1. PURPOSE

- 1.1. This report sets out the draft Pension Fund accounts for the financial year ending 31 March 2017.
- 1.2. The accounts were signed off by the Chief Financial Officer on 2 June 2017 and sent to the external auditors.

2. RECOMMENDATION

- 2.1. Members are asked to note the draft Pension Fund accounts for the year ended 31 March 2017, as set out in Appendix 1.

3. DRAFT PENSION FUND ACCOUNTS

- 3.1. The Council, as an administering authority under the Local Government Pension Scheme Regulations, is required to produce a separate set of accounts for the scheme's financial activities, assets and liabilities.
- 3.2. The contents and format of the accounts are determined by statutory requirements and mandatory professional standards as established by the Chartered Institute of Public Finance (CIPFA) in their Statement of Recommended Practice (SORP).
- 3.3. The Pension Fund accounts will be subject to a separate audit by the Council's external auditors Grant Thornton which must be completed by 31 July 2017.
- 3.4. The Council is also required to publish an Annual Report which incorporates elements of the financial accounts before 1 December 2017. This document will be the subject of a further report to this Committee when the audit is substantially complete.
- 3.5. The accounts comprise two main statements with supporting notes. The main statements are:
 - The Fund Account, which details dealings with members, employers and others directly involved in the scheme as well as returns on investments, and essentially represents the Fund's revenue account.

- The Net Assets Statement, which details the Fund’s asset holdings and liabilities, and essentially represents the Fund’s balance sheet.
- 3.6. Within the Fund Account, the section “Dealings with members, employers and others directly involved in the scheme” sets out the movement in the net worth of the Fund in year by analysing principally the receipt of contributions from employers and active members, and the payment of pensions. This section indicates the Fund is cash negative, in that the benefits payable exceed the contributions receivable by £8.2m.
 - 3.7. The line on management expenses is analysed in further detail within the notes to the accounts and includes investment management fees, administration expenses, and oversight and governance expenses. When including these expenses, net withdrawals from the Fund during the year total £10.3m.
 - 3.8. The section “Returns on investments” details the income received from the investment portfolio and the impact of manager’s activities and market activity on the value of investments. The net return on investments for the year was £243m, £237m of which was due to an increase in market value. Overall, the value of the Fund increased by £233m during the period.
 - 3.9. The Net Assets Statement represents the net worth of the Fund as at 31 March 2017, and reflects how the transactions outlined in the Fund Account have impacted on the value of the Fund’s assets.
 - 3.10. The section “Net Current Assets and Liabilities” includes debtors and creditors, which represent income and expenditure owing as a result of investment transactions such as interest income and pending trades, and non-investment transactions including contributions owing from admitted and scheduled bodies and fund manager fees.
 - 3.11. Members should note that these accounts are draft and may be subject to change between now and final sign-off. Any such changes will be detailed in working papers for presentation to external audit.
