Introduction

The Lewisham Safeguarding Children Partnership is committed to supporting a mutual and reflective learning culture within and across all partners.

We want to use this culture to bring about changes that will lead to an improved practice system for children and families and a reduction in child abuse and neglect. We know that because of the nature of child abuse, children may die or be seriously harmed even when practice is excellent and, in some cases, despite the excellent work being done by front line staff. We recognise that there is always room for learning and improvement and that there are situations where errors or failings within the system, or by individuals, may contribute to challenges in safeguarding children.

Much of our learning comes from cases. Historically this learning and our resources have been focused on safeguarding incidents that required formal statutory reviews. While we will continue to learn from these incidents, we will use our new freedom as a partnership to ensure that the way we capture the learning is proportionate and meaningful. This means that we may recommend a review by the national Child Safeguarding Practice Review Panel, commission a local child safeguarding practice review for publication, undertake a local multi or single agency learning review or consider whether a single or multi agency audit might provide the most useful learning.

We want to realign to focus more on capturing learning from 'no harm' incidents as well as good practice which is equally valuable, and we will disseminate the findings a way that is most likely to bring about improvement in practice. Any practitioner, with agreement from their safeguarding lead, can refer things to the Learning from Practice Group that do not meet the threshold for a serious safeguarding incident but which they believe are important for learning.

Throughout all our work, we will seek to enable an evidence-based process of learning that will shape and positively transform services in order to promote an effective safeguarding culture.

The following pages detail the systems we have put in place to learn from cases. Our approach is both challenging and supportive. We want to learn from what works, as well as look openly and forensically when things do not work as well as they should. When we identify weaknesses, our focus will be on evidence, analysis and system improvement; not who did or didn't do what and when.

Learning from Good Practice and Near Misses

RATIONALE

The Lewisham Safeguarding Children Partnership recognises that if we focus learning only on serious safeguarding incidents where a child has died or been seriously harmed and abuse is known or suspected, we risk limiting or distorting our understanding of whole system functioning.

We know that there are sometimes 'near misses', concerns about new safeguarding challenges, feedback from children and families and evidence of good practice that need to be shared and analysed to improve the way we work. Often the learning from these cases is held in supervision or within teams, and the wider partnership does not benefit from the knowledge.

The Learning from Practice Group encourages all practitioners to report these for consideration for learning and dissemination.

WHAT SHOULD BE REFERRED

We know that the everyday nature of these occurrences sometimes makes them hard to identify and risk can often be overlooked or unnoticed.

In some cases, something could have gone wrong, but it has been prevented. In others, something did go wrong but no serious harm was caused. Occasionally a practitioner may be concerned about how services worked together to ensure a child's welfare or safety.

There will be times when disputes are resolved through the Escalation Process, but it is thought that there may be wider learning about how we deal with issues such as cognitive bias, professional hierarchies, accountability and interagency practice and that the partnership will benefit from a wider discussion.

HOW TO REFER

Practitioners should discuss their concerns with their Safeguarding Lead and complete the REFERRAL FOR PRACTICE LEARNING FORM (Appendix vi) and send it to safeguardingboard@lewisham.gov.uk.

WHAT HAPPENS NEXT

Upon receipt, the referral will be passed to the Chair of the Learning From Practice Group. The referrals will normally be taken to the next scheduled Learning From Practice meeting where the group will determine how learning can best be captured and used to improve practice.

This could include:

- Undertaking a review of the specific case
- Grouping referrals to identify issues for exploration through a thematic learning review or single or multi agency audits
- Anonymising for use in training
- Taking to the TriBorough Learning from Practice Group for wider learning

Whatever decision is made, the referrer will be informed.

Learning from Serious Safeguarding Incidents

WHAT IS A SERIOUS SAFEGUARDING INCIDENT?

Working Together to Safeguarding Children 2018 defines a serious child safeguarding incident as one in which:

- The abuse or neglect of a child is known or suspected

AND

- The child has died or been seriously harmed

Serious harm includes (but is not limited to) serious and/or long-term impairment of a child's mental health or intellectual, emotional, social or behavioural development.

In Lewisham, we have extended the definition of a Serious Safeguarding Incident to include cases where:

- The child has died or been seriously harmed

AND

- There are extra familial safeguarding factors such as violence, exploitation or criminality in the school, community or peer network **OR** concerns about how relevant agencies in the Partnership have worked together to safeguard the child

HOW TO MAKE A REFERRAL ABOUT A SERIOUS SAFEGUARDING INCIDENT

In Lewisham, the Multi Agency Safeguarding Hub (MASH) is the designated single point of contact for serious safeguarding concerns, including those where a child has died or been seriously injured and abuse or neglect is suspected.

If a practitioner in any agency believes that a child has suffered significant harm due to abuse and neglect they should make a referral to the MASH as soon as possible after the serious incident occurs.

In a small minority of these cases, these will be child deaths. Although it is important to recognise that the vast majority of child deaths have medical or public health consequences, it is estimated that 4% relate to safeguarding. Whenever the death of a child is sudden with no apparent cause, a Joint Agency Response in the hospital

will look at the circumstances surrounding the death. If, after investigation, they have cause to believe that abuse is known or suspected they should inform the MASH.

If the threshold for a Serious Safeguarding Incident has been reached, practitioners should inform the MASH using the REFERRAL OF A SERIOUS INCIDENT FORM (Appendix i). The MASH is responsible for informing the Strategic Lead of the Safeguarding Children Partnership.

WHAT HAPPENS NEXT

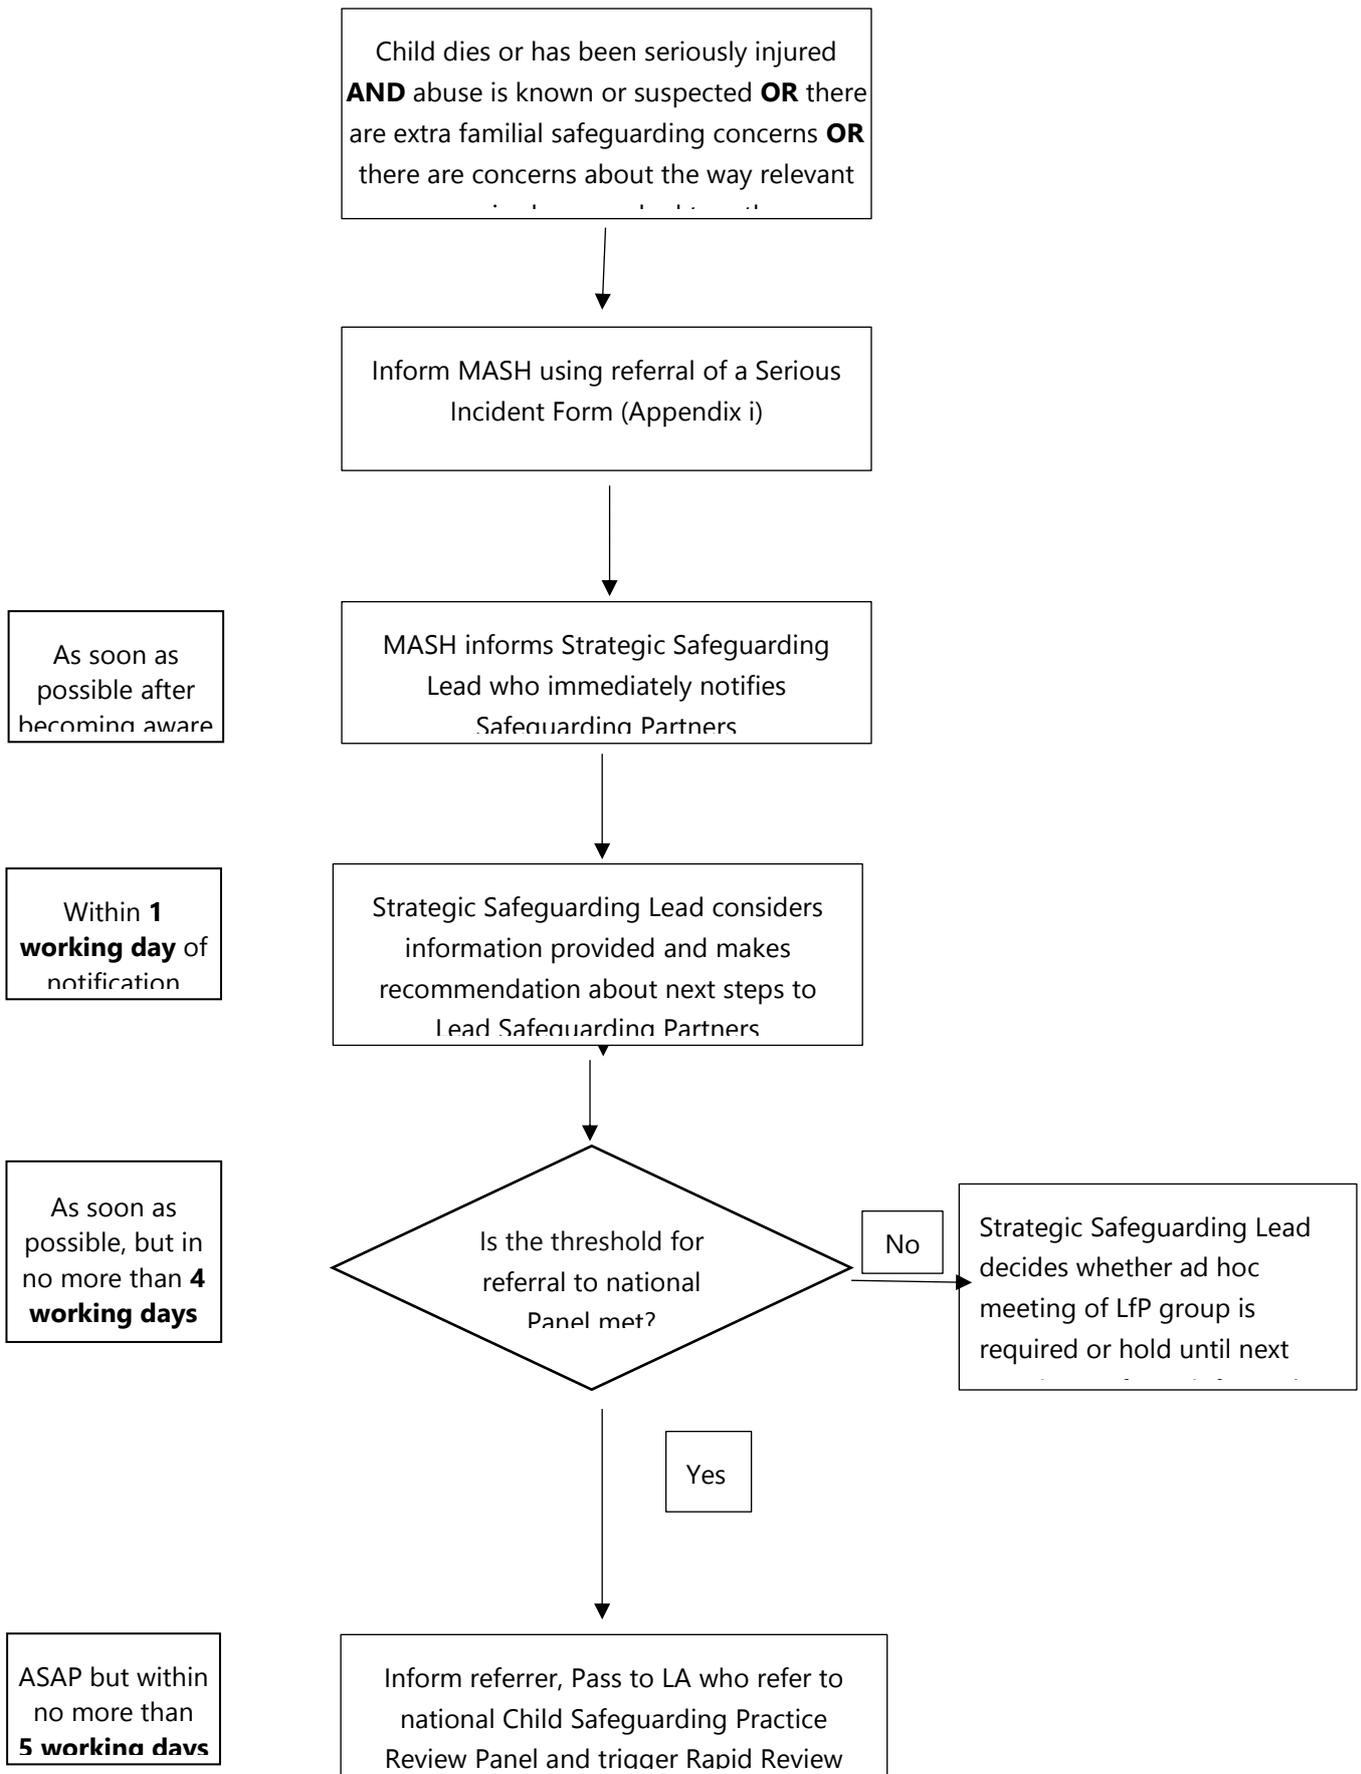

The Strategic Partnership Lead will alert the lead representatives of the three safeguarding partners and the Learning from Practice Chair within one working day upon receipt of any referral that appears to meet the criteria.

As soon as possible, but in no more than five working days, the Strategic Safeguarding Lead should make a decision about whether they believe the criteria have or have not been met and should make a recommendation to the lead representatives of the safeguarding partners. The decision about whether the criteria have been met rests with the three safeguarding partners. If there is disagreement about the outcome, the scrutineer can be asked to mediate.

If the criteria have been met, the Strategic Safeguarding Lead should inform the local authority who have statutory responsibility for making the formal notification to the national Child Safeguarding Practice Review Panel (national Panel).

Once a decision has been made to notify the national Panel, the Strategic Safeguarding Lead who will initiate a Rapid Review.

If the case does not meet the threshold for referral to the national Child Safeguarding Practice Review Panel, it will either be taken to the next scheduled meeting of the Learning from Practice Group or, if requested by the lead representatives for the safeguarding partners and/or the recommendation of the Chair of the Learning From Practice Group, a special meeting will be organised.

THE RAPID REVIEW

Once it is known that a case is being referred to the national Child Safeguarding Practice Review Panel, the safeguarding partners are required to undertake a Rapid Review of the case.

The Rapid Review must be completed within the timescales outlined in guidance from the national Panel (currently 15 working days of **becoming aware of the incident**).

The national Panel does not have the power to require the safeguarding partners to undertake a local child safeguarding practice review.</p>

Initial Scoping, Information Sharing and the Securing of Records

All agencies who have had involvement with the subject child or family will be required to contribute to a Rapid Review. An initial scoping of agencies' intervention will need to be completed and other relevant information will need to be gathered quickly. To support this, the INITIAL SCOPING AND INFORMATION SHARING FORM FOR A RAPID REVIEW (Appendix iii) should be used.

The purpose of initial scoping and information sharing is to gather the basic facts about the case, including determining the extent of agency involvement with the child and family. More detailed information will be sought if the Rapid Review concludes the case has the potential to identify national or local learning and a decision is made to progress to a formal Child Safeguarding Practice Review or alternative Learning Review.

The INITIAL SCOPING AND INFORMATION SHARING FORM FOR A RAPID REVIEW (Appendix iii) should be sent out to all relevant agencies within 2 working days of the notification to the national Child Safeguarding Practice Review Panel, along with an accompanying letter that briefly outlines the referral and explains the purpose of this initial scoping (Appendix ii) and an invitation for the Rapid Review meeting which should be held between 9 and 11 days following the referral.

Agencies should prioritise completion of the form and return it within 5 working days.

There is an expectation that all agencies will ensure that a senior representative who has not had direct involvement in the case will be present at the Rapid Review meeting.

All agencies should also secure all records/files in relation to the case, ensuring they are removed to a secure place where they are not accessible to agency personnel other than through a nominated representative. (This request is included in the template letter – Appendix ii). Where access to the records is required for ongoing case work, a copy should be made and secured.

Documentation

The following documents should be shared with all those attending the Rapid Review meeting:

- Minutes of a Joint Agency Response meeting (if one has been held)
- the completed Referral of a Serious Incident Form that initiated the process
- the Local Authority Serious Incident Notification to Ofsted, DfE and the national Panel in relation to the incident (if completed)
- copies of the completed Initial Scoping and Information Sharing Forms from involved agencies.

Wherever possible the documentation will be shared with participants in advance of the meeting. However, it is recognised that it may on occasion be necessary to share documentation at the meeting.

The Rapid Review Meeting

The meeting should include representatives from each of the safeguarding partners and any other relevant individuals. It will only be quorate if at least one representative is present from each of the safeguarding partners (the CCG, Police and Local Authority).

The Rapid Review meeting should:

- review the facts about the case as presented in the documentation;
- discuss whether there is any immediate action needed to ensure children's safety and share any learning appropriately;
- consider the potential for identifying improvements to safeguard and promote the welfare of children;
- decide whether or not to undertake a Child Safeguarding Practice Review. If the decision is not to proceed with a formal Child Safeguarding Practice Review, the Group will consider whether an alternative form of learning review is appropriate. In some cases, the rapid review process may identify key local learning that can be quickly acted upon, removing the need for further review.

THE REPORT OF THE RAPID REVIEW DECISION AND RECOMMENDATIONS FOR SUBMISSION TO THE NATIONAL CHILD SAFEGUARDING REVIEW PANEL (Appendix v) should be completed in outline form and the outcome agreed at this meeting. Where there is not unanimous agreement about the recommended outcome, this must be clearly recorded and shared with the lead representatives for the three safeguarding partners.

Sharing the Outcome of the Rapid Review

Within 2 working days of the Rapid Review meeting, the lead representatives for the three safeguarding partners should approve the recommendations of the Rapid Review Meeting. If there is disagreement about the outcome, the scrutineer can be asked to mediate.

The completed report of RAPID REVIEW DECISION AND RECOMMENDATIONS FOR SUBMISSION TO THE NATIONAL CHILD SAFEGUARDING PRACTICE REVIEW PANEL together with a covering letter (Appendices iv and v) to the national Child Safeguarding Practice Review Panel. (Mailbox.NationalReviewPanel@education.gov.uk)

Individual agencies are responsible for notifying their own inspectorate bodies as required.

Next Steps

The Learning from Practice Group will take responsibility for ensuring that any recommended reviews or audits are undertaken, that all actions are completed and identifying where and how practice has improved as a result of this activity.

If a local Child Safeguarding Practice Review or Learning Review is recommended, the Learning From Practice group will assume responsibility for the following activities under the direction of the lead safeguarding representatives:

- Preparing the terms of reference including proposed methodology
- Commissioning an Independent Chair and any Independent Reviewer
- Ensuring that the work is completed within six months
- Publishing any completed reviews

REFERRAL OF A SERIOUS INCIDENT FORM

Serious child safeguarding cases are those in which:

- the child has died or been seriously harmed **and**
- abuse or neglect of a child is known or suspected **or**
there are extra familial safeguarding factors such as violence, exploitation or criminality in the schools, community or peer network.

Serious harm includes (but is not limited to) serious and/or long-term impairment of a child’s mental health or intellectual, emotional, social or behavioural development. It should also cover impairment of physical health¹.

Any individual or organisation working with children should inform the relevant safeguarding partners² of any incident they think should be considered for a child safeguarding practice review, or other type of learning review, using this form.

Professionals should discuss the case with their agency designated safeguarding lead/officer to help formulate the rationale. If you need advice completing this form please contact us: our phone and email address are included at the end of this form. **A referral should be made as soon as possible after the serious incident occurs.**

LETTER TO ACCOMPANY INITIAL SCOPING AND INFORMATION SHARING FORM FOR A RAPID REVIEW

Dear Named Representative of Agency ,

Child Safeguarding Practice Review – Initial Scoping and Information Sharing

We have received notification of a serious incident which may meet the criteria for a child safeguarding practice review. We will, therefore, be holding a Rapid Review to consider the case.

To inform the Rapid Review meeting, we need to gather the basic facts about the case and determine the extent of agency involvement with the child and/or any family members. This will help the safeguarding partners decide whether to undertake a formal child safeguarding practice review and to determine the most appropriate method to identify and cascade learning from this case.

We are initially asking agencies to:

1. Clarify whether your organisation had any involvement with the subject child and/or named individuals within the family composition outlined in Section 1 of the attached form.
2. Complete the attached '*Initial Scoping and Information Sharing*' form if you have had any involvement with the subject child or a member of their family.
3. Secure all records/files in relation to this case, ensuring that they **are removed to a secure place** where they are **not accessible** to agency personnel other than through you or your nominated representatives.
4. Keep your agency's submission in relation to this case **separate** from the case records/files.

If the child or family is not known to your organisation, please confirm this in writing.

We are required to hold the Rapid Review meeting and agree the way forward within timescales outlined in national guidance (currently within 15 working days). This initial scoping and information sharing form should, therefore, be returned to us at the address included on the form **within 5 working days**. In this case this will be **[insert submission date]**.

If you require any further information please contact [insert contact name and phone number].

Yours sincerely,

Chair of the Learning From Practice Group

REPORT OF RAPID REVIEW DECISIONS AND RECOMMENDATIONS FOR SUBMISSION TO NATIONAL CHILD SAFEGUARDING PRACTICE REVIEW PANEL

Purpose of the Rapid Review

In line with *Working Together 2018*, the aim of this rapid review is to enable safeguarding partners to:

- gather the facts about the case, as far as can be readily established;
- discuss whether there is any immediate action needed to ensure children's safety and share any learning appropriately;
- consider the potential for identifying improvements to safeguard and promote the welfare of children;
- decide what steps to take next, including whether or not to undertake a child safeguarding practice review.

Name and Address	Relationship to Child	Date of Birth	Legal Status	Ethnic Origin

Case Summary

Please provide a brief outline of the child and family circumstances and the incident that triggered this rapid review:

Documentation available to this Rapid Review:

Section 2: Consideration of Case, Criteria and Guidance

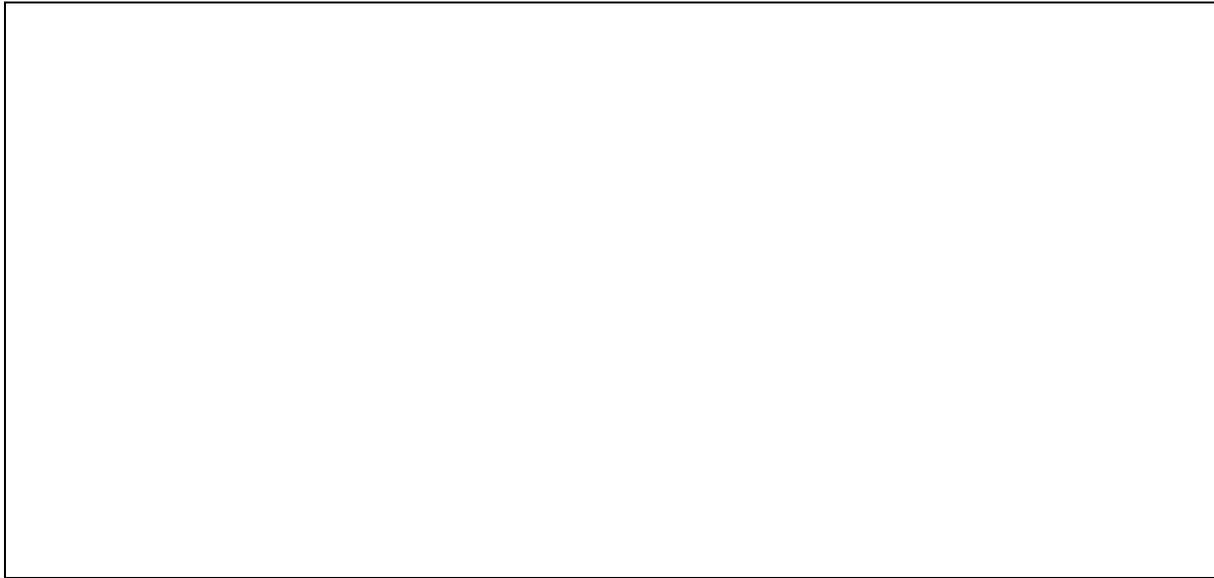

This should be completed during the meeting and agreed by participants.

2.1 Immediate Action

Has ALL appropriate immediate action been taken to ensure children’s safety and share any learning appropriately?

Yes No

Please give details of action taken. If no, what actions need to be taken? When will these be taken and by whom?

2.2 Identifying Improvements to Safeguard and Promote the Welfare of Children

Those present at the Rapid Review have considered whether to carry out a local child safeguarding practice review and have agreed that the case has the potential to meet the following criteria: *Tick all that are relevant. These should be agreed by all participants in the Rapid Review.*

- highlights or may highlight improvements needed to safeguard and promote the welfare of children, including where those improvements have been previously identified
- highlights or may highlight recurrent themes in the safeguarding and promotion of the welfare of children
- highlights or may highlight concerns regarding two or more organisations or agencies working together effectively to safeguard and promote the welfare of children
- is one which the Child Safeguarding Practice Review Panel have considered and concluded a local review may be more appropriate
- safeguarding partners have cause for concern about the actions of a single agency
- there has been no agency involvement and this gives the safeguarding partners cause for concern
- more than one local authority, police area or clinical commissioning group is involved, including in cases where families have moved around
- the case may raise issues relating to safeguarding or promoting the welfare of children in institutional settings

- None of the above

2.3 Rapid Review Discussions

Record of Rapid Review discussion and case analysis against the criteria for statutory review processes. The Rapid Review conclusion should clarify the nature of harm suffered and whether it meets the criteria for serious harm and/or long term impairment of health. If the Rapid Review identifies immediate learning that can be acted upon, the outcome should be summarised:

Has legal advice been sought? *If yes, please give details.*

Section 3: Recommendation

After completing this Rapid Review it has been agreed that this case:

- a) Meets the criteria for a national Child Safeguarding Practice Review
- b) Meets the criteria for a local Child Safeguarding Practice Review
- c) Does not meet the criteria but warrants an alternative Learning Review
- d) Warrants consideration of DHR, SAR, MAPPA SFO or other

Please state: _____

- e) Warrants a Single-Agency Review
 - f) Warrants a Multi-Agency Audit
 - g) Warrants a Single Agency Audit
 - h) Needs no Further Action
 - i) The Rapid Review has identified learning that has been acted upon,

obviating the need for further review
 - j) Other
- Please state: _____

Definition of terms

Review: Is an evaluation designed to identify potential service delivery and procedural improvements.

Audit: The process of systematic examination carried out to assess how successfully processes have been implemented.

Rationale for Recommendation. When the Rapid Review decision is that a case does not meet the criteria for a Child Safeguarding Practice Review, other review options must be considered .

Dear Edward Timpson CBE,

Decision of the Rapid Review of **[insert case name / reference]**

I am writing to you in your capacity as Chair of the Child Safeguarding Practice Review Panel.

Our Safeguarding Partners received notification of a serious incident which may meet the criteria for a child safeguarding practice review on **[insert date]** and have, therefore, undertaken a Rapid Review to consider the case.

This Rapid Review included a representative from each of the Safeguarding Partners and concluded that the case **meets the criteria for a national Child Safeguarding Practice Review / meets the criteria for a local Child Safeguarding Practice Review / does not meet the criteria for a Child Safeguarding Practice Review. [Delete as appropriate]**

I attach for your information a copy of our completed Rapid Review Template which provides a summary of the case and the Rapid Review's decision-making process and rationale. This decision has been endorsed by the three lead representatives for our Safeguarding Partnership.

I trust this is sufficient information for you to share with the Panel. However, please do not hesitate to contact me if you require any further information.

Yours sincerely

REFERRAL FOR PRACTICE LEARNING FORM

Criteria for Practice Learning

The Lewisham Safeguarding Children Partnership recognises that if we focus learning only on serious safeguarding incidents where a child has died or been seriously harmed **and** abuse is known or suspected, we risk limiting or distorting our understanding of whole system functioning.

We know that there are sometimes 'no harm' incidents, concerns about new safeguarding challenges, feedback from children and families and, more positively, evidence of good practice that needs to be shared to improve the way we work.

The Learning From Practice Group encourages all practitioners to discuss these with their Designated Safeguarding Lead/Representative to consider whether these should be referred for dissemination and learning.
