

Healthier Communities Select Committee

End of administration work programme report

Date: 1 March 2022

Key decision: No.

Class: Part 1

Ward(s) affected: none specific

Contributor: Assistant Chief Executive

Outline and recommendations

The Committee is asked to:

- note the completed work programme for 2021-22 (appendix B)
- reflect on the work programmes for the previous years of the administration (appendix B)
- note the four strategic themes of the borough's recovery plan: 'Future Lewisham' and the Council's corporate priorities for 2018-22
- put forward suggestions for the draft 2022-23 work programme

Timeline of engagement and decision-making

There were 22 meetings of the select committee in the years 2018-22. At each meeting, the Committee discussed, prioritised and agreed the work programme for subsequent meetings.

1. Summary

- 1.1. Local government elections are due to take place in May 2022. This meeting of the Healthier Communities Select Committee is the final scheduled meeting of the municipal year 2021-22 and as such it is also the last of the 2018-22 administration.
- 1.2. Members are asked to note the work that has been completed over the course of the administration – and put forward suggestions for members of the incoming committee in the new administration (2022-26).

2. Recommendation

- 2.1. The Committee is asked to note the completed work programme for 2021-22 – in addition to the completed work programmes in the preceding years – and put forward suggestions for the draft 2022-23 programme.

3. Policy context

- 3.1. The [Corporate Strategy for 2018-2022](#): set out these priorities:
- [Open Lewisham](#) - Lewisham is a welcoming place of safety for all, where we celebrate the diversity that strengthens us.
 - [Tackling the housing crisis](#) - Everyone has a decent home that is secure and affordable.
 - [Giving children and young people the best start in life](#) - Every child has access to an outstanding and inspiring education, and is given the support they need to keep them safe, well and able to achieve their full potential.
 - [Building an inclusive local economy](#) - Everyone can access high-quality job opportunities, with decent pay and security in our thriving and inclusive local economy.
 - [Delivering and defending: health, social care and support](#) - Ensuring everyone receives the health, mental health, social care and support services they need.
 - [Making Lewisham greener](#) - Everyone enjoys our green spaces, and benefits from a healthy environment as we work to protect and improve our local environment.
 - [Building safer communities](#) - Every resident feels safe and secure living here as we work together towards a borough free from the fear of crime.
- 3.2. The Committee should also note and take into account the four strategic themes of the borough's Covid-19 recovery plan, 'Future Lewisham':

3.3. An economically sound future

We are working to get the borough back in business, with a future where everyone has the jobs and skills they need to get the best that London has to offer.

We are a borough with businesses that are adaptable and prepared for change, a thriving local economy that sees 'local' as the first and best choice, with digital inclusion at the heart of our plans. We do all we can to support residents into jobs that pay fairly and provide families with the opportunities and security they deserve.

3.4. A healthy and well future

Good health and wellbeing should be something we can all depend on, something that is equally accessible to everyone.

We know this is much wider than 'medicine' and the NHS. Our health and well-being is also dependent on our housing, the air we breathe, our support networks and more. We will make sure to pay as much attention and invest as much effort into improving these wider factors and taking action on inequality at every turn. Rectifying health inequalities and developing good mental health & wellbeing for everyone drives what we do.

3.5. A greener future

Our next steps will be our greenest yet, continuing our efforts to preserve our climate for future generations and ensuring everyone can enjoy the place we call home.

We will capture and build on the best of what we saw from the increase in walking and cycling locally, and all the other ways our environment benefitted from behaviour changes over the last year. We will nurture and protect the place we call home so that we can continue to appreciate its benefits for generations to come.

3.6. A future we all have a part in

We work together as one borough, within our communities and identities, to harness the power of volunteering and community spirit that has helped get us through the last year.

We will work alongside our strongest asset – our community – to strengthen and enhance our borough for everyone. We achieve more together and being connected and taking an active role in our borough benefits us all. Our year as Borough of Culture 2022 will be Lewisham's best year yet, celebrating our fantastic part of London and providing opportunities for everyone to connect and get involved in our local community.

4. Healthier Communities Select Committee 2018-22

- 4.1. There were 22 formal Committee meetings in the years 2018-22. Meetings lasted for a total of more than 44 hours (with the average meeting lasting just over two hours).

- 4.2. Members considered 63 reports – totalling more than three thousand pages of reading, reporting and analysis.

- 4.3. The Committee's latest finish was in October 2019 – following extended discussions on the issues of: day services; pathology services; health commissioning reforms; and public health funding.
- 4.4. The Committee made 13 referrals to Mayor and Cabinet. See appendix C – for a full list of the Committee's referrals.
- 4.5. Over the course of the administration the Committee has had the same chair and vice-chair – Councillor John Muldoon (2018-22) and Councillor Coral Howard (2018-22)
- 4.6. The coronavirus pandemic resulted in some disruption the committee meeting cycle in early 2020 – but meetings quickly moved online – and subsequently into a 'hybrid' format, with some members attending remotely and some in person.
- 4.7. In the last year of the administration, the scrutiny process was modified as part of the response to the [Local Democracy Review](#). This resulted in the creation of 'task and finish groups' to carry out in-depth scrutiny – and a reduction in the frequency of formal committee meetings.
- 4.8. Nonetheless, the Committee has looked at a number of issues in depth over the course of 2018-22, including:
- 4.9. Migrant charging at Lewisham and Greenwich NHS Trust – 2020-2022
The committee originally expressed concerns in 2019/20 about the arrangements in place at Lewisham and Greenwich NHS Trust's (LGT) for identifying and charging patients who are not eligible for free healthcare. The Trust subsequently set up an independent review of the implementation of national requirements, taking evidence from patients and staff, local, regional and national advocacy groups, and other NHS trusts. The Trust reported back to the committee in September 2021, where the review's final report and recommendations were welcomed.
- 4.10. Adult social care reforms – 2019-2022
The committee has received regular reports on reforms to adult social care throughout the administration. The committee considered information on the council's 'asset-based approach' to adult social care in the context of budget cuts proposals in 2019 and since February 2021 has received regular updates on the outcomes and progress of an external review of the council's adult social care. During its latest update, in September 2021, the committee called for an assessment of the impact of changes on residents receiving a service as well as staff.
- 4.11. Health system recovery – 2020-2022
Following the unprecedented impact of the covid-19 pandemic on local and national health services the committee has closely monitored Lewisham Health and Care Partners plans and progress for recovery. In September 2020 the committee expressed concerns about funding and support from central government to establish a locally-led test a trace system – a change that came into place shortly after. At the most recent update, in January 2022, the committee heard about the impact that subsequent waves of covid-19 have continued to have on the ability of health services to provide all the services they normally would, and the extremely high number of patients who have now been waiting for more than a year for some elective surgery.
- 4.12. Leisure centres performance – 2019-2022
The committee has closely monitored the financial and service performance of the borough's leisure centres since it became apparent that there were persistent performance and cleanliness issues, an increase in complaints and membership numbers reducing. In 2020 the council subsequently agreed to transfer its leisure management contract from Fusion Lifestyle to GLL (Greenwich Leisure Ltd). The committee is due to receive another performance update at this meeting.

4.13. Pathology services – 2018-2020

The committee originally expressed concerns in 2018 about local and national changes to the way pathology services are provided, in particular the provision of pathology services to GPs in Lewisham. The committee also expressed support for Lewisham and Greenwich NHS Trust's (LGT) decision to develop an NHS pathology network in order to maintain local clinical pathways and help keep the NHS public. The committee received a further update in 2020 where it heard that direct access GP services would be transferring from LGT to a new joint partnership between King's College Hospital NHS Foundation Trust and Synlab. The committee requested to receive further updates once the changes have been firmly established.

4.14. Health inequalities – 2019-2021

Another key issue that the committee has closely monitored for some time has been BAME (black and minority ethnic) health inequalities. In 2019 the committee considered mental health inequalities specifically, where it agreed to hold a joint meeting with the Children and Young People Select Committee in order to scrutinise progress. Since the pandemic, and the health inequalities that were experienced during it, the committee has been closely monitoring the council's joint work with Birmingham City Council to tackle health inequalities among the black African and Caribbean communities. The committee requested further information on the nature of the research being carried out as part of this work.

5. Planning for the next administration

5.1. A work programme report will be put forward at the first Healthier Communities Select Committee meeting of 2022-23. The report will take account of the Committee's previous work and will draw on a range of sources for ideas and suggestions, including:

- items suggested by the Committee in the course of the previous year
- items suggested by Council officers
- issues arising as a result of previous scrutiny
- those items that the select committee is required to consider by virtue of its terms of reference

5.2. The new Committee will also need to give consideration to decisions due to be made by Mayor and Cabinet.

5.3. Members are asked to put forward suggestions for the Committee to consider in 2022-23 – having regard to the scrutiny prioritisation process:

Scrutiny work programme – prioritisation process

6. Financial implications

- 6.1. There are no financial implications arising as a result of the implementation of the recommendations in this report.

7. Legal implications

- 7.1. In accordance with the Council's Constitution, all scrutiny select committees must devise and submit a work programme to the Business Panel at the start of each municipal year.

8. Equalities implications

- 8.1. The [Equality Act 2010](#) (The Act) legally protects people from discrimination in the workplace and in wider society. It replaced the previous anti-discrimination laws with a single act, making the law easier to understand and strengthen protection in certain situations. It covers the following nine protected characteristics: age, disability, gender reassignment, marriage and civil partnership, pregnancy and maternity, race, religion or belief, sex and sexual orientation.
- 8.2. The Act also imposes a public sector equality duty. This means that in public bodies, of which this Council is designated, they must consider all individuals in carrying out their

day-to-day work when shaping policy, in delivering services and in relation to their own employees. It also requires public bodies to:

- Have due regard to the need to eliminate discrimination
- Advance equality of opportunity
- Foster good relations between different people when carrying out their activities

8.3. The Council recognises diversity is one of its strengths and is committed to creating a more inclusive community. Therefore, having due regard to the Act, is confirmation of the Council's commitment to eliminating all forms of discrimination against any group within the community and to actively promote an equality of opportunity and positive community partnership.

8.4. The delivery of the Council's equalities objectives is to be achieved through the delivery of all of the Council's strategies, plans and procedures. As such, all select committees and other scrutiny bodies, when planning their work and scrutinising items, bear in mind the delivery of the Council's equality objectives.

8.5. Scrutiny tries to make sure that its work reflects the diversity of Lewisham's communities and that the views of residents are fairly represented in scrutiny processes. Any recommendations arising from scrutiny work support the Council's corporate strategy and reflect the needs of local residents

9. Climate change and environmental implications

9.1. There are no direct climate change or environmental implications arising from the implementation of the recommendation in this report. However, in February 2019 Lewisham Council declared a Climate Emergency and proposed a target to make the borough carbon neutral by 2030. Items on the work programme will have climate change and environmental implications and all reports considered by the Committee should acknowledge this.

9.2. At the Overview and Scrutiny Committee meeting held on 30 November 2021, it was recommended that each select committee should appoint a climate change champion to ensure that (a) the annual work programme takes climate change matters into account; and (b) officers are given appropriate steers in relation to the reports for specific items, to ensure they include relevant climate change considerations. The Committee considered this recommendation at its meeting in January 2022 and appointed Cllr Leo Gibbons to this important role.

10. Crime and disorder implications

10.1. There are no crime and disorder implications arising from the implementation of the recommendations in this report.

11. Health and wellbeing implications

11.1. There are no health and wellbeing implications arising as a result of the implementation of the recommendations in this report.

12. Background papers

- Appendix A –select committee terms of reference
- Appendix B – completed select committee work programmes 2018-22
- Appendix C – select committee referrals to Mayor and Cabinet 2018-22

Appendix A - Select Committee terms of reference

The following roles are common to all select committees:

(a) General functions

- To review and scrutinise decisions made and actions taken in relation to executive and non-executive functions
- To make reports and recommendations to the Council or the executive, arising out of such review and scrutiny in relation to any executive or non-executive function
- To make reports or recommendations to the Council and/or Executive in relation to matters affecting the area or its residents
- The right to require the attendance of members and officers to answer questions includes a right to require a member to attend to answer questions on up and coming decisions

(b) Policy development

- To assist the executive in matters of policy development by in depth analysis of strategic policy issues facing the Council for report and/or recommendation to the Executive or Council or committee as appropriate
- To conduct research, community and/or other consultation in the analysis of policy options available to the Council
- To liaise with other public organisations operating in the borough – both national, regional and local, to ensure that the interests of local people are enhanced by collaborative working in policy development wherever possible

(c) Scrutiny

- To scrutinise the decisions made by and the performance of the Executive and other committees and Council officers both in relation to individual decisions made and over time
- To scrutinise previous performance of the Council in relation to its policy objectives/performance targets and/or particular service areas
- To question members of the Executive or appropriate committees and executive directors personally about decisions
- To question members of the Executive or appropriate committees and executive directors in relation to previous performance whether generally in comparison with service plans and targets over time or in relation to particular initiatives which have been implemented
- To scrutinise the performance of other public bodies in the borough and to invite them to make reports to and/or address the select committee/Business Panel and local people about their activities and performance
- To question and gather evidence from any person outside the Council (with their consent)
- To make recommendations to the Executive or appropriate committee and/or Council arising from the outcome of the scrutiny process

(d) Community representation

- To promote and put into effect closer links between overview and scrutiny members and the local community
- To encourage and stimulate an enhanced community representative role for overview and scrutiny members including enhanced methods of consultation with local people
- To liaise with the Council's ward assemblies so that the local community might participate in the democratic process and where it considers it appropriate to seek the views of the ward assemblies on matters that affect or are likely to affect the local areas, including accepting items for the agenda of the appropriate select committee from ward assemblies.
- To keep the Council's local ward assemblies under review and to make recommendations to the Executive and/or Council as to how participation in the democratic process by local

people can be enhanced

- To receive petitions, deputations and representations from local people and other stakeholders about areas of concern within their overview and scrutiny remit, to refer them to the Executive, appropriate committee or officer for action, with a recommendation or report if the committee considers that necessary
- To consider any referral within their remit referred to it by a member under the Councillor Call for Action, and if they consider it appropriate to scrutinise decisions and/or actions taken in relation to that matter, and/or make recommendations/report to the Executive (for executive matters) or the Council (non-executive matters).

(e) Finance

- To exercise overall responsibility for finances made available to it for use in the performance of its overview and scrutiny function.

(f) Work programme

- As far as possible to draw up a draft annual work programme in each municipal year for consideration by the overview and scrutiny Business Panel. Once approved by the Business Panel, the relevant select committee will implement the programme during that municipal year. Nothing in this arrangement inhibits the right of every member of a select committee (or the Business Panel) to place an item on the agenda of that select committee (or Business Panel respectively) for discussion.
- The Council and the Executive will also be able to request that the overview and scrutiny select committee research and/or report on matters of concern and the select committee will consider whether the work can be carried out as requested. If it can be accommodated, the select committee will perform it. If the committee has reservations about performing the requested work, it will refer the matter to the Business Panel for decision.

Healthier Communities has specific responsibilities for the following:

- a) To fulfill all of the Overview and Scrutiny functions in relation to the provision of service by and performance of health bodies providing services for local people. These functions shall include all powers in relation to health matters given to the Council's Overview and Scrutiny Committee by any legislation but in particular the NHS Act 2006 as amended, the Health and Social Care Act 2012, the Care Act 2014 and regulations made under that legislation, and any other legislation in force from time to time. For the avoidance of doubt, however, decisions to refer matters to the Secretary of State in circumstances where a health body proposes significant development or significant variation of service may only be made by full Council.
- b) To review and scrutinise the decisions and actions of the Health and Wellbeing Board and to make reports and recommendations to the Council and/or Mayor and Cabinet.
- c) To review and scrutinise in accordance with regulations made under Section 244 NHS Act 2006 matters relating to the health service in the area and to make reports and recommendations on such matters in accordance with those regulations
- d) Require the attendance of representatives of relevant health bodies at meetings of the select committee to address it, answer questions and listen to the comments of local people on matters of local concern.
- e) With the exception of matters pertaining to the Council's duty in relation to special educational needs, to fulfill all of the Council's Overview and Scrutiny functions in relation to social services provided for those 19 years old or older including but not limited to services provided under the Local Authority Social Services Act 1970, Children Act 2004, National Assistance Act 1948, Mental Health Act 1983, NHS and Community Care Act 1990, NHS Act 2006, Health and Social Care Act 2012 and any other relevant legislation in place from time to time.
- f) To fulfill all of the Council's Overview and Scrutiny functions in relation to the lifelong learning

of those 19 years or over (excluding schools and school related services).

- g) To receive referrals from the Healthwatch and consider whether to make any report/recommendation in relation to such referral (unless the referral relates solely to health services for those aged under 19 years of age, in which case the referral from the Healthwatch should be referred to the Children and Young People Select Committee .
- h) To review and scrutinise the Council's public health functions.
- i) Without limiting the remit of this Select Committee, its terms of reference shall include Overview and Scrutiny functions in relation to: people with learning difficulties; people with physical disabilities; mental health services; the provision of health services by those other than the Council; provision for elderly people; the use of Section 75 NHS Act 2006 flexibilities to provide services in partnership with health organisations; lifelong learning of those aged 19 years or more (excluding schools and school related services); Community Education Lewisham; other matters relating to Health and Adult Care and Lifelong Learning for those aged 19 years or over.
- j) Without limiting the remit of the Select Committee, to hold the Executive to account for its performance in relation to the delivery of Council objectives in the provision of adult services and health and lifelong learning.

NB In the event of there being overlap between the terms of reference of this select committee and those of the Children and Young People Select Committee, the Business Panel shall determine the Select Committee which shall deal with the matter in question.
