Report Title	2019/20 Revenue Budget Cuts – Draft M&C Report		
Key Decision	No	Item No.	5
Ward	All Wards		
Contributors	Executive Director for Resources & Regeneration		
Class	Part 1	Date:	31 October 2018

1. PURPOSE

- 1.1. To set out the draft officer revenue budget cuts proposals for consideration by Scrutiny, to enable their comments to be taken by Mayor & Cabinet (M&C) when receiving these cuts on the 21 November, as part of the preparation of a balanced budget for 2019/20 and future years.

2. EXECUTIVE SUMMARY

- 2.1. The Council's net General Fund budget for 2018/19 is £241.3m. This is based on using reserves for the fifth consecutive year to balance the budget and follows four years of Directorates overspending, in part due to the delivery of cuts becoming harder. The current forecast for 2018/19 is an overspend of £11.4m (at July 2018), of which £1.3m relates to previously agreed but as yet undelivered cuts.
- 2.2. To put the Council's finances on a sustainable footing, the Medium Term Financial Strategy identifies the need for £30m of ongoing cuts in the two years to 2020/21 - £17m in 2019/20 and £13m in 2020/21. This is on top of the need to address the persistent in-year overspend in Directorate budgets.
- 2.3. The MTFs anticipates that an additional £25m worth of cuts will be required in the two years following 2020/21. However, these projections remain tentative pending confirmation of any policy, funding, or wider implications from the Chancellor of the Exchequer's Autumn Budget in November and Local Government Finance Settlement announcement in December, and the next Comprehensive Spending Review (CSR) and Fair Funding Review, expected in 2019.
- 2.4. From 2010 to 2020 this will bring the total cuts required to £194m, of which £164m have been agreed with £162.7m delivered and £1.3m in the forecast overspend. This report concentrates on £21m of the £30m budget cuts required to balance the budget over the next two years. Table 1 below shows the agreed budget cuts since 2010 by directorate.

2.5. These cuts have been made in the context of government funding for Local Authorities in England being reduced by 63% over the decade from 2010, Council's facing inflationary pressures of over 20% since 2010, and in Lewisham the demands on the Council increasing as the population has risen to over 300,000 from the 2011 census position of 275,000, a 10% increase.

2.6. The detail presented in this report identifies potential cuts proposals from officers of £20.8m over the two year period 2019/20 to 2020/21. By Directorate and Division these proposals are outlined in table 2 below:

2.7. The report presents a summary of the cuts proposed with detailed proformas provided for each of the proposed cuts for 2019/20 and 20/21 by Directorate appended to this report.

- 2.8. At this stage, if all the proposed cuts are agreed and there are no further proposals, nor any surprises from the local government finance settlement in December, the Council's budget for 2019/20 would need to be set using £7.6m of reserves.
- 2.9. There is scope for two additional rounds of budget cuts to be taken through the decision process as part of setting the 19/20 budget, as detailed in section 10 below. Consideration of how the gap for 2019/20 will be closed, either through proposals for further cuts or the use of reserves, will be addressed in subsequent reports to Mayor and Cabinet up to and including the 2019/20 budget report in February 2019.
- 2.10. Overall the strategic focus for services in terms of the Medium term Financial Strategy is on:
- Catching-up and delivering unachieved budget cuts in 2018/19 and taking management action to bring overspends back in-line with budgets;
 - Continuing the work to manage demand, improve service effectiveness and efficiency, and generate income to bring the return for this work through the financial monitoring in 2019/20; and
 - Work on bringing forward further proposals to close the budget gap as soon as possible, including through 2018/19 and 2019/20 so that part year effects can be taken.

3. RECOMMENDATIONS

- 3.1. Scrutiny committees are asked to review and comment on these proposals and recommendations and that their feedback is referred on by Public Accounts Committee for Mayor & Cabinet as follows:
- 3.2. Mayor and Cabinet are asked to:
- 3.2.1. Note the progress with identifying budget cuts, the £7.6m shortfall against the target for 2019/20, and the implications for the use of reserves.
- 3.2.2. Review the new cuts proposals presented in Section 9 and Appendices 1 to 4, totalling £20.8m and referenced:
- CYP1 to CYP7
 - COM1 to COM17
 - CUS1 to CUS14
 - RES1 to RES19
- 3.2.3. Consider the comments of the Public Accounts Select Committee of the 16 November 2018, which incorporates the views of the respective select committees.

- 3.2.4. Authorise officers to carry out consultations where staff consultation is necessary in relation to the proposal and delegate the decision to the relevant Executive Director for the service concerned.
- 3.2.5. Authorise officers to carry out consultations where public consultation is necessary in relation to the proposal and ask officers to report back to the Mayor with the outcome, for a decision to be made.
- 3.2.6. Where no consultation is required, either:
- agree the cut proposal, or
 - delegate the decision to the relevant Executive Director for the service concerned.
- 3.2.7. Or, request officers to complete further work to clarify the proposal and that officers then re-submit the proposal at the earliest opportunity for a decision.

5. POLICY CONTEXT

- 5.1. The Council's strategy and priorities drive the Budget with changes in resource allocation determined in accordance with policies and strategy. The Council's vision "together, we will make Lewisham the best place in London

to live, work and learn” was adopted by the Lewisham Strategic Partnership as part of the Sustainable Community Strategy, along with six over-arching priorities:

Sustainable Community Strategy

- **Ambitious and achieving:** where people are inspired and supported to their potential.
- **Safer:** where people feel safe and live free from crime, antisocial behaviour, and abuse.
- **Empowered and responsible:** where people are actively involved in their local area and contribute to supportive communities.
- **Clean, green, and liveable:** where people live in high quality housing and can care for and enjoy their environment.
- **Healthy, active and enjoyable:** where people can actively participate in maintaining and improving their health and well-being.
- **Dynamic and prosperous:** where people are part of vibrant communities and town centres, well connected to London and beyond.

Corporate Priorities

The Council’s ten ‘enduring’ priorities were agreed by full Council and are the principal mechanism through which the Council’s performance is reported and through which the impact of saving and spending decisions are assessed. The Council’s priorities also describe the Council’s contribution to the delivery of Lewisham’s Sustainable Community Strategy priorities.

- **Community Leadership and Empowerment:** developing opportunities for the active participation and engagement of people in the life of the community.
- **Young people’s achievement and involvement:** raising educational attainment and improving facilities for young people through partnership working.
- **Clean, green, and liveable:** improving environmental management, the cleanliness and care for roads and pavements, and promoting a sustainable environment.
- **Safety, security, and a visible presence:** partnership working with the police and others to further reduce crime levels and using Council powers to combat anti-social behaviour.
- **Strengthening the local economy:** gaining resources to regenerate key localities strengthen employment skills and promote public transport.
- **Decent Homes for all:** investment in social and affordable housing to achieve the decent homes standard, tackle homelessness, and supply key worker housing.
- **Protection of children:** better safeguarding and joined up services for children at risk.

- **Caring for adults and older people:** working with health services to support older people and adults in need of care.
- **Active, healthy citizens:** leisure, sporting, learning, and creative activities for everyone.
- **Inspiring efficiency, effectiveness, and equity:** ensuring efficiency and equity in the delivery of excellent services to meet the needs of the community.

Values

5.2. Values are critical to the Council's role as an employer, regulator, securer of services and steward of public funds. The Council's values shape interactions and behaviours across the organisational hierarchy, between officers, and members, between the council and partners and between the council and citizens. In taking forward the Council's Budget Strategy, we are guided by the Council's four core values:

- We put service to the public first.
- We respect all people and all communities.
- We invest in employees.
- We are open, honest, and fair in all we do.

5.3. Very severe financial constraints have been imposed on Council services with cuts to be made year on year on year, and this on-going pressure is addressed here in this report, incorporating further budget cuts for 2019/20.

6. FINANCIAL CONTEXT

6.1. The Council has a net General Fund budget for the current financial year, 2018/19, of £241.3m. The schools Dedicated Schools Grant (DSG) and Housing Revenue Account (HRA) are discrete and so do not form part of this report.

6.2. In addition, the Council receives and spends other income and grants for General Fund services which are budgeted for on a net nil basis – i.e. expenditure matches the level of income. These include: Public Health, Better Care Fund & improved Better Care Fund, fees and charges; and various grants for areas such as troubled families and homelessness. Any overspend in these areas has to be met from other resources in the General Fund.

6.3. In 2017/18 the Council ended the financial year with a Directorate overspend position of £16.5m with the largest pressures being in the areas of Children's Social Care, Children's Joint Commissioning, and Environment services. These pressures arise from a combination of:

- The impact of government policy changes;

- Market developments and responses to inspection findings;
 - Demand pressures as the population of Lewisham grows; and
 - Difficulties in delivering agreed cuts with the full financial impact.
- 6.4. The 2018/19 budget is under pressure from the need to deliver services within the available level of financial resource and identify further reductions. The 2018/19 budget was set using £8.6m of reserves as insufficient cuts were agreed. This cuts shortfall is carried forward and forms part of the £17m target for 2019/20. Any unachieved cuts in 2019/20 will most likely have to be met by using reserves and will then also be carried forward to 2020/21, increasing the budget reductions requirement for that year.
- 6.5. Furthermore, Directorates are currently forecasting an end of year overspend in the region of £11.4m, including £1.3m of as yet unachieved cuts. Any overspend also has to be met from the use of the Council's once-off reserves and provisions.
- 6.6. In the nine years between 2010/11 and 2018/19 the Council has agreed budget cuts of £164m of which £162.7m have been delivered and £1.3m form part of the forecast overspend for 2018/19 as noted above.
- 6.7. In July 2018, the Council's Medium Term Financial Strategy (MTFS) was presented to members. This referenced a number of risks, the likelihood and impacts of which remain uncertain. The main risks are in the areas of:
- reducing preventative services;
 - changes in regulations and standards;
 - government policy and funding changes; and
 - demographic change and wider social implications linked to the above.
- 6.8. For 2019/20 and beyond, to put the Council's finances on a sustainable footing, the MTFS identifies the need for £30m of ongoing cuts in the two years to 2020/21 – split £17m in 2019/20 and £13m in 2020/21.
- 6.9. The MTFS also anticipates that post 2020 approximately £25m of further cuts will be required over the two year period starting 2021/22. These longer dated cuts projections remain uncertain pending confirmation of any policy, funding, or wider economic changes. These estimates will be revisited for any implications from the Chancellor of the Exchequer's Autumn Budget in November and in the 2019/20 provisional Local Government Finance Settlement announcement in December. And, looking further ahead, more fundamentally for the impacts from the next Comprehensive Spending Review (CSR) expected in 2019, including a Fair Funding Review.
- 6.10. The Council's four year Revenue Support Grant settlement comes to an end in 2019/20. There is uncertainty as to the level of funding the Council will receive after 2019/20. Funding baselines for local authorities, as determined

by the local government finance settlement, are based on an assessment of local authorities' relative needs and resources. The methodology behind this assessment was introduced over ten years ago, and has not been updated since the introduction of the 50% business rates retention system in 2013/14.

- 6.11. The government is therefore undertaking a Fair Funding Review to update the needs formula and set new funding baselines for the start of the new 75% (currently 100% retention with the pilot pool) business rates retention scheme, from April 2020.
- 6.12. It is expected that the 2020/21 provisional local government finance settlement will be announced in December 2019. Until then, the uncertainty in the Council's future funding forecasts remains.

7. LEWISHAM 2020

- 7.1. The cuts proposals are considered through the lens of the enabling approaches, set out in the Lewisham 2020 strategy, to help with monitoring the impact of the cuts and service changes.
- 7.2. The Lewisham 2020 themes are:
- Creating the conditions where communities will be able to support themselves;
 - Actively exploring all opportunities to share services;
 - Digitising our services and our interactions with residents (to help simplify and manage demand); and
 - Developing entrepreneurial approaches to income generation, particularly in relation to assets.
- 7.3. Table 3 below summarises examples of cuts made to date and proposed (as set out in this report) by Lewisham 2020 transformation theme.

Table 3: Examples of cuts

Transformation theme	Examples - proposed
Communities supporting themselves	<ul style="list-style-type: none"> • Strengthening community support and personalisation of adult social care • Looking to community for action where grant funding and local assemblies budgets reduced
Sharing Services	<ul style="list-style-type: none"> • None at this time
Digitising services	<ul style="list-style-type: none"> • Children and Adult Social Care system improvements • Improved access to public services and automation

Transformation theme	Examples - proposed
Income generation	<ul style="list-style-type: none"> • Timely charging and collection of debt (e.g. for adult social care services) • Arts (e.g. Broadway Theatre) and events (e.g. parks) • Changes to charges for garden and commercial waste, lumber, and bereavement services • Income from commercial estate, electric vehicle charging points, and for planning services
Managing demand	<ul style="list-style-type: none"> • Working with market providers for children and adult social care services to improve access to lower cost provision options (better outcomes at lower cost) • Alternative more cost effective temporary accommodation provision • Stopping members car run service.

7.4. In addition to the approaches noted above, the level of cuts required continues to require work on cost control in all areas (e.g. use of agency staff, contract management, etc.) and an acceptance of more service and financial risk through ever leaner corporate governance, risk and control arrangements.

8. APPROACH TO 2019/20 BUDGET CUTS

8.1. Over the past five years, the Lewisham Future Programme was the Council's approach to carry out a fundamental review of services and drive organisational change in order to meet the required reductions in spending needed to set balanced budgets. This Programme focused on the areas of greatest spend, recognising that in consecutive years of significant spending reductions, even greater innovation, focus on the customer, and cross-cutting thinking was required to deliver budget cuts whilst attempting to minimise the impacts on the residents and customers of Lewisham.

8.2. Five years on, the continuing use of reserves to set the annual budget and urgency for the Council to further reduce its budget has not diminished the imperative for cuts. There still remains significant pressure on the Council's limited resources to meet the growing demands of the people it serves.

8.3. Officers have therefore recognised the need for a fresh approach to the budget cuts process which will look differently at the pressures, risks, and opportunities which lie ahead. With a new administration developing a new community strategy and new chief executive evaluating options and the priorities for change, the approach for bringing forward cuts proposals for 2019/20 has reverted to a rigorous back to basics approach, focused on the Directorates accountability for delivering services to budget.

- 8.4. This year has therefore seen the reintroduction of the Star Chamber process. Targets have not been set by service area or work strand. Instead, Heads of Service were asked to set out the full range of cuts that could be made (including any investment required) for 2019/20 and 2020/21, setting out the risks, and possible mitigations, up to their boundaries with statutory responsibilities.
- 8.5. The Executive Management Team held Star Chamber meetings with each Executive Director summarising the financial position for their services and the actions being taken to manage costs within budget. Heads of Service then presented their cuts proposals for the following two years. The purpose of the EMT Star Chamber sessions was to ensure that all options are considered, and any financial interdependencies between services were not overlooked.

The Decision making process

- 8.6. The decision making process for budget cuts depends on the nature of each individual cut being proposed. The decision depends on the scale and impact of the proposal and the actions required to deliver it. For example; a proposal requiring staff consultation can either be reserved by Mayor and Cabinet to themselves or follow the usual delegation for employment matters to the chief executive. In either case the decision can only be taken after completion of the consultation and a full report setting out the equalities, legal and financial implications for the decision maker.
- 8.7. Table 4 below shows the combination of criteria possible for a proposal (the first three rows) with the remaining rows identifying the options for concluding the decision available to Mayor & Cabinet. Appendix 8 shows which proposals require consultation etc.

9. PROPOSED BUDGET CUTS

- 9.1. The £20.8m of cuts presented in overview in this section all relate to the cuts required of £30m for 2019/20 and 20/21. The proposed cuts are presented by Directorate and have passed through the Star Chamber process.
- 9.2. A number of proposals relate to increasing income generation, whilst others require an initial investment to facilitate the changes necessary to reduce costs. Further details are presented setting these details out in the proformas at Appendices 1 to 4.

Children and Young People's Directorate

- 9.3. The Directorate of Children and Young People has proposed budget cuts of £3.7m over a period of two years. This represents 7% of the directorate's net budget. The majority of cuts are from the children's social care budget, mainly improving systems and increasing efficiencies.
- 9.4. The detailed proposals are attached at Appendix 1 to this report and summarised in table 5 below:

Community Services Directorate

- 9.5. The following cuts are proposed by the Community Services Directorate over a period of two years. The total cuts represent 8% of the Directorate's total net budget. Over half of the total cuts are to the Adult Social Care budget focussing on cost reduction over the two year period.
- 9.6. Details of each proposal can be found in Appendix 2 of this report. A supplementary report on the cost of Adult Social Care is attached to this report at Appendix 2b. The report aims to improve understanding of the service and provides information on the weekly cost of a care package by

service user type, how many people in that group receive that type of care, and a typical type of care a person might receive for that weekly cost.

Customer Services Directorate

9.7. The following cuts are proposed by Customer Services directorate over a period of two years. These proposals represent a reduction of 17% of the directorate's net budget. Eight out of the fourteen proposals are centered on increasing income, and three proposals will require investment in order to be achieved.

9.8. Details of each proposal can be found in Appendix 3 of this report:

10. TIMETABLE

- 10.1. The key dates for considering this cuts report via scrutiny and Mayor and Cabinet (M&C) are as follows:

Review of budget cuts proposals	Healthier	Children & Young People	Sustainable	Housing	Safer Stronger	Public Accounts
Select Ctte.	9 Oct	17 Oct	29 Oct	31 Oct	5 Nov	16 Nov
M&C	21 November					

- 10.2. The M&C decisions are then subject to the usual Business Panel scrutiny call in process and reconsideration at the following M&C if necessary. The M&C report will be presented to the Overview and Scrutiny Business Panel on the 4 December 2018.
- 10.3. If required, two more cuts rounds can be taken through the decision process, still with the possibility (if no consultation required) of achieving a full-year effect of cuts in 2019/20. The key dates for these rounds are as follows:

Review of Cuts proposals	Healthier Communities	Children & Young People	Sustainable Development	Housing	Public Accounts	Safer Stronger
Select Ctte.	3 Dec	6 Dec	12 Dec	17 Dec	20 Dec	19 Dec
M&C	16 January 2019					
Select Ctte.	16 Jan	24 Jan	30 Jan	31 Jan	5 Feb + Budget	4 Feb
M&C	6 Feb + Budget					

- 10.4. The Overview and Scrutiny Business Panel for these rounds will be 29 January and 19 February respectively.

11. FINANCIAL IMPLICATIONS

- 11.1. This report is concerned with the cuts proposals to enable the Council to address the future financial challenges it faces. There are no direct financial implications arising from the report other than those stated in the report and appendices itself.

12. LEGAL IMPLICATIONS

Statutory duties

- 12.1. The Council has a variety of statutory duties which it must fulfil by law. The Council cannot lawfully decide not to carry out those duties. Even where there is a statutory duty there is often a discretion about the level of service provision. Where there is an impact on statutory duty that is identified in the report. In other instances, the Council provides services in pursuit of a statutory power, rather than a duty, and though not bound to carry out those activities, decisions about them must be taken in accordance with the decision making requirements of administrative law.

Reasonableness and proper process

- 12.2. Decisions must be made reasonably taking into account all relevant considerations and disregarding all irrelevant matters. These are particular to the service reductions proposed and are set out in the body of the report. It is also imperative that decisions are taken following proper process. Depending on the particular service concerned, this may be set down in statute, though not all legal requirements are set down in legislation. For example, depending on the service, there may be a need to consult with service users and/or others and where this is the case, any proposals in this report must remain proposals unless and until that consultation is carried out and the responses brought back in a further report for consideration with an open mind before any decision is made. Whether or not consultation is required, any decision to discontinue a service would require appropriate notice. If the Council has published a procedure for handling service reductions, there would be a legitimate expectation that such procedure will be followed.

Staffing reductions

- 12.3. If service reductions would result in redundancy, then the Council's usual redundancy and redeployment procedure would apply. If proposals would result in more than 20 but fewer than 100 redundancies in any 90 day period, there would be a requirement to consult for a period of 30 days with trade unions under Section 188 Trade Union and Labour Relations (consolidation) Act 1992. The consultation period increases to 45 days if the numbers are 100 or more. This consultation is in addition to the consultation required with the individual employees. If a proposal entails a service re-organisation, decisions in this respect will be taken by officers in accordance with the Council's re-organisation procedures.

Equalities Legislation

- 12.4. The Equality Act 2010 (the Act) introduced a public sector equality duty (the equality duty or the duty). It covers the following protected characteristics: age, disability, gender reassignment, marriage and civil partnership, pregnancy and maternity, race, religion or belief, sex and sexual orientation.

- 12.5. In summary, the Council must, in the exercise of its functions, have due regard to the need to:
- Eliminate unlawful discrimination, harassment and victimisation and other conduct prohibited by the Act.
 - Advance equality of opportunity between people who share a protected characteristic and those who do not.
 - Foster good relations between people who share a protected characteristic and those who do not.
- 12.6. It is not an absolute requirement to eliminate unlawful discrimination, harassment, victimisation or other prohibited conduct, or to promote equality of opportunity or foster good relations between persons who share a protected characteristic and those who do not. It is a duty to have due regard to the need to achieve the goals listed in the paragraph above.
- 12.7. The weight to be attached to the duty will be dependent on the nature of the decision and the circumstances in which it is made. This is a matter for the Mayor, bearing in mind the issues of relevance and proportionality. The Mayor must understand the impact or likely impact of the decision on those with protected characteristics who are potentially affected by the decision. The extent of the duty will necessarily vary from case to case and due regard is such regard as is appropriate in all the circumstances.
- 12.8. The Equality and Human Rights Commission has issued Technical Guidance on the Public Sector Equality Duty and statutory guidance entitled “Equality Act 2010 Services, Public Functions & Associations Statutory Code of Practice”. The Council must have regard to the statutory code in so far as it relates to the duty and attention is drawn to Chapter 11 which deals particularly with the equality duty. The Technical Guidance also covers what public authorities should do to meet the duty. This includes steps that are legally required, as well as recommended actions. The guidance does not have statutory force but nonetheless regard should be had to it, as failure to do so without compelling reason would be of evidential value. The statutory code and the technical guidance can be found at:
<https://www.equalityhumanrights.com/en/advice-and-guidance/equality-act-codes-practice>
- 12.9. <https://www.equalityhumanrights.com/en/advice-and-guidance/equality-act-technical-guidance>
- 12.10. The Equality and Human Rights Commission (EHRC) has previously issued five guides for public authorities in England giving advice on the equality duty:
- The essential guide to the public sector equality duty.
 - Meeting the equality duty in policy and decision-making.
 - Engagement and the equality duty: A guide for public authorities.
 - Objectives and the equality duty. A guide for public authorities.
 - Equality Information and the Equality Duty: A Guide for Public Authorities.

- 12.11. The essential guide provides an overview of the equality duty requirements including the general equality duty, the specific duties and who they apply to. It covers what public authorities should do to meet the duty including steps that are legally required, as well as recommended actions. The other four documents provide more detailed guidance on key areas and advice on good practice. Further information and resources are available at:
<https://www.equalityhumanrights.com/en/advice-and-guidance/public-sector-equality-duty-guidance#h1>
- 12.12. The EHRC has also issued Guidance entitled “Making Fair Financial Decisions”.<https://www.equalityhumanrights.com/en/advice-and-guidance/making-fair-financial-decisions>. It appears at Appendix ix and attention is drawn to its contents.
- 12.13. The equalities implications pertaining to the specific service reductions are particular to the specific reduction.
- 12.14. Members are reminded that the overall equalities in respect of these cuts and the other scrutinised and presented to Mayor & Cabinet in September 2015 were considered through the individual proposals and overall. Appendix xi presents that information for ease of reference.

The Human Rights Act

- 12.15. Since the introduction of the Human Rights Act 1998 (HRA) the rights set out in the European Convention on Human Rights (ECHR) have been incorporated into UK law and can be enforced in the UK courts without recourse to the European courts.
- 12.16. Those articles which are particularly relevant in to public services are as follows:-
- | | | |
|------------|---|---|
| Article 2 | - | the right to life |
| Article 3 | - | the right not to be subject to inhuman or degrading treatment |
| Article 5 | - | the right to security of the person |
| Article 6 | - | the right to a fair trial |
| Article 8 | - | the right to a private and family life, home and correspondence |
| Article 9 | - | the right to freedom of thought, conscience and religion |
| Article 10 | - | the right to freedom of expression |
| Article 11 | - | the right to peaceful assembly |
| Article 14 | - | the right not to be discriminated against on any ground |
- The first protocol to the ECHR added
- | | | |
|-----------|---|---|
| Article 1 | - | the right to peaceful enjoyment of property |
| Article 2 | - | the right to education |
- 12.17. Some of these rights are unconditional, such as the right not to be tortured or subject to degrading treatment. Others may be limited in finite and well

defined circumstances (such as the right to liberty. Others are qualified and must be balanced against the need of the wider community – such as the right to a private and family life. Where there are human rights implications associated with the proposals in this report regard must be had to them before making any decision.

Crime and Disorder

12.18. Section 17 of the Crime and Disorder Act 1998 requires the Council to have regard to the likely effect on crime and disorder when it exercises its functions, and the need to do all that it reasonably can to prevent crime and disorder in its area.

Best value

12.19. The Council remains under a duty under Section 3 Local Government Act 1999 to secure continuous improvement in the way its functions are exercised, having regard to a combination of economy, efficiency and effectiveness. It must have regard to this duty in making decisions in respect of this report.

Environmental implications

12.20. Section 40 Natural Environment and Rural Communities Act 2006 states that “every public authority must, in exercising its functions, have regard, so far as is consistent with the proper exercise of those functions to the purpose of conserving biodiversity”. No such implications have been identified in this report.

Specific legal implications

12.21. Members’ attention is drawn to the specific legal implications arising in relation to particular proposals set out in the relevant proforma in Appendices 1 to 4 of this report.

Equalities Implications

12.22. Each budget cut proposal reviews the potential equalities implications for those impacted. In this case, they are mainly all Low or Not Applicable (N/A). There are seven exceptions, four high and three medium.

12.23. The assessed medium impacts are in respect of the following:

- Com9, cut to intensive housing advice and support service,
- Res4, the policy, service design and intelligence – reduction in staffing proposal, and;
- Cus9, cost reductions in homelessness provision – income generation and net budget reductions, Cus9.

- 12.24. The equality implications assessed as high are as follows:
- Com8, Change in the public engagement responsibilities for air quality and dedicated funding,
 - Com10, Crime, Enforcement & Regulation reorganisation
 - Com11, Hub Libraries cuts to staffed opening hours; and
 - Com12, Cut to Main Grants budget

12.25. Subject to being agreed, these assessments will be kept under review as the cuts to services are implemented.

13. CONCLUSION

13.1. The Council expects to need to make further cuts between now and 2020/21 as the resources available to run services continue to be reduced and because insufficient budget reductions have been identified to date. This results in the Council having to use its reserves when setting the budget. This is not sustainable as reserves are only available on a once off basis.

13.2. The expected amount and timing of the cuts for 2019/20 and future years has been detailed above. However, the definitive position is dependent on the Autumn Budget and Local Government Finance Settlement due in November and December respectively.
