

Mayor and Cabinet

Report title: Comments of the Sustainable Development Select Committee on the draft waste strategy

Date: 14 July 2021.

Key decision: No.

Class: Part 1.

Ward(s) affected: All

Contributor: Sustainable Development Select Committee

Outline and recommendations

This report informs the Mayor and Cabinet of the comments and views of the Sustainable Development Select Committee, arising from discussions on the draft waste strategy.

Mayor and Cabinet is asked to consider the Committee's comments and ask the relevant officers to provide a response.

1. Summary

- 1.1. On Wednesday 29 June 2021, the Sustainable Development Select Committee considered a report from officers on the draft waste strategy ([link to the agenda for the meeting of Sustainable Development Select Committee on 29 June 2021](#)) The Committee reflected on the contents of the report – and received a presentation from officers. Following questions to officers, the Committee agreed to refer its views to Mayor and Cabinet.

2. Recommendation

- 2.1. Mayor and Cabinet is asked to consider the Committee's comments and ask the relevant officers to provide a response.

3. Sustainable Development Select Committee views

- 3.1. The Committee recommends that – where residents live above shops or on high streets and are required to leave their refuse for collection on the pavement – consideration should be given to clearly demarcating these collection areas in order to avoid confusion and/or the perception of the levels of illegal dumping.
- 3.2. The Committee also recommends that further work should be carried out to develop a

rounded Council-wide approach to illegal dumping. This should include options for utilising the full force of the Council's powers – including measures such as: anti-social behaviour orders on businesses; section 215 notices and any powers available for enforcement against landlords in the private rented sector.

- 3.3. The Committee believes that there should be a clear communications campaign regarding the Council's preferred mobile and online applications and reporting routes.
- 3.4. Furthermore, the Committee recommends that further work should take place to review all of the ways in which residents and businesses are able to report environmental issues digitally – in order to aggregate comments and reports into a single place.
- 3.5. The Committee recommends that there should be an assertive strategy to find operators for new second hand, re-use and resale markets in the borough. The Committee believes that consideration should be given to the options for licensing commercial resellers to access the Council's reuse and recycling centre.
- 3.6. The Committee recognises and welcomes the cleaner Lewisham campaign – and it recommends that Mayor and Cabinet should consider the options for a new 'Lewisham in Bloom' campaign in order to build on the incentives for residents and businesses to take pride in local areas. Members also believe that this should include options for community participation – and may involve the production of new art work or local events – as well as resident involvement in clean-up activities, such as the running of 'community skip' days.
- 3.7. The Committee asks that in future reports on the waste strategy – it receive clear financial and budgetary information – as well as future projections and targets for the delivery of the strategy.

4. Financial implications

- 4.1. There are no direct financial implications arising from the implementation of the recommendations in this report. However, there may be implications arising from them implementation of the Committee's recommendations. These will need to be considered as part of the response.

5. Legal implications

- 5.1. The Constitution provides for select committees to refer reports to the Mayor and Cabinet, who are obliged to consider the report and the proposed response from the relevant Executive Director; and report back to the Committee within two months (not including recess).

6. Equalities implications

- 6.1. The [Equality Act 2010](#) (The Act) legally protects people from discrimination in the workplace and in wider society. It replaced the previous anti-discrimination laws with a single act, making the law easier to understand and strengthen protection in certain situations. It covers the following nine protected characteristics: age, disability, gender reassignment, marriage and civil partnership, pregnancy and maternity, race, religion or belief, sex and sexual orientation.
- 6.2. The Act also imposes a public sector equality duty. This means that in public bodies, of which this Council is designated, they must consider all individuals in carrying out their day-to-day work when shaping policy, in delivering services and in relation to their own employees. It also requires public bodies to:
 - Have due regard to the need to eliminate discrimination
 - Advance equality of opportunity

- Foster good relations between different people when carrying out their activities
- 6.3. The Council recognises diversity is one of its strengths and is committed to creating a more inclusive community. Therefore, having due regard to the Act, is confirmation of the Council's commitment to eliminating all forms of discrimination against any group within the community and to actively promote an equality of opportunity and positive community partnership.
- 6.4. The delivery of the Council's equalities objectives is to be achieved through the delivery of all of the Council's strategies, plans and procedures. As such, all select committees and other scrutiny bodies, when planning their work and scrutinising items, bear in mind the delivery of the Council's equality objectives.
- 6.5. Scrutiny tries to make sure that its work reflects the diversity of Lewisham's communities and that the views of residents are fairly represented in scrutiny processes. Any recommendations arising from scrutiny work support the Council's corporate strategy and reflect the needs of local residents
- 6.6. There may be equalities implications arising from the implementation of the Committee's recommendations – these will need to be considered in the response.

7. Climate change and environmental implications

- 7.1. There are no direct climate change or environmental implications arising from the implementation of the recommendation in this report. However, in February 2019 Lewisham Council declared a Climate Emergency and proposed a target to make the borough carbon neutral by 2030. The declaration tasked the Sustainable Development Committee with scrutinising the Council's emerging plans. All reports considered by the Committee should acknowledge this.

8. Crime and disorder implications

- 8.1. There are no direct crime and disorder implications arising from the implementation of the recommendations in this report. There may be implications arising from the implementation of the Committee's recommendations – these will need to be considered in the response.

9. Health and wellbeing implications

- 9.1. There are no direct health and wellbeing implications arising from the implementation of the recommendations in this report. There may be implications arising from the implementation of the Committee's recommendations – these will need to be considered in the response.
