want for every single resident and that we know are what we need to focus on locally. These four strategic themes are: An economically sound future; a healthy and well future; a greener future; and a future we all have a part in. The first of these is particularly relevant to digital inclusion for people with learning disabilities:

- *An economically sound future: We are working to get the borough back in business, with a future where everyone has the jobs and skills they need to get the best that London has to offer. We are a borough with businesses that are adaptable and prepared for change, a thriving local economy that sees 'local' as the first and best choice, with digital inclusion at the heart of our plans. We do all we can to support residents into jobs that pay fairly and provide families with the opportunities and security they deserve.*
