Key Objectives...

- Improve the interface and patient experience between primary care and secondary care.
- Improving physical health for Mental Health patients.
- To reduce health inequalities with a specific focus on individuals and communities with 'Protected Characteristics'
- Improved interface between acute, mental health, community and social care to reduce pressure on urgent care pathways generated by Mental Health referrals.
- Improve access to local health and care services & early intervention.
- Provide Co-ordinated care ensuring that provision is personalised, co-ordinated around individuals and delivered closer to home.

NHS Lewisham Clinical Commissioning Group

Our Journey

- Partnership formed and objectives identified in 2018.
- Shadow Alliance established in April 2019.

Next Steps June 2019.

- Community redesign in partnership with service users and carers.
 - Emphasis on Improving Access to Psychology therapy for BAME patients.
 - Developing an integrated approach in primary care.
