with service plans and targets over time or in relation to particular initiatives which have been implemented

To scrutinise the performance of other public bodies in the borough and to invite them to make reports to and/or address the select committee/Business Panel and local people about their activities and performance

To question and gather evidence from any person outside the Council (with their consent)

To make recommendations to the Executive or appropriate committee and/or Council arising from the outcome of the scrutiny process

(d) Community representation

To promote and put into effect closer links between overview and scrutiny members and the local community

To encourage and stimulate an enhanced community representative role for overview and scrutiny members including enhanced methods of consultation with local people

To liaise with the Council's ward assemblies so that the local community might participate in the democratic process and where it considers it appropriate to seek the views of the ward assemblies on matters that affect or are likely to affect the local areas, including accepting items for the agenda of the appropriate select committee from ward assemblies.

To keep the Council's local ward assemblies under review and to make recommendations to the Executive and/or Council as to how participation in the democratic process by local people can be enhanced

To receive petitions, deputations and representations from local people and other stakeholders about areas of concern within their overview and scrutiny remit, to refer them to the Executive, appropriate committee or officer for action, with a recommendation or report if the committee considers that necessary

To consider any referral within their remit referred to it by a member under the Councillor Call for Action, and if they consider it appropriate to scrutinise decisions and/or actions taken in relation to that matter, and/or make recommendations/report to the Executive (for executive matters) or the Council (non-executive matters)

(e) Finance

To exercise overall responsibility for finances made available to it for use in the performance of its overview and scrutiny function.

(f) Work programme

As far as possible to draw up a draft annual work programme in each municipal year for consideration by the overview and scrutiny Business Panel. Once approved by the Business Panel, the relevant select committee will implement the programme during that municipal year. Nothing in this arrangement inhibits the right of every member of a select committee (or the Business Panel) to place an item on the agenda of that select committee (or Business Panel respectively) for discussion.

The Council and the Executive will also be able to request that the overview and scrutiny select committee research and/or report on matters of concern and the select committee will consider whether the work can be carried out as requested. If it can be accommodated, the select committee will perform it. If the committee has reservations about performing the requested work, it will refer the matter to the Business Panel for decision.

The following roles are specific to the Healthier Communities Select Committee:

(a) To fulfil all of the Overview and Scrutiny functions in relation to the provision of service by and performance of health bodies providing services for local people. These functions shall include all powers in relation to health matters given to the Council's Overview and Scrutiny Committee by any legislation but in particular the Health and Social Care Act 2001, the NHS Act 2006 as amended, the Health and Social Care Act 2012 and regulations made under that legislation, and any other legislation in force from time to time. For the avoidance of doubt, however, decisions to refer matters to the Secretary of State in circumstances where a health body proposes significant development or significant variation of service may only be made by full Council.

(b) To review and scrutinise the decisions and actions of the Health and Wellbeing Board and to make reports and recommendations to the Council and/or Mayor and Cabinet.

(c) To review and scrutinise in accordance with regulations made under Section 244 NHS Act 2006 matters relating to the health service in the area and to make reports and recommendations on such matters in accordance with those regulations

(d) Require the attendance of representatives of relevant health bodies at meetings of the select committee to address it, answer questions and listen to the comments of local people on matters of local concern.

(e) To fulfil all of the Council's Overview and Scrutiny functions in relation to social services provided for those 19 years old or older including but not limited to services provided under the Local Authority Social Services Act 1970, National Assistance Act 1948, Mental Health Act 1983, NHS and Community Care Act 1990, Health Act 1999, Health and Social Care Act 2001, NHS Act 2006, Health and Social Care Act 2012 and any other relevant legislation in place from time to time.

(f) To fulfil all of the Council's Overview and Scrutiny functions in relation to the lifelong learning of those 19 years or over (excluding schools and school related services).

(g) To receive referrals from the Healthwatch and consider whether to make any report/recommendation in relation to such referral (unless the referral relates solely to health services for those aged under 19 years of age, in which case the referral from the Healthwatch should be referred to the Children and Young People Select Committee

(h) To review and scrutinise the Council's public health functions.

(i) Without limiting the remit of this Select Committee, its terms of reference shall include Overview and Scrutiny functions in relation to:-

- people with learning difficulties
- people with physical disabilities
- mental health services
- the provision of health services by those other than the Council
- provision for elderly people
- the use of Section 75 NHS Act 2006 flexibilities to provide services in partnership with health organisations
- lifelong learning of those aged 19 years or more (excluding schools and school related services)
- Community Education Lewisham
- Libraries

- other matters relating to Health and Adult Care and Lifelong Learning for those aged 19 years or over

(j) Without limiting the remit of the Select Committee, to hold the Executive to account for its performance in relation to the delivery of Council objectives in the provision of adult services and health and lifelong learning.

NB In the event of there being overlap between the terms of reference of this select committee and those of the Children and Young People Select Committee, the Business Panel shall determine the Select Committee, which shall deal with the matter in question.

## Appendix C – Criteria for selecting topics

The Centre for Public Scrutiny (CfPS) has developed a useful set of questions to help committees prioritise items for scrutiny work programmes:

### General questions to be asked at the outset

- Is there a clear objective for scrutinising this topic – what do we hope to achieve?
- Does the topic have a potential impact for one or more section(s) of the population?
- Is the issue strategic and significant?
- Is there evidence to support the need for scrutiny?
- What are the likely benefits to the council and its customers?
- Are you likely to achieve a desired outcome?
- What are the potential risks?
- Are there adequate resources available to carry out the scrutiny well?
- Is the scrutiny activity timely?

### Sources of topics

The CfPS also suggest that ideas for topics might derive from three main sources: the public interest; council priorities; and external factors. These are described below.

#### Public interest

- Issues identified by members through surgeries, casework and other.
- Contact with constituents.
- User dissatisfaction with service (e.g. complaints).
- Market surveys/citizens panels.
- Issues covered in media

#### Internal council priority

- Council corporate priority area.
- High level of budgetary commitment to the service/policy area (as percentage of total expenditure).
- Pattern of budgetary overspend.
- Poorly performing service (evidence from performance indicators/ benchmarking).

#### External Factors

- Priority area for central government.
- New government guidance or legislation.
- Issues raised by External Audit Management Letters/External Audit reports.
- Key reports or new evidence provided by external organisations on key issue.

### Criteria to reject items

Finally, the CfPS suggest some criteria for rejecting items:

- issues being examined elsewhere - e.g. by the Cabinet, working group, officer group, external body;
- issues dealt with less than two years ago;
- new legislation or guidance expected within the next year;

- no scope for scrutiny to add value/ make a difference;
- the objective cannot be achieved in the specified timescale.
