4. REVIEW OF LOCAL CODE OF CORPORATE GOVERNANCE 2016 – 17

Paul Aladenika, Principal Policy Officer, introduced the report and explained that this is a standard report presented to the Committee annually.

A brief discussion followed and an enquiry was raised as to whether there was a better way of interrogating the Code of Corporate Governance. It was explained that this Committee had approved the Local Code of Corporate Governance and had recommended its adoption to Council. .

It was explained that examples are provided within the report to demonstrate compliance with the Code. It was noted that the current report fails to make any reference to two contemporary activities which should properly be incorporated in the review. It was also suggested that consideration be given to a reference to the Overview and Scrutiny mid-term review within the review of the Code of Corporate Governance. It was agreed that revisions would be made and a further report be presented to the next meeting of the Standards Committee.

It was suggested that this would be an

opportune time to look at making the Code more customer friendly and accessible.

An enquiry was made as to the inspection regime following the abolition of the Audit Commission. It was agreed that officers will provide Committee members with the requested information clearly demonstrating those areas no longer inspected following the abolition of the Audit Commission.

RESOLVED that:

- (i) the review of the Local Code of Corporate Governance be revised to include additional examples of Council activity and be brought to the next meeting of the Committee.
- (ii) officers provide Committee members with information confirming Council provision which is no longer inspected post Audit Commission abolition.
- (iii) the report be otherwise noted
