3. Recommendations

The Select Committee is asked to:

 - 19 April 2016
 - 18 May 2016
 - 28 June 2016
 - 13 September 2016

- 18 October 2016

5. Context

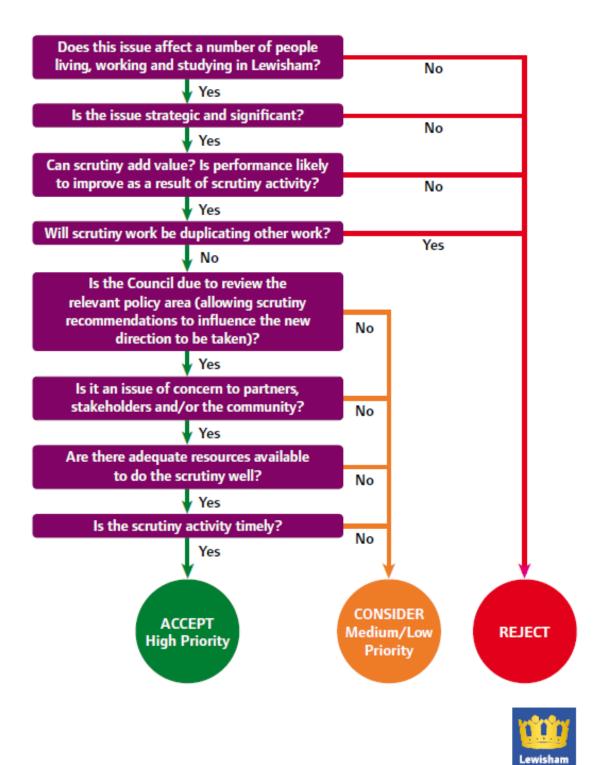

- 5.1 The Committee has a responsibility for carrying out the duties of the Overview and Scrutiny Committee as they relate to the provision of service by, and performance of, health bodies providing services for local people. The Committee's terms of reference are set out in appendix A.
- 5.2 The Committee regularly scrutinises the work of Lewisham's Community Services directorate, which includes teams responsible for adult social care, joint commissioning, community education and public health. The Committee also has a role in questioning local providers and commissioners including Lewisham and Greenwich NHS Trust, South London and Maudsley NHS Foundation Trust and Lewisham's clinical commissioning group.
- 5.3 The Committee works with Healthwatch Lewisham and Lewisham's Health and Wellbeing board to drive improvements to services for local people.

6. Deciding on items for the work programme

- 6.1 When deciding on items to include in the work programme, the Committee should have regard to:
 - items the Committee is required to consider by virtue of its terms of reference;
 - the criteria for selecting and prioritising topics;
 - the capacity for adding items;
 - the context for setting the work programme and advice from officers;
 - suggestions already put forward by Members.

6.2 The following flow chart, based on the Centre for Public Scrutiny (CfPS) advice for prioritising topics is designed to help Members decide which items should be added to the work programme:

Scrutiny work programme – prioritisation process

7. Different types of scrutiny

7.1 It is important to agree how each work programme item will be scrutinised. Some items may only require an information report to be presented to the Committee and others will require performance monitoring data or analysis to be presented. Typically, the majority of items take the form of single meeting items, where members:

(a) agree what information and analysis they wish to receive in order to achieve their desired outcomes;

(b) receive a report presenting that information and analysis;

(c) ask questions of the presenting officer or guest;

(d) agree, following discussion of the report, whether the Committee will make recommendations or receive further information or analysis before summarising its views.

7.2 For each item, the Committee should consider what type of scrutiny is required and whether the item is high or medium/low priority (using the prioritisation process). Allocating priority to work programme items will enable the Committee to decide which low and medium priority items it should remove from its work programme, when it decides to add high priority issues in the course of the year.

In-depth review

- 7.3 Some items might be suitable for an in-depth review, where the item is scrutinised over a series of meetings. Normally this takes four meetings to complete:
 - Meeting 1: Scoping paper (planning the review)
 - Meetings 2 & 3: Evidence sessions
 - Meeting 4: Agreeing a report and recommendations
- 7.4 If the Committee wants to designate one of its work programme items as an indepth review, this should be done early in the municipal year to allow sufficient time to carry out the review. A scoping paper for the review will then be prepared for the next meeting.

8. Provisional 2016/17 work programme

- 8.1 The Scrutiny Manager has drafted a provisional work programme for the Committee to consider, which is attached at appendix B. This includes:
 - suggestions from the Committee in the previous year;
 - suggestions from officers;
 - issues arising as a result of previous scrutiny;
 - issues that the Committee is required to consider by virtue of its terms of reference;
 - items requiring follow up from Committee reviews and recommendations;
 - standard reviews of policy implementation or performance, which is based on a regular schedule;

- 8.2 The Committee should also give consideration to:
 - issues of importance to Local Assemblies
 - decisions due to be made by Mayor and Cabinet (appendix F).

Suggestions from the Committee

- 8.3 At its last meeting of the 2015/16 municipal year, the Committee agreed that the following suggestions would be put forward for consideration as part of the work programme for this year:
 - An item about the deal for adult social care and wellbeing offered by Wigan Council, as an approach to providing adult social care.
 - Devolution

Suggestions from officers

- 8.4 The following are additional suggestions from officers:
 - Health and social care integration;
 - Devolution business case;
- 8.5 The budget report to Council in February 2016 estimated that a further £45m of savings will be required for the period 2017/18 to 2019/20, profiled circa £15m per year. This estimate will be updated in the Medium Term Financial Strategy in July 2016, along with the Mayor's request for work on a three year budget. In order to achieve these savings the Council continues to work on a series of thematic (Lewisham Future Programme) and cross-cutting (Lewisham 2020) reviews to fundamentally revisit the way it delivers services.
- 8.6 It remains officers intention to bring forward savings for scrutiny and decision as and when they are identified. However, it is also recognised that the annual cycle will mean the majority of savings for the following financial year will be presented over the summer for decision in the autumn. Officers remain committed to regular interactions with Members in order to facilitate scrutiny of the specific savings proposals as they arise. The Select Committees will therefore need to retain capacity in their work programmes to consider these as necessary.
- 8.7 <u>Issues arising as a result of previous scrutiny</u>
 - Development of Neighbourhood Care Networks;
 - Access to GP services

Issues that the Committee is required to consider by virtue of its terms of reference

- 8.8 Items added to the provisional work programme under this heading include:
 - Healthwatch annual report
 - Public health annual report
 - Delivery of the health and wellbeing strategy priorities
 - Adult safeguarding reports

Items requiring follow up from Committee reviews and recommendations

8.9 Monitoring plans for the transition from childrens' to adults' social care

Standard reviews of policy implementation or performance, which is based on a regular schedule

- 8.10 In previous years, Members of the Committee have agreed to consider the following items on a regular cycle:
 - Leisure centre contract
 - Community education annual report

Decisions due to be made by Mayor and Cabinet

8.11 Members are asked to review the most recent notice of key decisions (at appendix F) and suggest any additional items for further scrutiny.

Consideration of issues of importance to Local Assemblies

- 8.12 A list of assembly priorities is included at appendix D. Members are asked to consider whether there are issues of importance arising from their interactions with their ward assembly that should be considered for further scrutiny.
 - Ten of the ward assemblies have priorities relating to intergenerational activities or caring for older people.
 - Lewisham Central and Lee Green wards have developed specific priorities relating to local health and wellbeing.
- 8.13 It is up to the Committee to agree the provisional work programme, outlined at appendix B and decide which items should be removed and which should be added.

10. Approving, monitoring and managing the work programme

- 10.1 In accordance with the Overview and Scrutiny Procedure rules outlined in the Council's constitution, each select committee is required to submit their annual work programme to the Overview and Scrutiny Business Panel. The Business Panel will meet on 27 April 2016 to consider provisional work programmes and agree a co-ordinated Overview and Scrutiny work programme, which avoids duplication of effort and which facilitates the effective conduct of business.
- 10.2 The work programme will be reviewed at each meeting of the Committee. This allows urgent items to be added and items which are no longer a priority to be removed. Each additional item added should first be considered against the criteria outlined above. If the committee agrees to add additional items because they are high priority, it must then consider which medium/low priority items should be removed in order to create sufficient capacity. The Committee has seven scheduled meetings this municipal year and its work programme needs to be achievable in terms of the amount of meeting time available.

10.3 At each meeting of the Committee, there will be an item on the work programme presented by the Scrutiny Manager. When discussing this item, the Committee will be asked to consider the items programmed for the next meeting. Members will be asked to outline what information and analysis they would like in the report for each item, based on the outcomes they would like to achieve, so that officers are clear on what they need to provide.

Length of meetings

- 10.4 Provision is made for Committee meetings to last for two and a half hours. If the items scheduled for the meeting are not completed within this time the Committee may decide suspend standing orders. The Council's constitution also provides the option for meetings to be adjourned by the Chair until a later date (with limitations). The suspension of standing orders and any decision to adjourn a meeting are matters for Members of the Committee and the Chair.
- 10.5 The length of each item at Committee meetings will vary based on a number of factors including the complexity of the subject under scrutiny; the number of issues identified by members and the range of questions put to officers/guests.

The number of items scheduled for each meeting

- 10.6 The terms of reference of the Committee are broad and there are many areas of health and wellbeing provision that the Committee could scrutinise. The prioritisation process set out above (at paragraph 6.2) is designed to help the Committee decide whether it should add items to its work programme.
- 10.7 Where the committee identifies issues of interest that are low priority because:
 - they are not due to be reviewed by the Council;
 - there are inadequate resources available to carry out the scrutiny effectively;
 - the issue has recently been reviewed by others;

Members may wish to make a request to receive a briefing – or task the relevant scrutiny manager to identify sources of further information for circulation to the Committee in order to provide context for future discussions.

10.8 It is for Members of the Committee to decide how many items should be scheduled for the meeting. However, giving consideration to the time available and the length of previous meetings of the Committee, Members may wish to schedule three items for each meeting, leaving space available for responses to consultations, substantial variations and other urgent business.

The order of items at meetings

10.9 The Council's standing orders require that the minutes of previous meetings, declarations of interest and responses to select committees from Mayor and Cabinet are considered as the first items on select committees' order of business. At the beginning of the municipal year – it is also necessary for a committee to decide on a chair and vice chair and to set a programme of business for the coming year at the earliest opportunity.

- 10.10 It has become standard practice for committees to consider items presented by guests and officers from partner organisations at the beginning of each agenda. This allows these speakers and presenters to be released from the meeting.
- 10.11 The Committee has been asked to allocate a level of priority to each of the items on its work programme. Following the consideration of standing items, taking into account invitations to guests and external witnesses as well as the complexity and length of the reports on the agenda, work programmes are ordered by priority (from high to low).
- 10.12 Decisions about agreeing the order of business and changing the priority of items for discussion are made by the Chair, with the agreement of the Committee.

11. Financial implications

There may be financial implications arising from some of the items that will be included in the work programme (especially reviews) and these will need to be considered when preparing those items/scoping those reviews.

12. Legal implications

In accordance with the Council's Constitution, all scrutiny select committees must devise and submit a work programme to the Business Panel at the start of each municipal year.

13. Equalities implications

- 13.1 The Equality Act 2010 brought together all previous equality legislation in England, Scotland and Wales. The Act included a new public sector equality duty, replacing the separate duties relating to race, disability and gender equality. The duty came into force on 6 April 2011. It covers the following nine protected characteristics: age, disability, gender reassignment, marriage and civil partnership, pregnancy and maternity, race, religion or belief, sex and sexual orientation.
- 13.2 The Council must, in the exercise of its functions, have due regard to the need to:
 - eliminate unlawful discrimination, harassment and victimisation and other conduct prohibited by the Act
 - advance equality of opportunity between people who share a protected characteristic and those who do not.
 - foster good relations between people who share a protected characteristic and those who do not.
- 13.3 There may be equalities implications arising from items on the work programme and all activities undertaken by the Committee will need to give due consideration to this.

14. Crime and disorder implications

There may be crime and disorder implications arising from some of the items that will be included in the work programme (especially reviews) and these will need to be considered when preparing those items/scoping those reviews.

Appendix C – Criteria for selecting topics

The Centre for Public Scrutiny (CfPS) has developed a useful set of questions to help committees prioritise items for scrutiny work programmes:

General questions to be asked at the outset

- Is there a clear objective for scrutinising this topic what do we hope to achieve?
- Does the topic have a potential impact for one or more section(s) of the population?
- Is the issue strategic and significant?
- Is there evidence to support the need for scrutiny?
- What are the likely benefits to the council and its customers?
- Are you likely to achieve a desired outcome?
- What are the potential risks?
- Are there adequate resources available to carry out the scrutiny well?
- Is the scrutiny activity timely?

Sources of topics

The CfPS also suggest that ideas for topics might derive from three main sources: the public interest; council priorities; and external factors. These are described below.

Public interest

- Issues identified by members through surgeries, casework and other.
- Contact with constituents.
- User dissatisfaction with service (e.g. complaints).
- Market surveys/citizens panels.
- Issues covered in media

Internal council priority

- Council corporate priority area.
- High level of budgetary commitment to the service/policy area (as percentage of total expenditure).
- Pattern of budgetary overspend.
- Poorly performing service (evidence from performance indicators/ benchmarking).

External Factors

- Priority area for central government.
- New government guidance or legislation.
- Issues raised by External Audit Management Letters/External Audit reports.
- Key reports or new evidence provided by external organisations on key issue.

Criteria to reject items

Finally, the CfPS suggest some criteria for rejecting items:

- issues being examined elsewhere e.g. by the Cabinet, working group, officer group, external body;
- issues dealt with less than two years ago;
- new legislation or guidance expected within the next year;

- no scope for scrutiny to add value/ make a difference;
 the objective cannot be achieved in the specified timescale.

How to carry out an in-depth review
